

Lesson 12

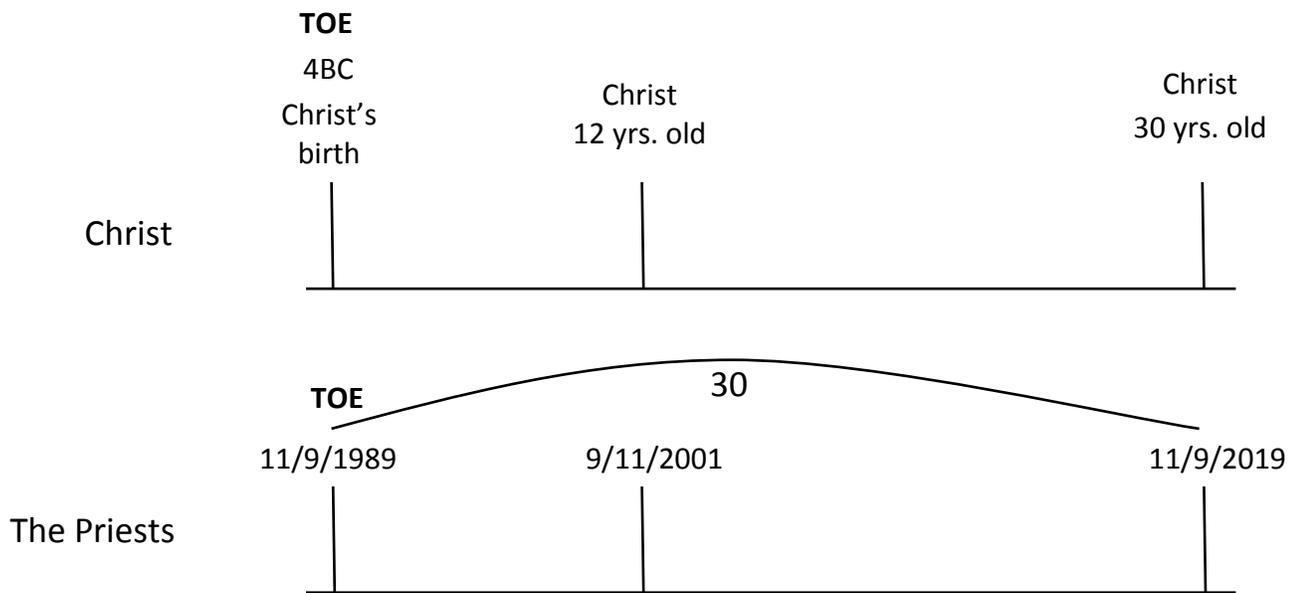

YPG 2019 Revision

- **Lesson 1- October 13, 2019**
 - Christ and November 9th
- **Lesson 2- October 20, 2019**
 - Christ-- Palmoni and 2019
- **Lesson 3- October 27, 2019**
 - Two Streams
- **Lesson 4- November 3, 2019**
 - Revolutions and the 9th of November
- **Lesson 5- November 10, 2019**
 - The Fulfillment of Daniel 11 and Pyrrhus
- **Lesson 6- November 17, 2019**
 - The New World Order
- **Lesson 7- November 24, 2019**
 - The Repeating Pattern
- **Lesson 8- December 1, 2019**
 - Parables
- **Lesson 9- December 8, 2019**
 - The *Satanic* Counterfeit
- **Lesson 10- December 15, 2019**
 - In God We Trust
- **Lesson 11- December 22, 2019**
 - Comparing the Omega Lines

This week we will be reviewing the first twelve YPG lessons to close off this year.

