

**The SECRET War**

**Above Our Heads**

**&**

**Beneath Our Feet**

**Part 2**

While Satan has been waging his secret war in the heavenly places and on Planet Earth, his followers, the seed of the serpent, (Genesis 3:15) have been busy creating a whole new world underground, beneath our feet. Satan was the anointed cherub who guarded the throne of God and apparently served as the worship leader before he was ejected from heaven because of his pride. We have no idea how long he may have served in that capacity before his ambition got the better of him. It could have been eons or more before he was banished according to Isaiah 14 and Ezekiel 28. But these two references document a priceless truth for us as believers. The worship in heaven must be unimaginably glorious because Lucifer (his name before the fall), who occupied the number 2 position at the throne, was so enraptured with the glory of it all that he was willing to risk everything to try to be number 1. It wasn't the thought that got him into trouble. It was his decision to act on it.

He declared his intention to *"ascend to heaven," "raise [his] throne above the stars of God" to "sit on the mount of assembly," "ascend above the heights of the clouds" and "make [himself] like the Most High."* That decision proved to be terminal for his career, and not only did he not attain his lofty goals of ascension, but he lost his home in the heavenly hierarchy and was relieved of the very purpose for which he was created. Now he *"prowls about like a roaring lion seeking whom he may devour"* (1 Pet 5:8). This gives us good insight into why he continues to work his evil today.

Rejection is a powerful force that triggers a plethora of emotions, not the least of which is revenge. And revenge has become his reason to exist. The main object of his hatred is God for having judged him. And what better way to exact revenge on someone than to hurt his children? So, when God told him in Genesis 3:15 that a "seed" that would crush his "seed" would come through the woman, the war between the seeds was on. From that moment, he has been consumed with trying to prevent his own eventual destruction. And ultimately, the one John referred to as the antichrist (1 John) will come as the physical embodiment of Satan's frothing hatred. In the meantime, he continues to recruit wicked people who share his hatred for God to invent new ways to do God's people harm - and he is quite resourceful!

Initially, his angelic followers who were banished from heaven with him (Rev 12:4) corrupted the human gene pool by assuming human form and cohabiting with women on earth). The result of this union was the Nephilim. "Nephal" is the Hebrew verb "to fall." The "im" ending on the root makes it masculine plural. Nephilim are the "fallen ones." They, like Lucifer, *"have fallen from heaven"* (Isaiah 14:12).

Genesis 6:4 documents the event. *"The Nephilim were on the earth in those days, and also afterward, when the sons of God came in to the daughters of men and they bore children to them..."* The Nephilim are the children of the fallen angels and the daughters of men. They are described as *"mighty men of old."* They were strong, impetuous, very large and they existed both before and after the flood of Noah. So, question: If the flood destroyed *"every living thing"* as Gen 6:17, 7:4, 7:23 & 8:21 claim, but the Nephilim were on the earth after the flood, where did they go to escape? Did they die off and then somehow come back? Did they go under-ground and then re-emerge? Or was there some kind of technology available to them that we know nothing about in our current existence?

For over 9 decades, archeologists have uncovered remains of gigantic skeletons only to have government agencies like the Smithsonian sweep in and confiscate their findings and

reportedly dump them into the ocean. Destroying ancient artifacts is a very odd response to this kind of discovery unless the objective is not to preserve but to conceal - which begs the question: Why would government agencies want to conceal physical evidence that supports the Bible's claims? The answer: Precisely because it supports the Bible's claims. Satan wants man to strive to be his own god. That will put man in the same boat he's in - declaring his own godhood. And the whole world system has organized to support those efforts. Remember the goal of eugenics - to help people become living gods.

2 Sam 21:20 & 1 Chron 20:6 both document that some Old Testament giants had 6 fingers and six toes. Thousands of years later, archeologists have uncovered evidence of this truth buried under our feet all around the world. They've found 5-foot-long leg bones, 12-foot-tall intact skeletons, glyphs depicting giants and hybrids on cave walls, hardened footprints in rock and even gigantic skulls with 2 rows of teeth. (See photos above.) Deuteronomy 3:11 records that the size of the bed of the King of Bashan was about 15' by 6.6', a cubit being somewhere between 18 & 22 inches. Given the repeated documentation and now the physical evidence of these over-sized beings, the excuse that ancient artifacts are being destroyed to make space for more important things clearly points to something much more sinister.

