Company Portfolio

Why Choose us?

Custom-made & Exclusive

From conceptualization, designing, cutting, fabric selection, logos, prototyping and production, Client has complete control every step of the way to create an exclusive brand identity.

Wide selection of fabric & Accessories

More than 3000 types of fabric and/or colors to choose from. Shirting fabric, Sportswear fabric, Premium fabric, Cotton fabric, High-stretch fabric, we've got it all! Extensive range of buttons and zippers available too!

Cutting-edge Technology

Be it logo printing to embroidery, we adopt the latest technology from printing without hand-feel to metallic and high tensile thread. Even our fabric can be treated to obtain high sweat absorbency, water-repellence, flame-retardant, moisture-wicking and anti-bacterial.

Short Turnaround Time

Self-owned factory in Malaysia, Indonesia, China and Singapore means we carefully decide the best production facility at the point of time to ensure the shortest time required. Stringent QC processes in place to ensure that quality is not compromised at the expense of speed!
