

CATALYST  
GOLF

# ABOUT US:

---

We're not your typical crazy golf wedding rental.

We bring the wow, the fun, and the "wait, is that a golf simulator?" Our pop-up golf simulator is fully mobile, totally unforgettable, and designed to turn any wedding into an 'ace' experience.

Whether you're a seasoned golfer or total novice, our setup is super user-friendly and insanely fun. Guests can swing away on world-famous courses, compete in longest drive challenges, or just take a few hilarious shots dressed to the nines. (Trust us—it's a vibe.)

What are we known for? Energy. Entertainment. And creating those moments people talk about long after the last toast.

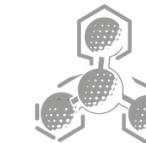

We can make each event special by customizing the experience to fit your vibe.

Want a leaderboard? Done.

A putting contest at your wedding reception? We've got you.

A chipping contest with penalty shots (yes we mean tequila).

Time to Tee up and Tux up.

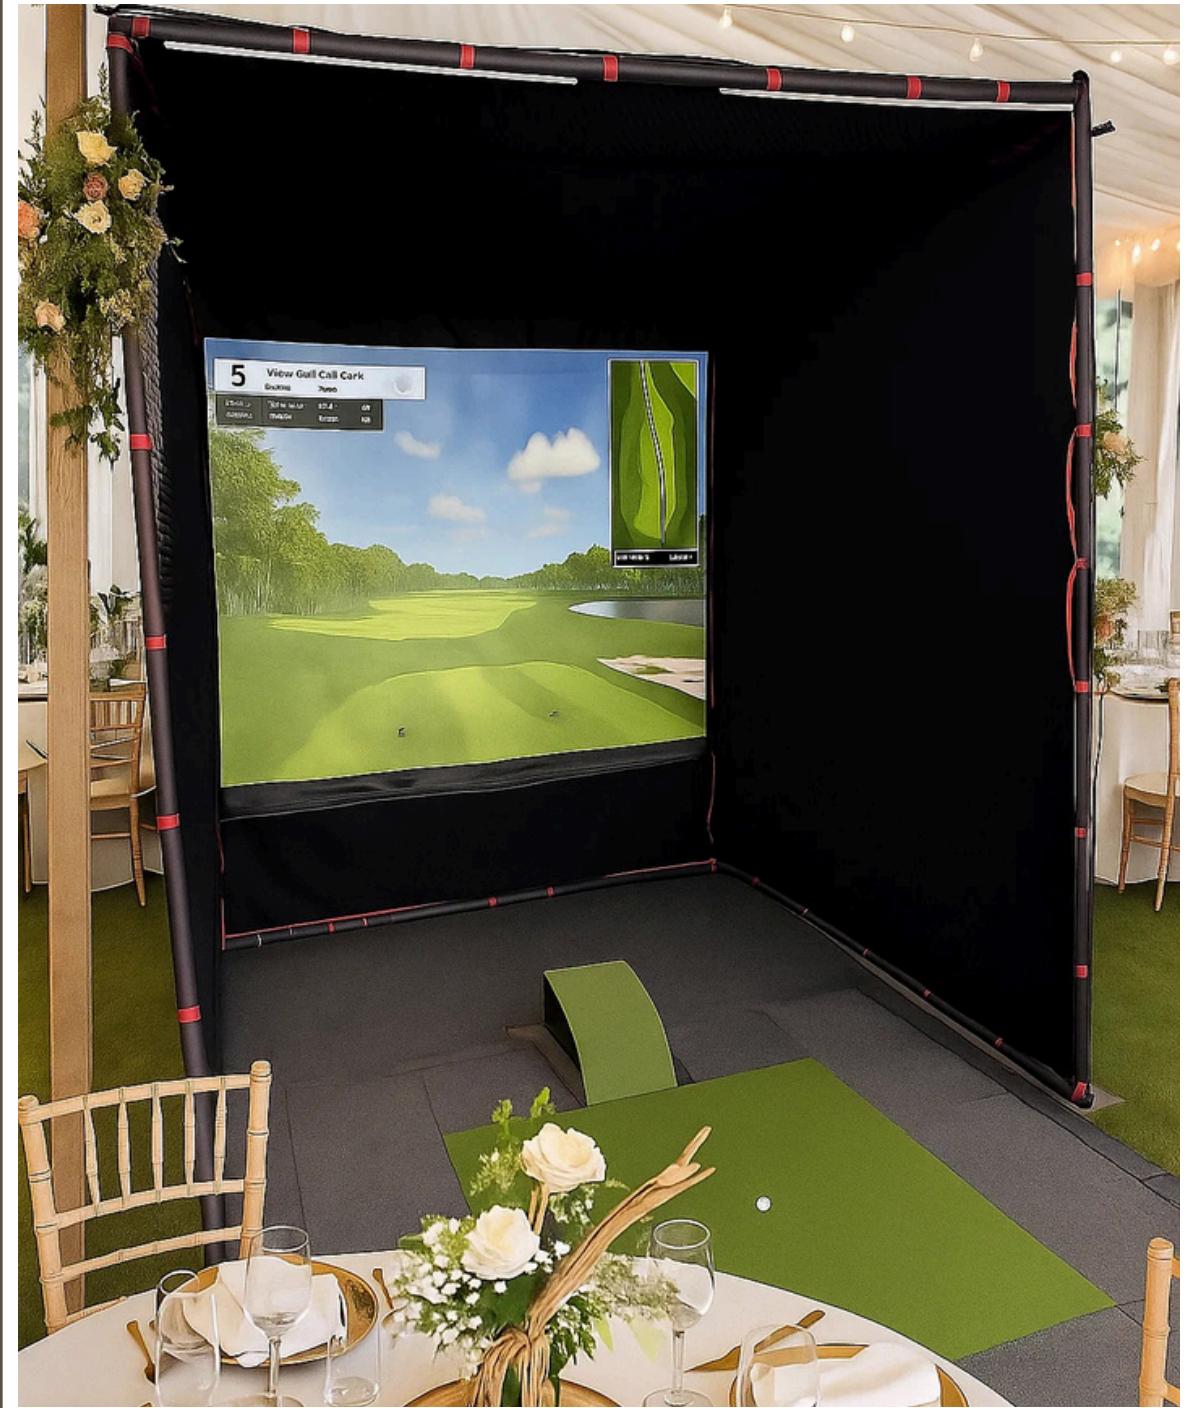

DON'T HESITATE TO GET IN TOUCH!

