The Home Renovation Rebate Program and CleanBC Home Efficiency Rebates is administered by FortisBC Energy Inc, BC Hydro, and the Province of British Columbia. To be eligible for rebates under the program, each applicant and each upgrade must satisfy the eligibility and other requirements set out in these terms and conditions. The listed pricing of projected rebates is provided as reference only. Rebate amounts are subject to revision and will be paid (by others) in accordance with the rebate amounts available on the purchase date of the upgrade as indicated by the invoice date. Egnite Sustainability Inc. is not responsible for submitting applications or providing financial compensation of listed rebates.
