What is Home Insurance?

Home insurance is a type of insurance that protects your home and its contents against loss or damage. It typically includes coverage for the physical structure of your home, as well as personal property and liability protection.

Why You Need Home Insurance?

Home insurance is not only a good idea, but it's also often required by mortgage lenders. If you have a mortgage on your home, your lender will likely require you to have a home insurance policy that provides enough coverage to pay off the mortgage if your home is destroyed.

Types of Home Insurance

- Dwelling coverage
- Liability coverage
- Personal property coverage
- Additional living expenses coverage