# OUR GAMES:

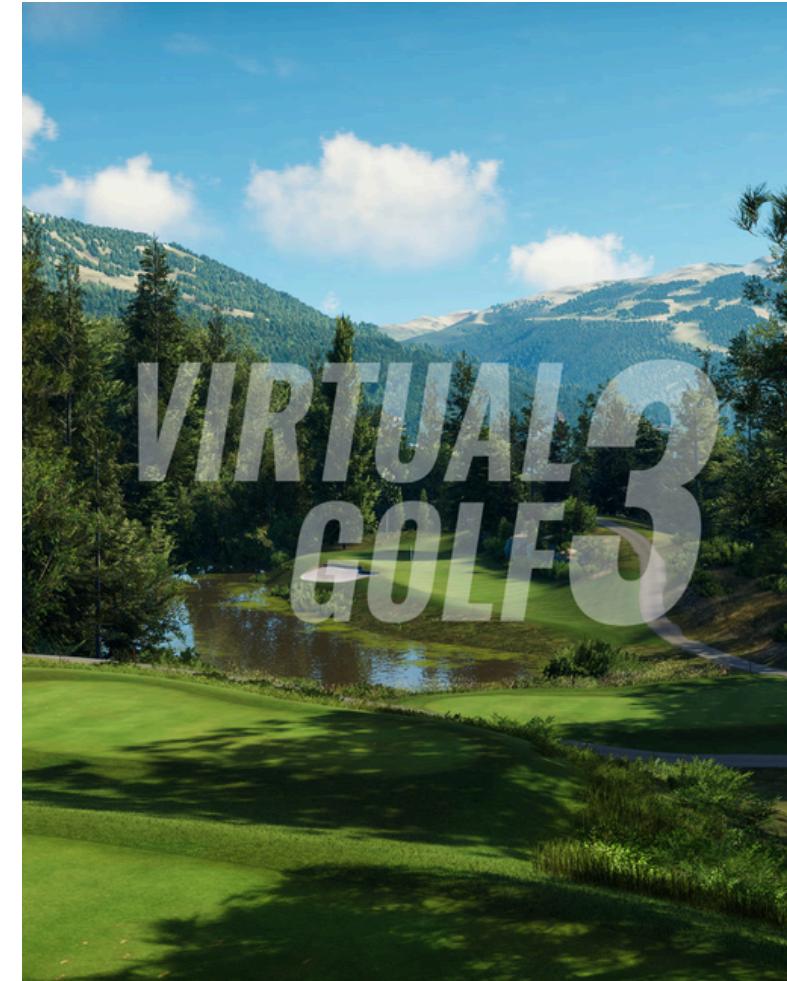

## NEAREST THE PIN

Go for the greatest accomplishment  
in golf. Hole in one!  
Your chance to play world famous  
par 3 holes such as hole 7 at  
Pebble Beach.

## STROKE PLAY

A traditional approach!  
Play world famous courses,  
With different formats of  
play available for 1 - 4 players.

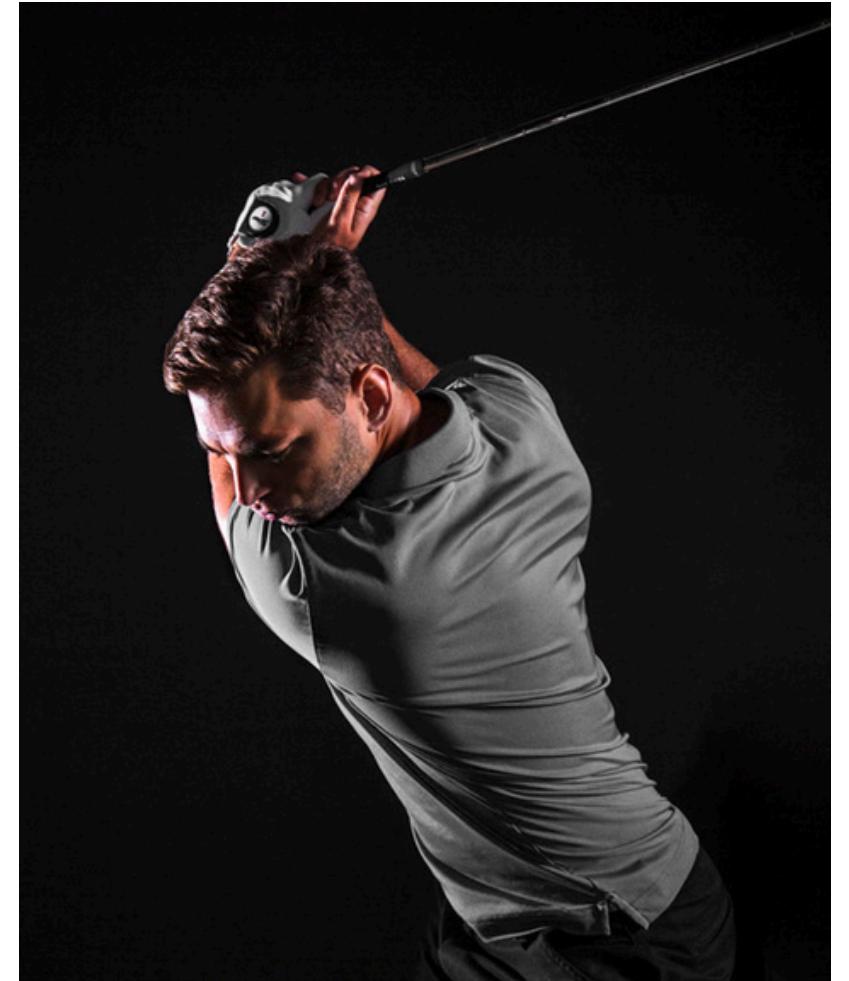

## TARGET GAMES

Set the score to beat.  
Limited number of shots, hit the bullseye!  
Great game for all skill levels and a  
chance to get a live leader board going.

