

Payday Brown County June 2026 Monthly Update

Because of You, Hope Continues to Show Up

Dear Payday Brown County Members,

Thank you for being part of Payday Brown County. Your monthly participation is more than a donation—it is a commitment to standing beside people in our community when life takes an unexpected turn.

Every gift given through Payday represents a group of people who care deeply about their neighbors and are willing to respond with compassion when needs arise. We are grateful for each of you and the role you play in making this ministry possible.

Our Mission

To come alongside people facing sudden, unexpected crises and offer some financial assistance—without red tape or complicated applications. We show up with compassion when it's needed most.

Two Ways You Can Help Payday Grow

1. Tell Others About Payday Brown County

One of the greatest ways you can help is by simply sharing Payday with your friends, family members, coworkers, and church family.

When you talk about Payday, please share our website and encourage people to visit: <https://paydaybrowncounty.org/>

We've recently updated the website to make it easier than ever to learn about our mission, see how the organization works, and become a member. The new website allows people to quickly sign up and begin supporting Payday immediately through a simple online process.

Every new member expands our ability to respond when needs arise across Brown County, so please help us spread the word by sharing <https://paydaybrowncounty.org/> whenever you have the opportunity.

2. Keep Your Eyes Open for Needs

Many of the families we help come to our attention because a Payday member noticed someone hurting and spoke up.

Please continue to be attentive to the people in your relationships, workplaces, churches, neighborhoods, and community circles. When you become aware of someone facing a sudden crisis, tragedy, or unexpected hardship, let us know.

A Life Impacted This Month

This month, Payday Brown County provided a \$2,000 gift to a local family experiencing a heartbreaking situation. At the family's request, we are keeping the details private.

While we cannot share their story publicly, we can share the impact.

When the recipient received the check, they were told two things: **Jesus loves you, and there are a lot of people in Brown County who love you too.**

The recipient was overwhelmed with emotion, crying and embracing the person who delivered the gift. The financial assistance arrived at exactly the right time. The check was immediately cashed and used to cover pressing expenses that had become a source of significant stress.

Moments like this remind us why Payday exists.

Sometimes people don't need a lengthy application process or months of waiting. Sometimes they simply need to know they are seen, loved, prayed for, and supported by others who care.

Thank you for making moments like this possible.
