INSPECTION: TITLE TO AND REJECTION OF WASTE. Seyrek Disposal and Maintenance shall have the right to inspect, analyze or test any waste delivered by Customer. Title to and liability for unacceptable waste shall always remain with customer. If customer waste is unacceptable waste, Seyrek Disposal and Maintenance has the option to reject unacceptable waste and return it to customer or require customer to remove and dispose waste at customer's expense. Appliances are picked up separately from your regular trash and are recycled. There is an additional charge for non-freon appliances. Please contact our office if you require an appliance or large item pickup. **Large, bulky heavy items subject to additional charge.** Carpeting and padding should be cut into 2-4 foot lengths; rolled and tied into bundles that one person can lift. Please contact our office one day prior to your pickup day to schedule a truck. NO- oil, batteries, car parts or antifreeze of any kind. If you are remodeling a home we DO NOT pick up wood, windows, doors and other building materials, house hold trash only.

YARD WASTE. We will not be able to provide leaf collection free of charge over the 3/5-bag limit. If composting or mulching is not an option for you, we recommend looking into your town's leaf disposal options to dispose of leaves during the spring and fall. If your town does not offer leaf collection, we recommend contacting a landscaping company to dispose of leaves as they will be able to do so more cost effectively than we would. Branches and twigs need to be bundled into small bundles, maximum of 4ft length, small enough for one person to pick up and place in the truck. Leaves must be placed in Plastic bags for us to collect them, as paper bags are collected by the towns or specialist services. Bags of leaves collected by us over the 3/5-bag limit will be charged at **\$5.00** per bag.