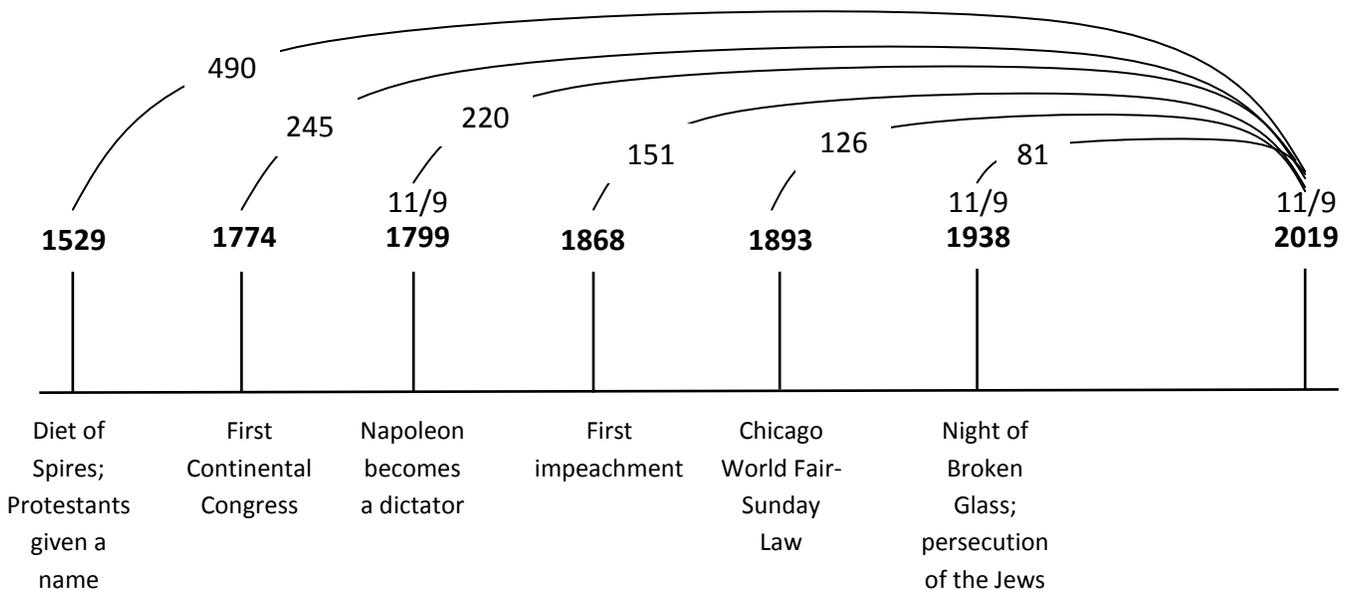

Christ and November 9

When Christ's reform line is compared with the priests' reform line we can see a pattern. Christ's line began with the Time of the End which was His birth in 4BC; we line this up with the fall of the Berlin wall in 1989, which was our Time of the End. When Christ was 12 years old (which would be 12 years from 4BC) He visited the temple in Jerusalem for the first time. Twelve years from 1989 took us to 9/11, this waymark correctly lines up with Christ in the Temple. Lastly, Christ's baptism in the year AD 27 lines up with November 9, 2019. Both Christ and the priests turned thirty years old at that waymark. A Priest begins their ministry at thirty years old; like Christ who was a Priest, we began our ministry at November 9, 2019. So, we saw that our line (the priests') when compared to Christ's teaches us about our history.

Christ--Palmoni and 2019

Our movement uses many numbers that have prophetic significance as time periods to learn more about our history. Our movement predicted what was to come in 2019 by applying many of these numbers. We discussed several of those numbers: 490, 245, 220, 151, 126, and 81. The first time period was the 490 which pointed us back to the Diet of Spires in 1529. This showed us that we would be given a name in 2019. Next was the 245 (half of the 490) that pointed us back to 1774 and the first Continental Congress. At that time the US government was being formed and the time period showed us that in 2019 it would be overturned, and that is taking place. The 220 time period took us back to November 9, 1799 when we saw Napoleon becoming a dictator. This told us that in 2019 Donald Trump would become more of a dictator. Next was the 151 which took us back to 1868 with the first presidential impeachment, this meant that in 2019 Trump would be impeached. And on December 18, 2019, Trump was officially impeached. Next was the 126 which pointed us back to 1893 and the Chicago World Fair- which was connected to a Sunday law. According to the time period, church and state would come together in 2019. We can see that happening. Lastly was the 81 which took us to November 9, 1938, which was the Night of Broken Glass, this showed that there would be persecution of minorities in 2019. The events that took place this year, 2019, were fulfillments of these time periods.

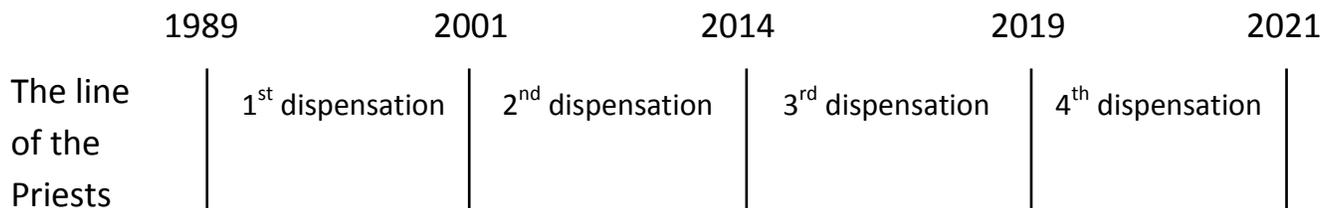

Two Streams

In each dispensation God opens up truth to His people, but Satan also sets forth error; this creates two streams: one of truth and the other of error. We discussed the two streams; both streams have an internal and external aspect as well.

In the dispensation of 1989 to 2001, we saw the internal true stream: Daniel 11:40-45, line upon line, and a new leadership and new movement. The internal false stream was: reject Daniel 11:40-45 and line upon line, no new movement or new leadership. The external true stream was: the Soviet Union actually fell and the false external stream was that the USSR faked its own fall.