## LONGEST DRIVE

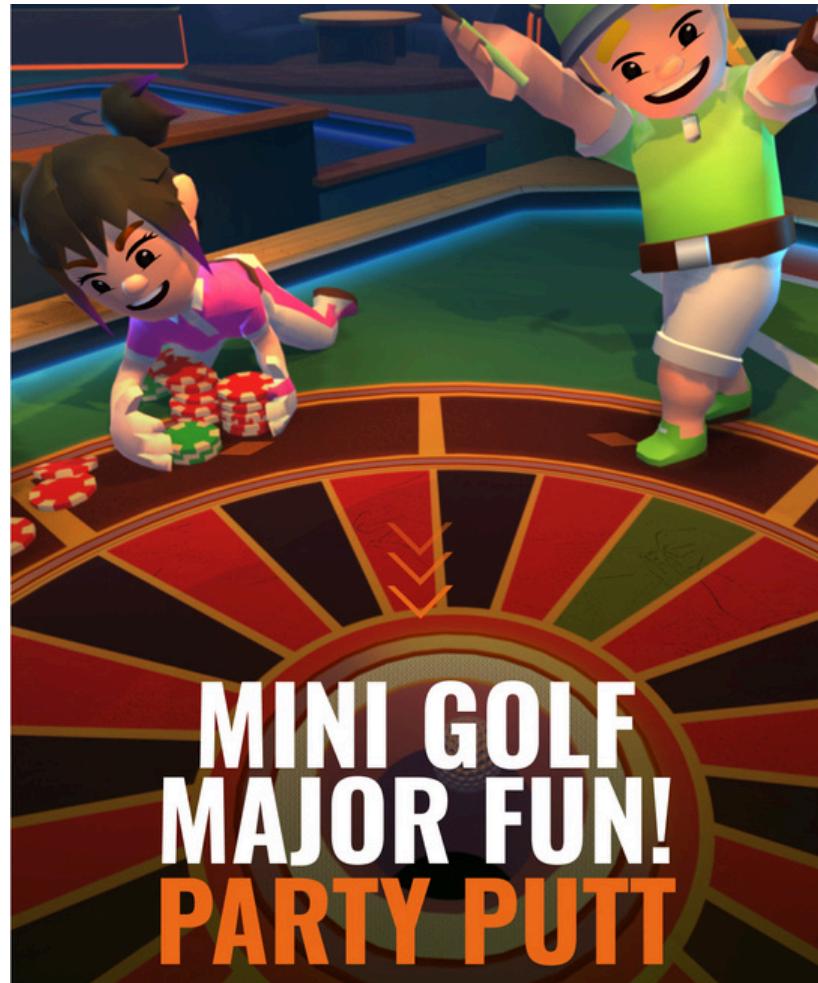

Go for bragging rights.  
Remember, it only counts  
if you find the fairway.

