

# CREAM K9s Puppy Pickup Agreement

803.470.4508

First we would like to thank you for choosing Creamk9s for your family. Our service is to provide high quality K9s to families and other organizations.

- CreamK9s is responsible for the 1st and 2nd round of shots
- It is the new owners responsibility for the remaining shots
- We deworm the puppies and consult with a vet to ensure the health of the litter before going to their new home
- Promptly find a good vet to build a relationship with, as your puppy will need thier next shots 2-3 weeks after pickup or delivery
- Keep the puppy in a crate on all vet visits (Puppies are new and can contract illness without shots) (off of the ground)
- To insure that your puppy does not contract outside illness please keep your puppy away from any place that you not 100 percent certain that a dog with parvo or any other illness has been (no walks or pet visits without crate until fully vaccinated and vet approved)
- Once the puppy leaves our care we are no longer responsible for any health issues (72 hour grace period)
- This is why we STRONGLY encourage each new owner to take the proper care of their new CREAM K9
- We encourage owners for the first two years to supplement their pet monthly with NuVet Vitamins
- Balance is due before receiving puppy

NuVet supplements can help:

- |                   |                                   |
|-------------------|-----------------------------------|
| <b>STRENGTHEN</b> | <b>IMMUNE SYSTEM</b>              |
| <b>ALLEVIATE</b>  | <b>ITCHING &amp; SCRATCHING</b>   |
| <b>PROMOTE</b>    | <b>HEALTHY SKIN &amp; COAT</b>    |
| <b>INCREASE</b>   | <b>ENERGY LEVEL</b>               |
| <b>SUPPORT</b>    | <b>HEALTHY HIPS &amp; JOINTS</b>  |
| <b>EXPAND</b>     | <b>MOBILITY &amp; FLEXIBILITY</b> |
| <b>IMPROVE</b>    | <b>QUALITY OF LIFE</b>            |
