

## Lesson 9

### THE *SATANIC* COUNTERFEIT

- Modern Israel- The true
- Modern Babylon- The Counterfeit

Ever since the fall of Satan, he and Christ have been at war, and after the fall of man, Satan and Christ have been fighting a proxy war. A proxy war is where two parties fight through other people, they don't fight directly. Christ and Satan fight through humans, and since Christ is Satan's example on how to fight, Satan counterfeits Christ and how He fights. Christ fights through His church, so Satan must also fight through a church, Satan's church is the Catholic Church, and in what has happened to the Catholic Church we see a direct counterfeit to the true church.

We are in the history of Modern Israel (the true church) and it has an alpha and omega history. We see Modern Israel counterfeited in Modern Babylon which is the Papacy of today, Modern Babylon also has an alpha and omega history.

## **Modern Israel- the True**

### **538**

The year 538 was the beginning of the scattering time that extended 1260 years ending in 1798.

### **1798- The beginning of the alpha history of Modern Israel**

In 1798, the time of the end, William Miller began to be raised up to take over the Protestant Church leadership. The gathering of God's people also began, after 1260 years of scattering.

### **1818**

William Miller began studying the Bible in 1816 and concluded his studies in 1818; these dates were the Increase of Knowledge for the Millerites. One of Miller's conclusions was that the Second Coming would take place in about 25 years.

### **1833**

In 1833 William Miller got his credentials to preach. He began to preach the message he had been given. His message was formalized and from then on he traveled and taught it.

### **1844- The end of the alpha history of Modern Israel**

The Millerites were disappointed on October 22, 1844 when their prediction of the Second Coming didn't come to pass. This disappointment proved to be a failure on their line which in turn began another scattering time.

## November 1, 1850

On November 1, 1850 Ellen G. White said that God was again gathering His people. She pointed the church back to the Millerite history- the 1843 chart and said that it was correct. Also Ellen White said that they needed another chart and the 1850 chart was made.

## 1863

The Millerites organized and became the Seventh-day Adventist Church, which was a good thing. A new chart was created this year by James White that excluded the 2520. This is when the 2520 was rejected and the people were scattered.

## 1886

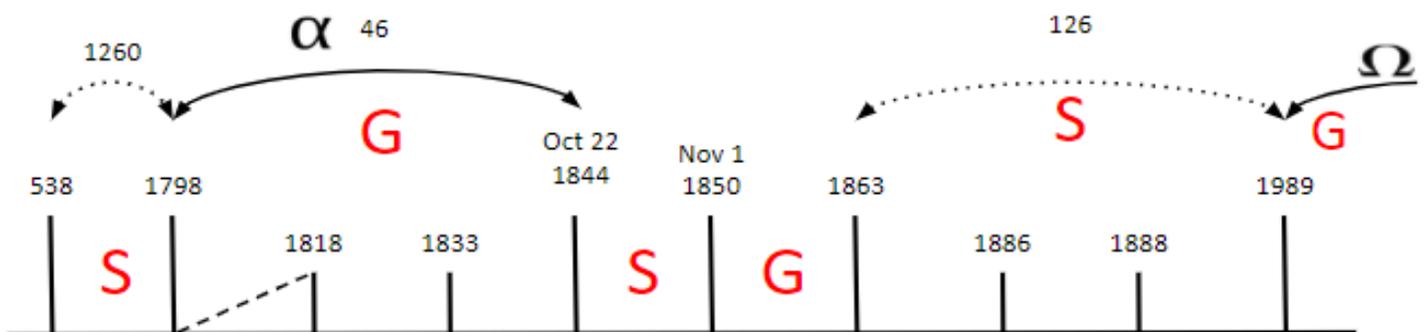

The Seventh-day Adventist General Conference president, George I. Butler, didn't agree with E. J. Waggoner's ideas about the book of Galatians, so in 1886 he published a pamphlet on his views of Galatians.

## 1888

In 1888 there was a SDA General Conference session in which God was trying to bring the Seventh-day Adventist Church out of their Laodicean condition. Butler and Waggoner had opposing views on Galatians but they both were half right and half wrong. At the end, the message of Waggoner and A. T. Jones was not fully accepted.

## 1989- The beginning of the omega history of Modern Israel

This was the Time of the End where the church began to be gathered, ending the 126 years of scattering from 1863. This is where Jeff Pippenger was raised up to give a message.

# **Modern Babylon- the Counterfeit**

## **1798**

The papacy went into a scattering time in 1798; this is because they disobeyed their boss- Satan- by abolishing the Jesuits who had been the ones persecuting God's people and controlling the leaders of Europe. This parallels the beginning of the scattering of God's people in 538.

## **1899- The beginning of the alpha history of Modern Babylon**

The year 1899 parallels 1798 in Millerite history; this is where Eugenio Pacelli became a priest, counterfeiting William Miller who was raised up in 1798. After 1899, Eugenio Pacelli began to study the Code of Canon Law, which is basically the law of the Catholic Church. Eugenio Pacelli was to be the one to take over the Catholic Church which counterfeits Miller being the one to take over the Protestant Church. 1899 was the Time of the End and the beginning of the gathering for Satan's church.

## **1917**

In 1917 the new Code of Canon Law that Pacelli (and Cardinal Gasparri) had been working on was done. In May of 1917 Eugenio Pacelli was made a bishop so he could go to Germany, where the church was rebellious, and bring them under subjection. He tried to get the German church to accept the Code of Canon Law but they opposed it- there was civil war. This year was the counterfeit Increase of Knowledge. Also on May 13, 1917 the miracle of Fatima occurred. An evil angel claiming to be Mary appeared to three children and told them three secrets which counterfeit the three angels' messages. The three secrets were a vision of hell, the task of the church converting the USSR, and the judgment they would receive if they didn't convert the USSR.