# FOR THE KIDS

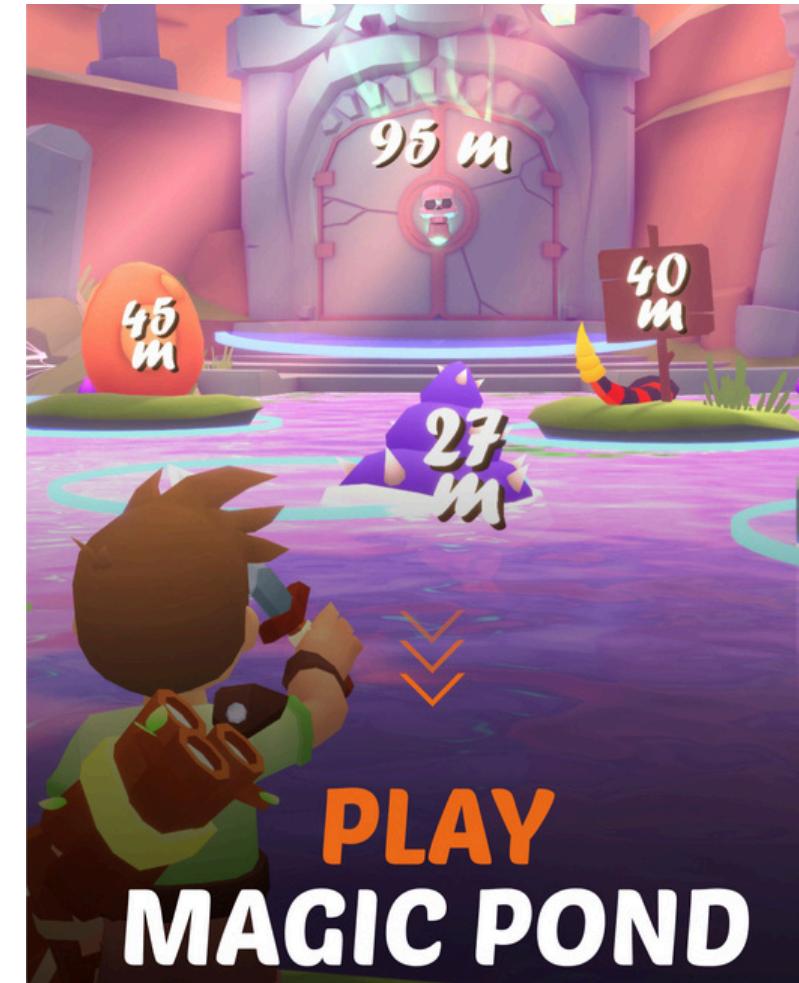

## PARTY PUTT

A virtual putting game with classic minigolf course designs. Designed for all ages and skill levels, suitable for parties and fun, casual play

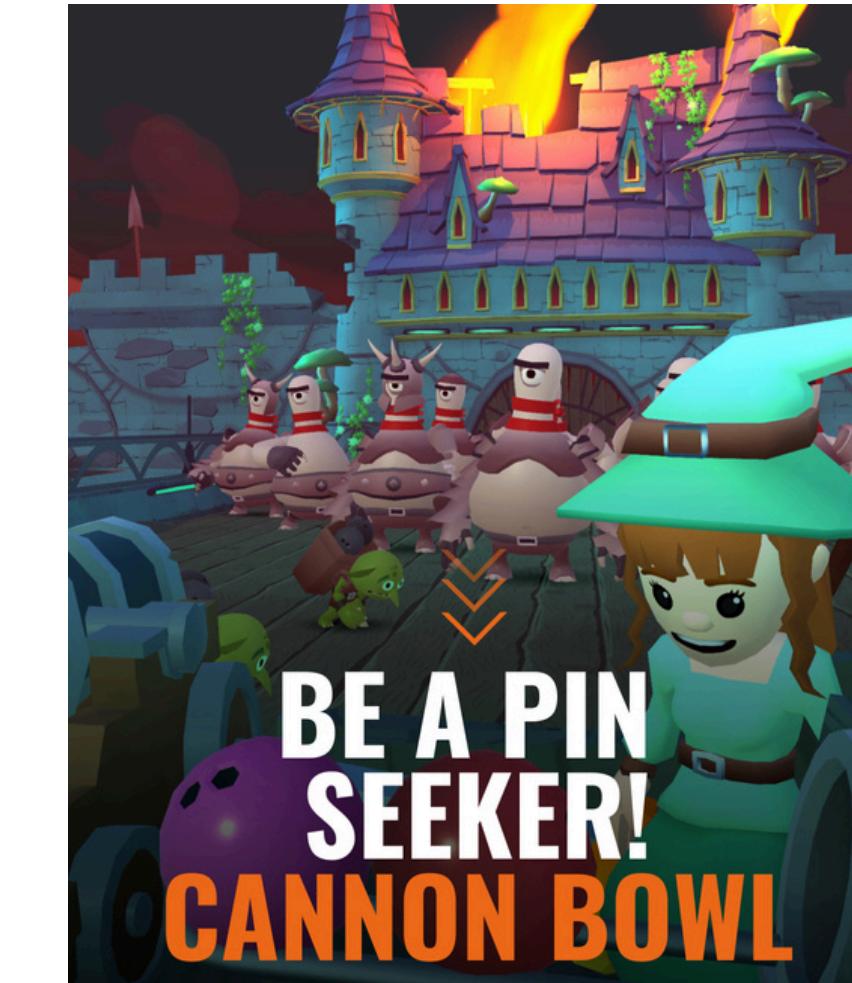

## MAGIC POND

Players hit golf balls into a virtual pond to capture monsters & score points. A fun, family friendly game that helps develop skills like distance control and accuracy.