Ever since the fall of man in the Garden of Eden, man has been driven to be his own god. That was what Satan promised Eve, "...you will be like God knowing good and evil." But he lied. Eating from the tree of the knowledge of good and evil would not make her like God, who cannot be tempted by evil (James 1:13). It would make her like him, totally given to evil and violence. He hoped that would remove her from the place of God's acceptance and blessing and place her in the same hostile position that he now occupied with God. Thanks to the grace of God, we have a way back to our original standing by means of forgiveness and salvation through Jesus. But there is no such option for Satan. His fate is sealed. Do you see the basis for his jealousy & hatred? Now we can understand his incessant efforts to destroy man made in God's image and everything that God created for man's subsistence. Satan's hatred for believers will never end. In fact, as he sees his end drawing near, he's intensifying his efforts and he is well organized. Eph 6:12 recognizes 4 different kinds of opposition for believers: *rulers, powers, world forces of this darkness & spiritual forces of wickedness in the heavenly places.*

Steve Quayle, author of several books and founder of Gensix Productions, has made several documentaries that establish the continuing activity of spiritual beings which seem to be waiting for the time when they will be released from their "*pits of darkness*" (2 Pet 2:4) where God has bound them until the time of the end. Steve recounts a conversation with one of his contacts on the inside as he was lamenting the damage that the 5G frequencies are doing to the environment and humanity. His contact told him that the 5G frequency was being kept in place because it's the only tool they have to "*take the giants out when they're released.*" So, the genetics work on giant remains has been to reconstitute them. This is the product of

the underground genetics labs all around the world that are dedicated to "breeding better people" - except it's not "better people" that they're breeding. It's better monsters!

But besides their man-made monsters, there are plenty of natural monsters already in existence as Steve Quayle documents. This recent photo of a cave in Eastern Europe, shows the trans-dimensional capacity of these giant beings as they were allegedly trying to escape into another dimension from a frequency weapon. Fortunately, they were caught in our tangible, three-dimensional world and trapped in the solid surface of the cave wall. Evil spiritual beings have been on earth ever since the fall of man. They were here before the flood, here after the flood & they're still here.

## The 13<sup>th</sup> Merovingian Satanic Legacy of Fallen Angels

The Merovingian bloodline views itself as divine descendants of the fallen angels of Genesis 6. The term “angevin” is associated with angels, which might explain their insatiable hunger for the writings of the Nephilim. They believe they possess both the holy blood of Jesus as well as the blood or seed of Satan. They believe their purpose is to produce the antichrist who will be the literal, physical embodiment of pure evil. This was the issue behind the insistence of the royal family that Charles marry Diana. The Windsors (their adopted name to make them more acceptable), do not carry the blood of all 13 of the Illuminati families as the Merovingians are believed to and the antichrist must possess the blood of the Merovingians. The Jesus-Mary Magdalene bloodline heresy is the Merovingian doctrine and the royals are committed to doing their part to facilitate the arrival of Satan’s man. A book entitled *King John 1167-1216* by W. L Warren, depicts the Angevins as literally having demonic ancestry.

In the Illuminati rituals, this 13<sup>th</sup> bloodline openly declares themselves to be the direct descendants of Jesus’ spiritual brother, Lucifer. And according to David Icke, every US president from George Washington to Bill Clinton has been the candidate who had the most British and French royal genes. It should be no surprise that both George Washington and George H Scherff/Bush had ancestry in the Merovingian bloodline. Remember Hillary’s aid who wrote one of the ministries of Iraq asking them to share the location of Gilgamesh’s tomb which had just been discovered and the burial place of the Nephilim? The author of that email had more than a casual interest in acquiring access to the dead bodies of ancient giants. Hm...mm.

We learned from Jurassic Park that all that’s needed for re-creating an extinct species is a bit of DNA and a growth medium. Today, internet articles abound with reports of cloning factories, genetically engineered babies grown in factories of glass or plastic wombs and even hybrid beings that have been tailored to possess characteristics of both humans and animals. But how could such a thing be tolerated in a country that was founded on the desire to worship the God of creation? Answer: It wouldn’t be. That’s why they build their labs underground. “...men loved the darkness rather than light because their deeds were evil” (Jn 3:19).

**Tunnel boring machines, property of US Air Force. Left: Little Skull Mountain, Nevada, 1982. Right: A new machine sits in a DUMB waiting to be used, compliments of US taxpayers, the sale of children & illegal drugs.**

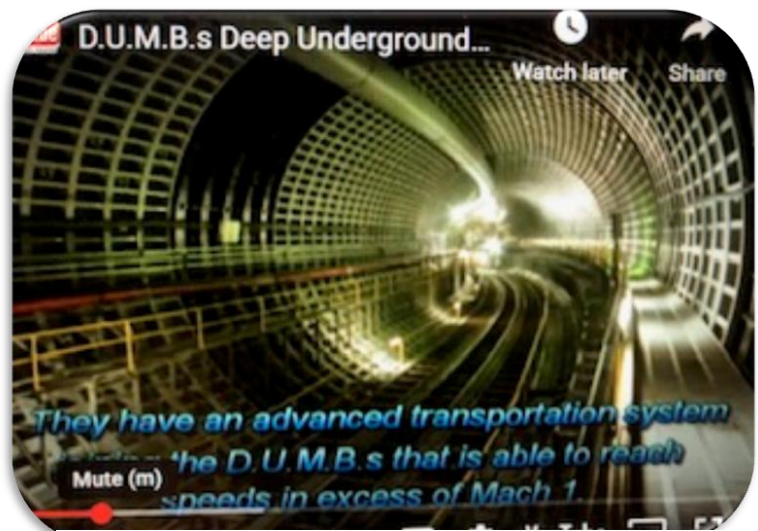

**Upper left: The tunnel boring machine, affectionately dubbed “Alice” (who falls down a rabbit hole into wonderland), will drill a tunnel for a mere \$100 million. It is a mobile nuclear reactor which heats lithium to 2000° in order to liquify rock into magma and simultaneously strengthen cracks in the rock by filling them with a cooled, glassy finish, eliminating the need for cleanup. This technology is said to have originated in none other than Germany!**