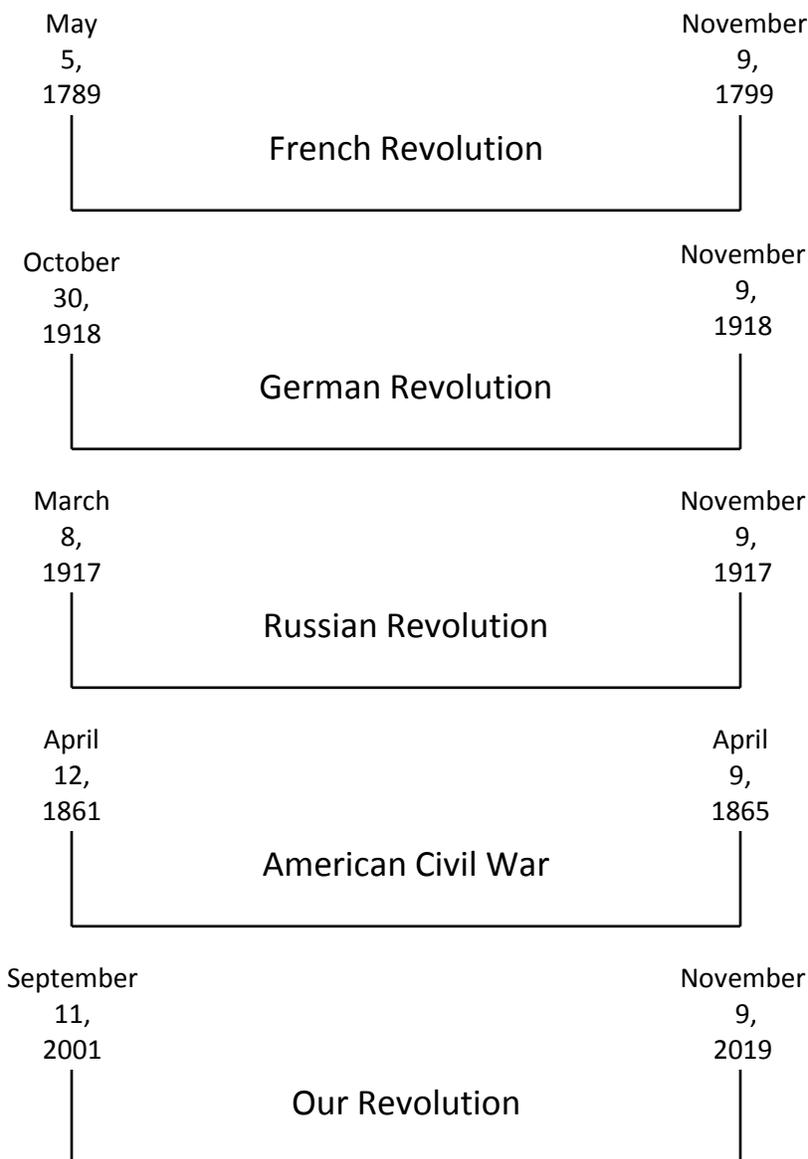

Next was the dispensation of 2001 to 2014. The true internal stream was: the 2520, the 126, time setting, and a new messenger. The false internal stream was: no 2520, no time setting, and no new messenger. The true external stream was: 9/11 was carried out by Al Qaeda, and President Obama was a good president. The false external stream was: 9/11 was carried out by George Bush and the CIA and that a missile hit the Pentagon.

Lastly was the dispensation from 2014 to 2019. The true internal stream was: the Midnight Cry message, the new leadership, and the Movement. The false internal stream was: Future for America, a “Thus saith the Lord”, and no new leadership. The true external stream was: Hillary Clinton, the Democratic Party, liberals, and CNN (among other liberal news sources). The false external stream was: Donald Trump, the Republican Party, conservatives, Fox News (among other conservative news sources), and Conspiracy theories. And there will also be two streams in our current dispensation from 2019 to 2021.

