Priests' Line

Our line is broken up into what we call dispensations, and in each dispensation God opens up truth. But there is not just truth, there is also error: two messages, one fully right and one fully wrong. “Ever since the fall of man, Satan has been sowing the seeds of error. It was by a lie that he first gained control over men, and thus he still works to overthrow God’s kingdom in the earth and to bring men under his power. ... Ever since the fall of man, Christ had been the Revealer of truth to the world. By Him the incorruptible seed, ‘the word of God, which liveth and abideth forever,’ is communicated to men. 1 Peter 1:23.” *Christ Object Lessons* 37.1 We call these two messages two streams. This is a new phrase but not a new concept; in *The Time of the End* magazine we see the beginning of this movement’s understanding of the two streams.

“The light that Daniel received from God was given especially for these last days. The visions he saw by the banks of the Ulai and the Hiddekel, the great rivers of Shinar, are now in process of fulfillment, and all the events foretold will soon come to pass.’ *Testimonies to Ministers* 112.2. ...Two rivers flowing to two symbolic bodies of water- the Ulai to the sea of glass; the Hiddekel to the lake of fire. Two visions presenting both the story of the redeemed and the story of the lost. As these rivers flow into the sea their messages cross the boundary line of human probation- forever separating the righteous and the wicked.” *The Time of the End* page 5

The two streams, the Ulai bearing truth and the Hiddekel bearing error, lead us to two different endings. In our history we have two internal streams as well as two external. The internal streams are what is happening within the movement but the external streams are the events that are going on in the world around us.

1989-2001: First Dispensation for the Priests

True Internal Stream: Daniel 11:40-45
Line upon line
New leadership
New movement

Daniel 11:40-45 was unsealed at the Time of the End (1989). The Lord began to reveal to this movement light that had never shone before. He taught us also the methodology of line upon line (Isaiah 28:10). God's servant, Jeff Pippenger, that was raised up during this dispensation was opposed by the SDA church. He was teaching new light from the word of God, and this was distancing him from their established teachings which in turn started a new movement that he was in charge of.

False Internal Stream: No new movement
No new leadership

During this same time the SDA church believed that they held the correct position on Daniel 11. So when Jeff Pippenger taught his understanding there wasn't agreement. Therefore, the SDA church saw no new leadership in him. They also believed in a literal reading of Sister White saying they should not separate from the church.

True External Stream: USSR collapsed

The USSR collapsed due to internal strife. Soviet citizens often were without access to their needs, such as clothing. There was the extremely wealthy and the extremely poor. Political revolutions sparked in the country and led to the Berlin Wall falling on November 9, 1989, and the total collapse of the USSR on December 26, 1991 when Gorbachev resigned.

False External Stream: USSR organized a fake collapse

Some people believe the USSR organized its own collapse in order to take attention off of them, so they can fall into insignificance and then come back when no one is paying attention.

The Dispensational Test: Daniel 11:40-45
Line upon line
New movement
Leadership

2001-2014: Second Dispensation for the Priests

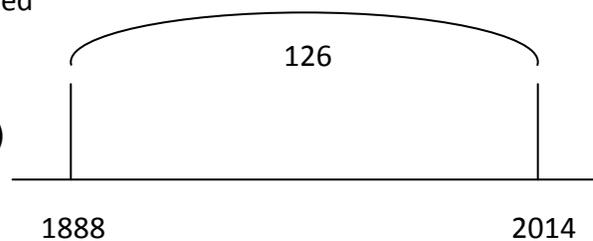

True Internal Stream: 2520

126

Time

New messenger

During this dispensation the subject of the 2520 was revealed to this movement; then it opened up an understanding that the number 2520 can also be understood as 126. This light came from Daniel 5:25 "And this was the writing that was written MENE, MENE, TEKEL, UPHARSIN." Taking these words and converting them to monetary values (shekels) will give you the sum of 126 when added together. Then using 126 as a symbol, time was predicted. Beginning in 1888, with an attempted Sunday Law, and projecting 126 years into the future, you come to 2014, which, in 2012, was predicted to be a Sunday Law. Time setting then entered this dispensation and there was a new messenger: Elder Parminder Biant (the one who predicted the Sunday Law.)

False Internal Stream: No 2520

No Time

No new messenger

The SDA church does not agree with this movement's understanding of the 2520. They do not acknowledge that the 2520 is a prophetic number. The SDA church still holds to a literal reading of Sister White's quotes regarding that "there should be time no longer." But within the movement itself opposition was raised up (Jeff Pippenger) stating that the Sunday law prediction was false: discrediting the prediction as well as the messenger proclaiming it.

True External Stream: Al-Qaeda (a radical Islamic group) attacked the United States

President Barack Obama

Al-Qaeda was indeed the culprit who attacked the United States on September 11, 2001. It was proven that individuals from their group were the hijackers that took control of several airplanes and caused terror to arise in the hearts of the American people by crashing them into buildings.

President Barack Obama was a good leader of the United States, who kept church and state separate (upholding the constitution) during his two terms in office.

False External Stream: President George Bush and the CIA orchestrated the 9/11 attacks

A missile hit the Pentagon instead of an airplane

A false theory that has been spread about the terrorist attack on 9/11 is that President George Bush with the CIA carried out the attacks. Also, that the Pentagon was not hit by an Al-Qaeda hijacked airplane but by a missile.

The Dispensational Test: Time setting

Leadership

2014-2019: The Third Dispensation for the Priests

True Internal Stream: Midnight Cry message

New leadership

The Movement

In this dispensation, now, the true stream is the Midnight Cry message that began to be given in October of 2018 by Elder Tess Lambert. There is also a new leadership: Elder Parminder and Elder Tess; and since the shaking of Future for America there is a true movement- the one under the before mentioned elders.

False Internal Stream: Future for America

No new leadership

“Thus saith the Lord”

The shaking that has just occurred in late August of this year was due to Future for America, under the leadership of Jeff Pippenger, separating from the movement. They have entered upon a journey down the wrong stream. They do not acknowledge the new leadership that the Lord has set up, or agree with the correct methodology, nor the application of the Midnight Cry message’s lines. Future for American holds to an incorrect interpretation of the Bible, as they would say a “Thus saith the Lord.”

True External Stream: Hillary Clinton

Democratic Party

Liberals

CNN

During the 2016 presidential election Hillary Clinton ran for president. Clinton stood as a representative for the whole Democratic Party. The Democrats are a party that upholds the United States Constitution, which is a prophetic document. They are also liberals; they don’t conserve false views and conspiracy theories. Therefore if we want to know what the good stream of information is we just need to find a liberal, democratic source; CNN is one of them.

False External Stream: President Donald Trump
Republican Party
Conservatives
FOX
Conspiracy theories

This false stream is based on conspiracy theories: lies. Flowing down the false stream is Trump, Republicans, Conservatives and Fox News. Why, you ask? Because Trump and Fox News promote conspiracy theories, for one, and the Republicans believe in the combination of church and state with the church in control. These ideas are from the wrong stream.

The Dispensational Test: Leadership
Racism
Gender inequality
Conspiracy theories

Conspiracy theories are one part of our test that we need to pass before November 9th. But, what are they? They're explanations of an event or situation that involves a secret plan or agreement between two parties for an unlawful or harmful purpose, often for political reasons. In other words, Conspiracy theories are lies.

Examples of Conspiracy theories: Vaccines
Climate change
Flat Earth
Chemtrails
Moon landing
President Obama's birth certificate
