Dear sir:

I took part in the Culver canoe race last weekend, and I want to express my thanks to the people at CMA for making this event possible. I deeply appreciate all the time and work that so many people at Culver donated, and also your hospitality in letting us use the facilities at Beason Park.

This was the first contact I have ever had with CMA, and it was most pleasant.

Sincerely yours,

Theodore M. Nutting

Dear Mr. Nutting:

Thank you very much for your thoughtful letter of April 20, and your appreciation for the Canoe Race last weekend.

We were happy to host this event, and trust that it will be the first of many. This was our first time around the course, and we learned a number of things as far as planning and conduct of the race are concerned. I trust that the next time things will be even more pleasant and beneficial.

I appreciate your interest in Culver, and trust that you will pay us another visit before too very long. Again, my thanks for your thoughtfulness in writing to me.

Sincerely,