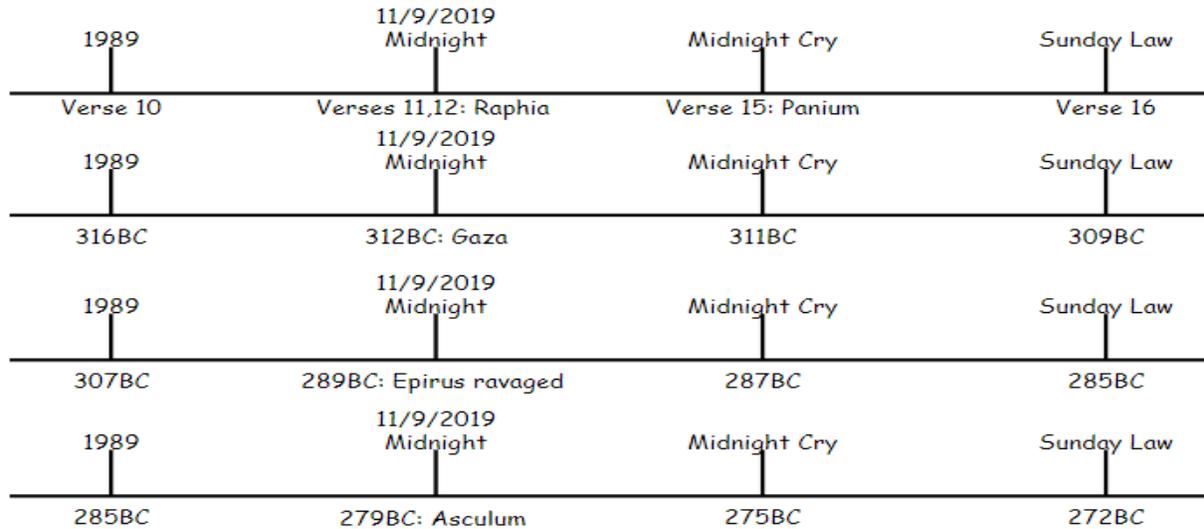

Revolutions and the 9th of November

In the lesson on revolutions we understood that November 9th was an important date that was connected to our history. We started off with the French Revolution; it began in 1789 when Robespierre overthrew the monarchy and ended on November 9, 1799 when Napoleon overthrew the French government and established himself as a dictator. Next we looked at the German Revolution; it began on October 30, 1918 when the German sailors mutinied and it went to November 9, 1918 when the Kaiser abdicated, ending the German monarchy. Then we looked at the Russian Revolution; it began on March 8, 1917 with strikes and protests, and ended on November 9, 1917 when Lenin censored the free press making himself a dictator. The American Civil War was the next line and it began on April 12, 1861 when Confederate soldiers attacked Union soldiers and ended on April 9, 1865 when the Confederates surrendered to the Union, and Abraham Lincoln died. Lastly, we looked at the revolution in our time that began September 11, 2001 and ended November 9, 2019 about this time Trump restrained the press and his establishment as a dictator was strengthened. The historical revolutions in France, Germany, and Russia ended on November 9 in their history which helped point us to this same date in our history.

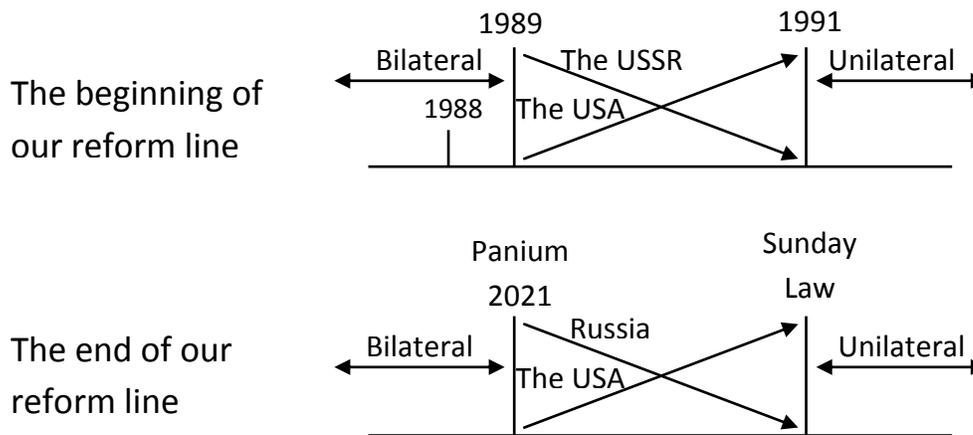

The Fulfillment of Daniel 11 and Pyrrhus

Our movement predicted that a battle between the USA and Russia would take place around November 9, 2019. We lined this battle which we called "Raphia" up with four events in history: the battle of Raphia, the battle of Gaza, the Ravaging of Epirus, and the battle of Asculum. These were all prophetic victories for the King of the South and the conclusion was made that the King of the South, Russia, would defeat the King of the North, the USA around November 9, 2019. In the events that happened around November 9, 2019, we saw the battle of Raphia fulfilled. Turkey, Saudi Arabia, and the Kurds, all of whom had before only worked with the USA, began working with Russia. This was a loss of the USA's spheres of influence and a victory for the King of the South, Putin.

