THE EXPERIENCE

We strike the perfect balance between authentic golf experience and accessible, high-energy fun, making it ideal for any event.

For keen golfers, industry-leading technology delivers realistic ball flight, accurate shot data, and immersive course play, recreating the feeling of being on the tee at a world-class course. At the same time, intuitive game modes, interactive challenges, and instant visual feedback make the experience engaging and easy to enjoy for everybody, including complete beginners.

Guests can compete in longest-drive or nearest-the-pin challenges, play iconic courses, or simply enjoy hitting shots in a relaxed, social setting.

This versatility makes Catalyst Golf Simulators the perfect addition for everything from corporate events and team-building days to product launches, brand activations, and private celebrations, creating an inclusive experience that encourages participation, conversation, and unforgettable moments for every guest.
