Focus on accessories

We make bathroom accessories since 1885. We discovered a small world where you can make a difference with details. Material, shape, function. Since then, we never wanted to do anything else. With this focus we have developed into an authentic brand with Dutch DNA: Distinctive, award-winning designs, high quality and down-to-earth working methods.

Nowadays, you will find our bathroom accessories all over the world. In private bathrooms, in the world's most famous hotels and on the largest cruise ships. They have been developed and manufactured for intensive use. They're sophisticated and well-considered in every detail. And they meet the highest standards of functionality, design, and ease of installation and use. Could this be why we so often support bathroom professionals, consumers, architects and designers in designing and realising bathroom interiors?

Years of passion and dedication to bathroom accessories have taught us to master all the details. This catalogue will show you what that means.

Frame

Combination is the magic word. Combining different functions in one accessory creates surprisingly smart and elegant storage solutions. Like for instance the stylish soap dispenser with shelf and hook, or the shelf with towel holder and shower basket. Three versions: black, chrome/black and chrome/white. The multifunctional collection was awarded the highly acclaimed iF Design Award in 2019.

Frame Black

Indestructible brass and high quality ABS finished with a matt black powder coating. The metal frame forms a natural whole with the colourfast black synthetic inlays. Each accessory is an accent, together they form your style.

Shift

Iconic and timeless. The Geesa Shift range stands out through its understated luxury and aesthetic design. The hook lies at the heart of the collection: a solid shape with smooth curves. The parallel rectangle has been shifted by 20 degrees, creating a unique look. This familiar Shift design element is fully utilised in this versatile premium collection from Geesa.

Shift

Brushed metal black

The brushed metallic black finish on this range stands for understated luxury with a feeling of pride. The 3-dimensional patterns on the hooks for example provide an elegant finish.

Wynk

As if nature itself had a hand in it, that's the look of these organically-shaped accessories from the wide Wynk collection. Each product shows a fine alternation of clean lines and subtle curves. Precisely thanks to its natural shapes, the Wynk collection is easily combined with a variety of styles.