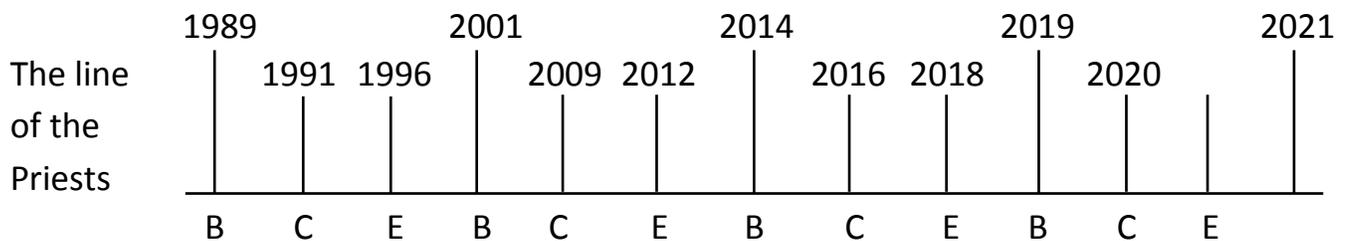

The New World Order

The phrase “New World Order” goes back to the 1980s. During that time, the world was bilateral, which means there were two world superpowers, the USA and USSR. The USSR had been the only thing restraining the USA, and since the USSR was falling, Gorbachev (the leader of the USSR) feared a unilateral world, that is, a world completely subjected to one country, in this case the USA. To fix this problem, Gorbachev introduced the “New World Order”, he planned to give more power to the United Nations (multilateralism) and therefore have every country work together; unfortunately this failed. Afterward, the then President of the USA, George H. W. Bush, took Gorbachev’s phrase and twisted it, he changed it to mean what Gorbachev feared, unilateralism. George Bush’s big demonstration of this was the 1st Iraq War. Bush, who had nothing to do with the wars in the Middle East, attacked Iraq simply because he didn't like them having the power they had; this is unilateralism. After George H. W. Bush served as president, years later his son George W. Bush also served as president. He had the same unilateral mindset as George H. W. Bush and demonstrated it in almost the same exact way: another Iraq War. Just like the first Iraq War George W. Bush bombed Iraq for no reason, that’s unilateralism. Today we are in a bilateral world, but not for long. Donald J. Trump has the same unilateral ideas as the Bushes and after the battle of Panium in 2021- where Putin is defeated, he plans on taking over the World.

The Repeating pattern

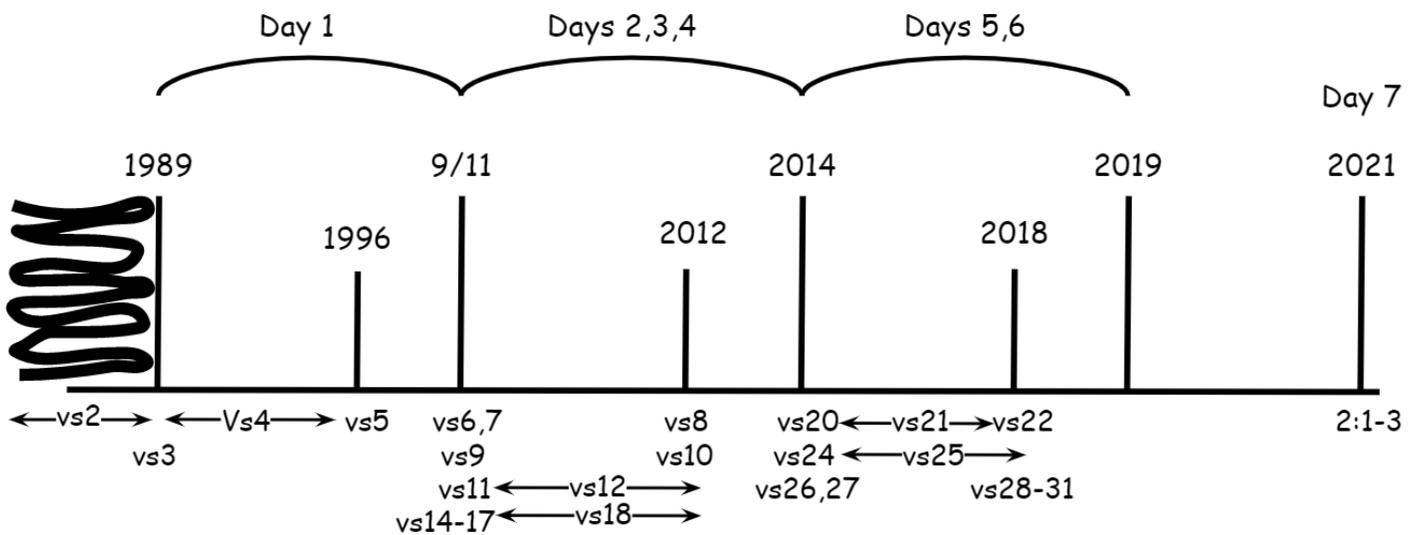

There is a repeating pattern that occurs in every dispensation, we saw this pattern on the Millerite reform line and the 144,000's. Samuel Snow first presented the Midnight Cry message in Boston on July 21, 1844. Next he presented the message in Concord on August 1, 1844, and lastly his message was raised to its climax in Exeter on August 15, 1844. Also, on the Millerite line, 1798 represents the unsealing of a message- Boston. The Increase of knowledge in 1818 lines up with Concord, and the formalization of 1833 is seen as Exeter. On the 144,000 line the waymarks of the Close of Probation, Death decree, and God speaking the day and hour lines up with the same pattern: Boston, Concord, and Exeter. So we see the pattern is clear. It could be titled the unsealing, the increase of knowledge, and the formalization, or Boston, Concord, and Exeter; three witnesses to establish the repeating pattern. After the formalization, God's people are tested on the message that was formalized. So, in every dispensation the pattern is, a message is unsealed, which is Boston, then God's people have an Increase of knowledge on that message, which is Concord, next the message is formalized at Exeter, and lastly there is a test on that message.

