ANDERS DRERUP BAND

For more than three years The Anders Drerup Band has been lighting up audiences all over Texas with their energetic performances and world class musicianship. Fronted by The Voice Season 18's Anders Drerup (Team Nick Jonas) and backed by a stellar cast of musicians from all over the USA, this group is smoking! With rave reviews from corporate events, weddings, birthday parties, anniversaries and so much more, their reputation to deliver a show that keeps the dance floor jumping precedes them.

They are a fully equipped entourage complete with professional sound and lights, bubbles, fog machines etc. All that is needed is a reasonably level place to set up, electricity to connect and eureka!

The band can be hired in multiple formations dependent on customer request and budget. The combinations range from a quiet three piece to a full 10 piece band with horn section and backup vocalists. Fees are calculated with consideration to band size, travel distance and equipment needed for each specific event.

There is not much that the band doesn't play as far as material is concerned. The main philosophy of the Anders Drerup Band is to play music that is specifically appropriate to each moment in order to create the perfect accompaniment for each event, creating magic memories to last a lifetime.

So whatever your event may be, if it needs musical entertainment look no further. The Anders Drerup Band is the number one choice for your next party!

OUTSTANDING!

We hired Anders Drerup for a corporate event at Stubbs BBQ while we were visiting Austin. Myself and the entire team were so impressed by the performance! Everyone still keeps asking me about them! Music was incredible - perfect fit for our group!! We will def. book them again if we're out in Texas - although, my CEO wants to book them for CA events :). Highly recommend!

NOTHING SHORT OF AMAZING

Anders and his band literally was the best thing we could have had for our party. They had such a great variety of songs, interacted with the crowd, and kept us jammin! Not to mention, everyone was very friendly, respectable, and ON TIME. If I could rate more than five stars I would. Love Them!

FANTASTIC BAND

Anders and his band played at our son's wedding in San Marcos. The music was fantastic, everyone danced and enjoyed the music. Anders was wonderful to work with and was so nice and accommodating. Hiring Anders was one of the best decisions we made! We highly recommend this band. He is everyone's new favorite band.