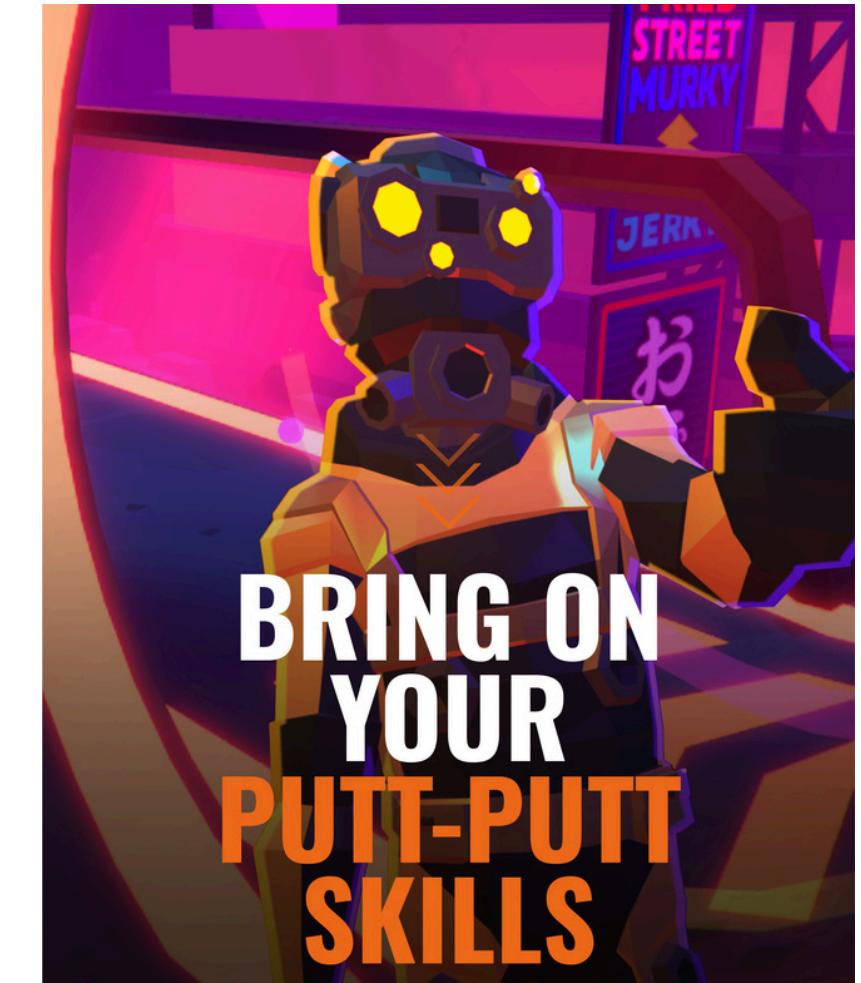

## CANNON BOWL

Launch a virtual cannonball to hit pins. A fusion of golf and bowling, designed to be fun and competitive while improving accuracy and power.

## STREETS OF NEON

Futuristic mini-golf game with a neon-lit, cityscape-style course. Navigate obstacles, challenges, with the help of a friendly robot. Designed for fun, strategic play against friends.

**High Score Target Game**  
**Longest Drive Competition**  
**Putt Pong**  
**Chipping Game**  
**2 Staff members**

# CATALYST GOLF SIMULATOR

## FAQ:

---

Q: What sets you apart from other wedding entertainment?

A: We're fully mobile and offer a pop up golf sim service to your door. Whether you're styling a traditional Wedding, festival feel party or Boho fiesta, Catalyst are on hand to get the party swinging.

Q: Can you make it blend in with our style?

A: We are very flexible and will do what we can to make the setup fit in with the theme and styling of your big day. We will dress the simulator in white and can add flowers around the perimeter.

Q: Do you set up indoors or outside?

A: We currently only offer indoor, but are looking in to outdoor options. If interested, but need to use an outdoor space, please contact us for further information.

Q: How much space is needed?

A: Typically we need 3x7x3m for indoors and would need 4x8x3m (WxLxH) outdoors.

Q: What is included in the package?

A: We supply all that is required (clubs, balls, even some tips if needed) and will take care of everything on the build and break down allowing you to enjoy your big day. All we need is the space and access to an electrical socket.

Q: what surface do you need?

A: Most importantly we need a flat surface. Indoors we can set up on all surfaces. Outdoors we would require to set up on grass as we will need to secure the structure in to the ground with stakes.

# OUR SIM TECHNOLOGY

---

## TRACK IT ALL WITH TRACKMAN 4

Get the full range of club and ball data — more than 40 parameters — on every shot in your arsenal. Gain deeper insight into your strengths and where you can improve.

## THE ENGINE

Our launch monitors — the tour-trusted Trackman 4 uses patented optically enhanced radar tracking (OERT) technology to deliver unsurpassed accuracy.

## THE SOFTWARE

Your golf simulator is powered by the most comprehensive and exciting software package in the industry, including Trackman Performance Studio (TPS) and the Trackman Golf app.

THANK YOU