Parables

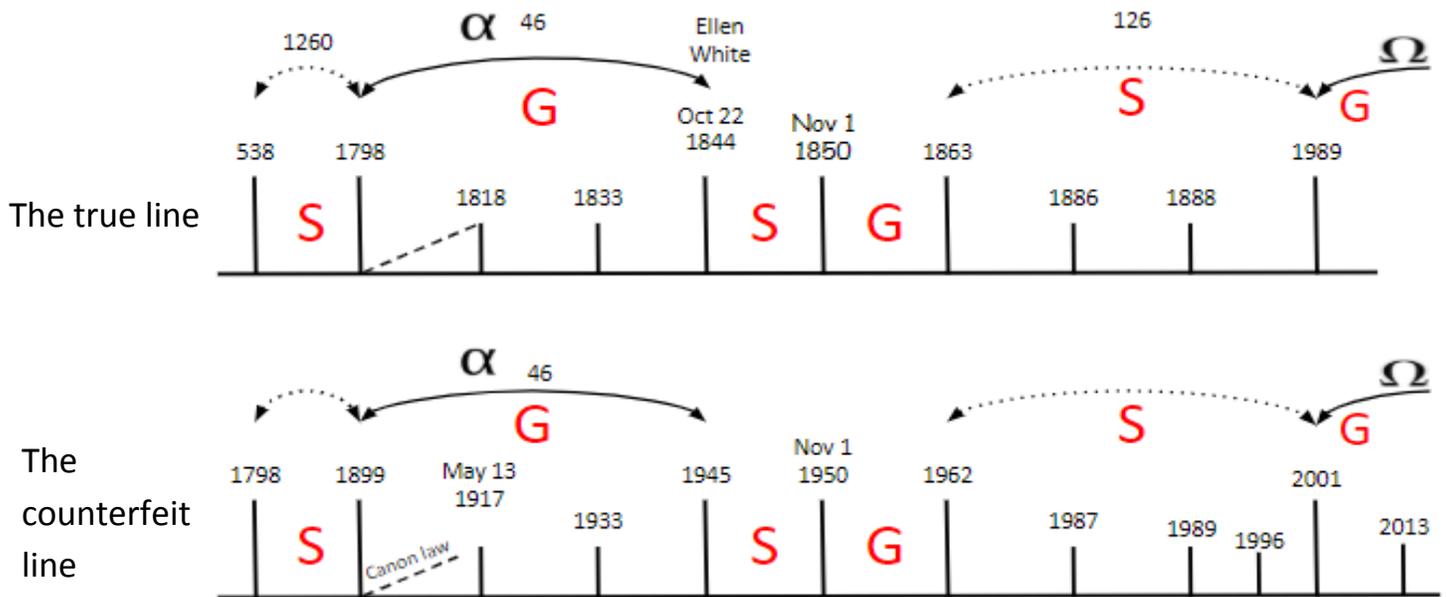

Parables were the method that Christ used to teach spiritual things to His disciples and the multitudes during his ministry, and we are to also learn and teach through parables. Here are some types of parables:

- Juxtaposition-example verses: Matthew 6:28, 29 and Matthew 12:40
- Compare and Contrast- example verses: Psalms 1:1, 3 and Proverbs 11:1
- Natural to Spiritual-example verse: Luke 13:18, 19 and 1 Corinthians 15:44-46
- Repeat and Enlarge-example verses: Psalms 32:1 and Genesis 41:1-7
- Chiasms-example verses: Genesis 31:1 and Romans 2:7-10
- Alpha and Omega-example verses: Matthew 12:43-45 and 2 Peter 3:6, 7.
- Triple Application of Prophecy-examples: the three Woes and the World Wars
- Line upon line-examples: Millerite, Priests, and creation story reform lines