## **1933**

In 1933 Pacelli signed a concordat with a representative of Hitler, which protected the Catholic Church. He also ended the Catholic center party which was Hitler's last opposition within the government- this gave Hitler absolute power. This counterfeits the true formalization in 1833. A few years later (in 1939) Eugenio Pacelli became Pope Pius XII and he worked to fulfill the message of Fatima.

## **1945- The end of the alpha history of Modern Babylon**

World War 2 ended with failure and disappointment for the Catholic Church. Germany, who they had been trying to use to take down the King of the South (the USSR), was defeated and their plan failed. Because of their failure, the Papacy went back into a scattering time. This counterfeits the disappointment of 1844.

## **November 1, 1950**

On November 1, 1950, Pope Pius XII announced the Dogma of the Assumption. He made the belief that Mary was taken to heaven a Catholic fact. November 1, 1950 counterfeits November 1, 1850 to the very day 100 years later. Like Ellen G White, he reminded the church of their alpha history (when they tried to obey Fatima [Mary] and defeat the USSR). This began another gathering. But in 1958 Pope Pius XII died.

## **1962**

In 1962 the Pope at the time counterfeited 1863 by calling the Second Vatican Council, which re-organized the Catholic Church. Just like the Millerites, this was a good thing for them. But before then, they had made an agreement with the USSR to act contrary to Fatima so the Catholic Church leaders from inside the USSR would be allowed to go to the council. Fatima was a good message for the Papacy and in rejecting it, they went into another scattering.

## **1987**

In 1987 Malachi Martin, a close friend of the Pope wrote a book defending the Pope's position in a struggle that was happening in the Catholic Church at the time. It was Pope John Paul II, a conservative, against the Jesuits, liberals. This book counterfeits the pamphlet Butler wrote in 1886.

## **1989**

1989 is the counterfeit of 1888. In 1989 Pope John Paul II was still in opposition to the Jesuits, and the Jesuits in opposition to him. Since John Paul II was conservative he wanted to take the Catholic Church back to how it used to be but the liberal Jesuits wanted to reform the church. Neither of the parties were completely right, each were half right and half wrong. 1989 was also failure because the Catholic Church, while it defeated the USSR, lost all its power.

## **1996**

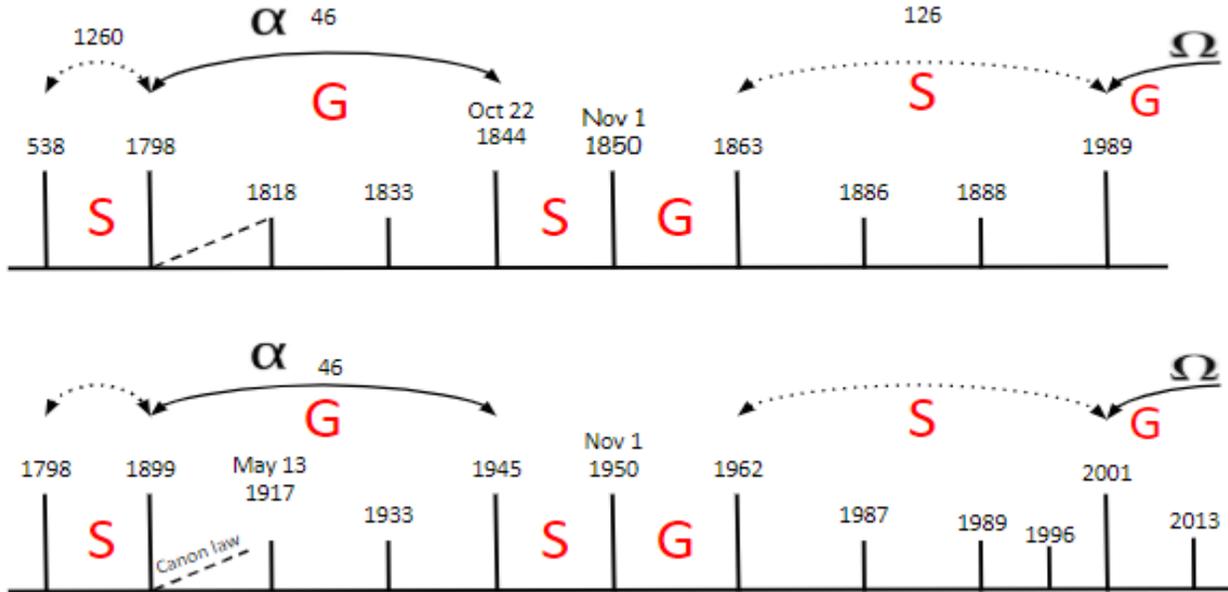

In 1996 some high ranking Bishops and Cardinals formed a secret group called the Sankt (Saint) Gallen Group/Mafia in which they worked to counteract Pope John Paul II and tried to stop his chosen successor from becoming the next Pope. They were liberal and they didn't like John Paul II because he was conservative.

## **2001- The beginning of the omega history of Modern Babylon**

In 2001 the Saint Gallen Group met Cardinal Bergoglio and they decided they wanted him to be the next Pope. This year is the beginning of the omega history and gathering of Modern Babylon. Cardinal Bergoglio began to be raised up in 2001 to take over and reform the Catholic Church. 2001 counterfeits 1989 where Jeff Pippenger was raised up.

# 2013

In 2013 the Saint Gallen Group succeeded when Cardinal Bergoglio became Pope Francis. He is a liberal Pope, and now the Catholic Church is divided between liberals and conservatives.