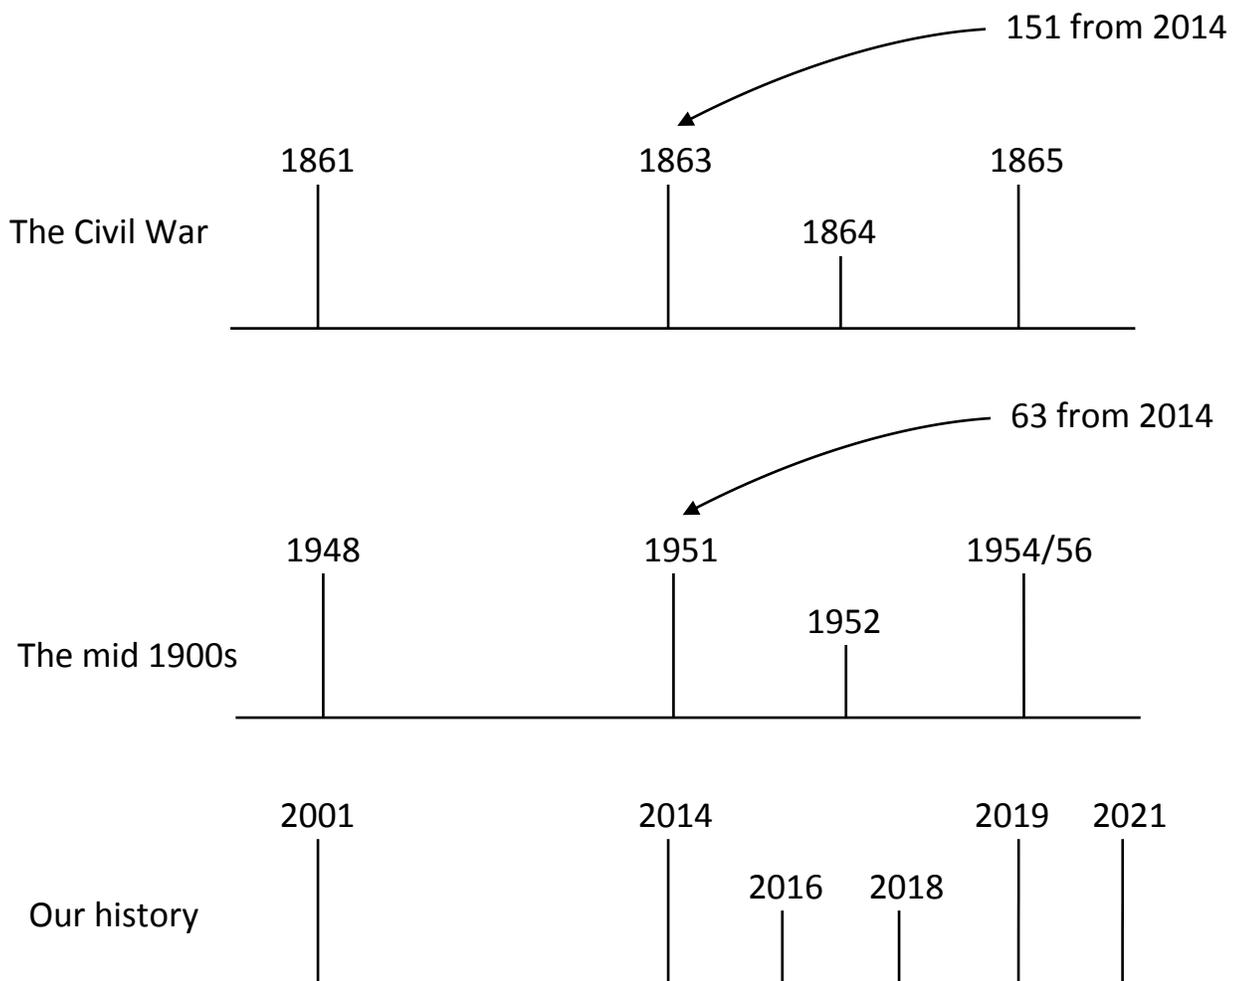

The Satanic Counterfeit

Since his fall, Satan and his followers have fought against Christ and His followers; this war is a proxy war. Christ has a church and Satan has a church. When we line up the histories of the two churches we discover how Satan counterfeits Christ. We can look at Christ's church, the true, which began with a scattering time from 538 to 1798. Next was a gathering time from 1798 to October 22, 1844. After October 22nd a scattering time occurred until November 1, 1850, which then began a gathering time until 1863. Then started another scattering which lasted until 1989. Another gathering time began after 1989 that marks the priests' Time of the End. Then we looked at the counterfeit line. It begins with a scattering time from 1798 to 1899. A gathering time began in 1899 and went to 1945. Next there was a scattering from 1945 to November 1, 1950. After that was a gathering time until 1962. Then a scattering time began until 2001. Lastly, a gathering time began in 2001 for the counterfeit. Comparing and contrasting the True and the Counterfeit shows just how close Satan is watching and how he has closely resembled the truth.

“In God We Trust”

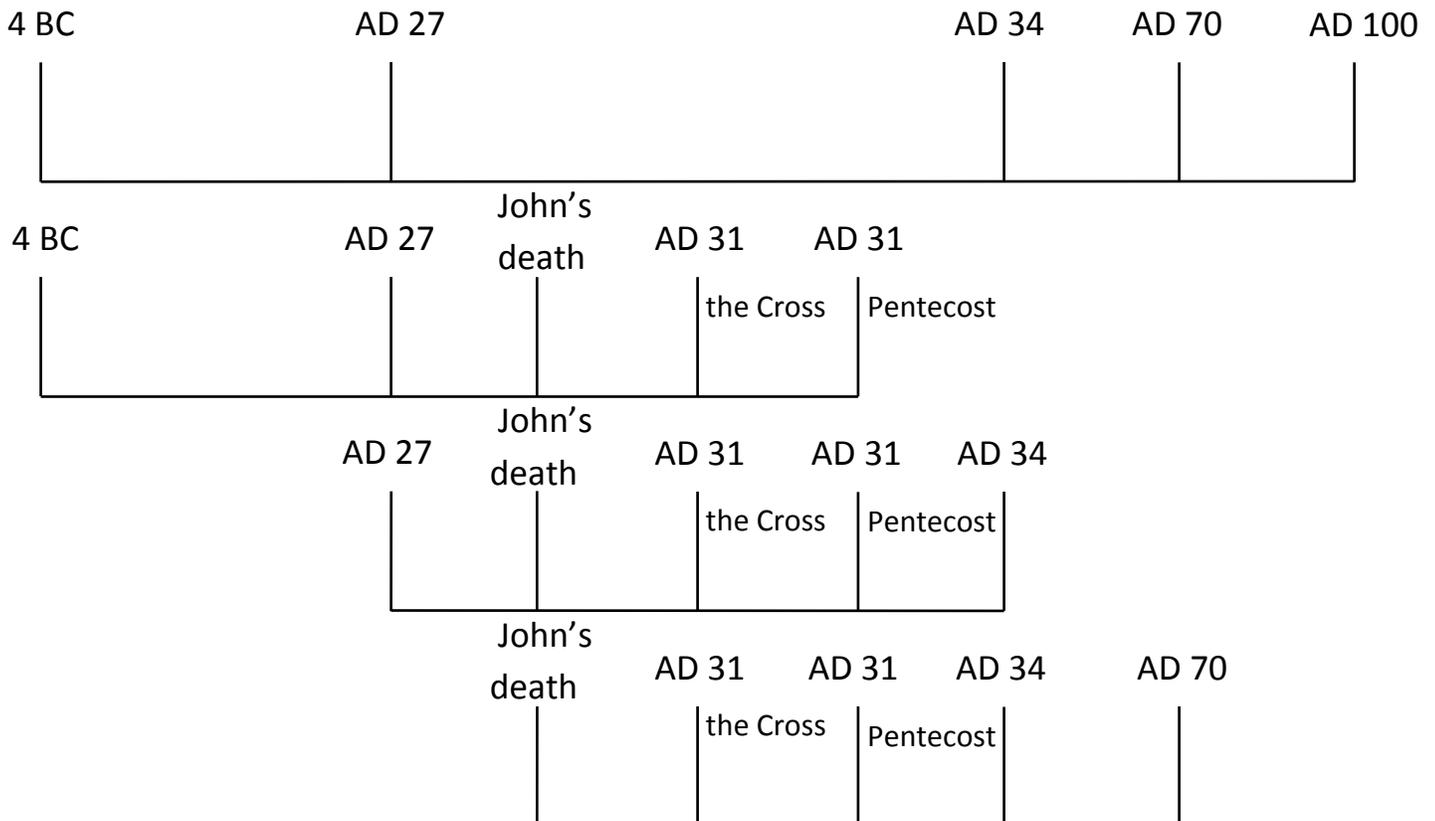

As we examine the history of the United States we see that the phrases “In God We Trust” and “under God” were inserted into secular society in order to promote the agenda of conservative Christianity. We look first at the history of the American Civil War. In 1861 we see the churches calling for a religious inscription on US money. In 1863 “In God We Trust” was chosen as the phrase to be stamped on coins, and in 1864 “In God We Trust” was first stamped on coins. Then in 1865 it was stamped on all coins. Next we looked at the history from 1948 to 1956. In 1948 the Sons of the American Revolution added “under God” to the pledge of allegiance. In 1951 the Knights of Columbus began doing the same thing, and in 1952 they asked the government to officially add “under God” to the pledge. So, in 1954 “under God” was officially added to the pledge of allegiance. Also “In God We Trust” became the nation motto of the United States in 1956. Lastly, we looked at the history from 2001 to 2021. In 2001 “In God We Trust” was put in many public schools. In 2014, a United States court declared that “In God We Trust” does not have a religious purpose when it is on money, even though it does. Donald Trump became the president and Project Blitz was created in 2016. In 2018, Project Blitz worked harder to pass bills that would recognize God in public areas. Trump also passed bills that allowed public places to discriminate based on their religious beliefs. In 2019 “In God We Trust” was pasted on police and fire vehicles in Bakersfield, California, being just one of the things that those pushing church and state have done. And finally, in 2021, we will see a greater push for “In God We Trust” and church and state even more.

Comparing the Omega Lines

The Omega lines are lines of success and we compared the omega line of Christ to the omega line of the 144,000; these two reform lines should be identical since they're both omega histories. We began by a quick overview of the reform line on the 144,000: 1989, 9/11, Sunday Law, Close of Probation, and the Second Advent. Next we reviewed the line of the Priests: 1989, 9/11, 2014, 2019, and 2021. Then we reviewed the line of the Levites: 9/11, 2014, 2019, 2021, and the Sunday Law. Lastly, we reviewed the line of the Nethinims: 2014, 2019, 2021, the Sunday Law, and the Close of Probation.

Next we looked at the line of Christ: His birth in 4 BC, His baptism in AD 27, the stoning of Stephen in AD 34, the destruction of Jerusalem in AD 70, and the second coming to John in AD 100. Then we looked at the line of the disciples: 4 BC, AD 27, John the Baptist's death, the cross in AD 31, and Pentecost in the same year. Next we looked at the line of the Jews: AD 27, John the Baptist's death, the cross in AD 31, Pentecost, and AD 34. Lastly, we looked at the line of the Gentiles: John the Baptist's death, the cross in AD 31, Pentecost, AD 34, and AD 70. After comparing all the lines we see that these two omega histories and their fractals line up perfectly indeed.