Tunnel boring machines have been used since the 1940's to drill underground bases, one of which is rumored to have 42 levels going down many miles. The US bases are connected by a high-speed magneto-leviton train system that travels underground at speeds greater than Mach 2. These trains are powered by electromagnetism and hover above the rails without touching, compliments of Nikola Tesla's genius. In fact, they've been operable for decades but available only to powerful, wealthy people who are supportive of the agenda of the Illuminati, the Jesuits, the Freemasons, Rothschild's, Skull & Bones, drug runners, politicians and scientists & eugenicists who sell their souls to help achieve the goal of wiping out humanity & replacing it with man created in their own image - always in opposition to God.

## Deep Underground Military Bases

**Upper left: Multiple 18-wheelers are housed in the DUMBS to carry on commerce with the outside world and other DUMBS across the country. Upper right: Rice is grown in underground garden. Bottom left & right: External access to DUMBS is wide enough to fit 2 transport trucks side by side.**

Phil Schneider was a geological and structural engineer who is now deceased as a result of “suicide” by tying a catheter behind his neck and “suffocating himself.” He has several videos on YouTube describing his unwitting involvement in operating tunnel boring machines at multiple underground bases for what turned out to be the New World Order elites. (George HW Scherff would later be sent to the US with his dad, given an American-sounding name, Bush, & instructed to attach to Nikola Tesla, steal his inventions & give Germany a technological advantage to facilitate the founding of the New World Order under German control.)

One of the DUMBS Phil worked on is Dulce, New Mexico, a 2 1/2 mile deep base that was begun in 1947 and is now connected to the Los Alamos base by a tube-shuttle. In 1979, while being lowered in a cage down through a drilled vertical hole to examine the rock type, Phil encountered underground beings that possessed radiological laser technology within their bodies with which they burned off his shoes, toenails and several fingers in a very hostile exchange. He describes this event in detail in his videos. He was diagnosed with cancer as a result of the radioactivity they possessed. There are reports of 18,000 of these beings at Dulce which is connected by tunnels that originate on the northeast coast of the US and traverse the country all the way to the west coast. Phil shot and killed several but there was a great loss of human life because of their internal technology.

Dr Bill Deagle claimed in 2006 that there were 132 underground bases in the US alone, some of which are 4 1/2 miles deep. These bases have large underground cities over 7 cubic miles in size which are complete with nuclear reactors, shopping malls, areas for growing food under artificial sunlight and high-speed magneto-leviton trains that travel at 2-3 times the speed of sound and connect with other DUMBS - all for the good pleasure of the elites who

plan to survive the holocaust they're preparing for humanity. The DUMBS seem to provide a self-sufficient existence for their residents (unless God intervenes) thanks to the trillions of dollars they rake in every year through the sale of illegal drugs (made possible by George H W Sherff/Bush). In these DUMBS are millions of children who are kept in containment & used as baby factories for the production of adrenochrome, an age-defying oxidized form of adrenaline.

An eyewitness, code named "JB III," reveals that level 6 of the Dulce base is called "Nightmare Hall" because it holds the genetics labs. *"I have seen multi-legged humans that look like half-human, half-octopus. Also, reptilian-humans, and furry creatures that have hands like humans and cry like a baby, it mimics human words, and also a huge mixture of lizard humans in cages."* There are fish, seals, birds and mice that can barely be considered those species. There are several cages, and vats of winged humanoids, grotesque bat-like creatures about three and a half to seven feet tall and gargoyle-like beings and Draco-Reptoids.

According to several sources, level #7 is worse with row after row of humans and humanoids, (hundreds, maybe thousands) in cold storage. Here too, are embryo storage vats of humanoids, in various stages of development. *"I frequently encountered humans in cages, usually dazed or drugged, but sometimes they cried and begged for help. We were told they were hopelessly insane and involved in high-risk drug tests to cure insanity. At the beginning*

we were told never try to speak to them at all...and we believed that story." Finally, in 1978, a small group of workers discovered the truth, and this began the Dulce wars.

**Achieving immortality apart from God is their goal. Meanwhile, they are using children to produce adrenochrome to fund their endeavors and add a few years to life while they desperately chase immortality. But this is not likely to have a positive outcome. "...it is appointed unto men once to die & after this comes judgment" (Heb 9:27).**

Phil Schneider: "The average depth of these bases is over a mile, and they again are basically whole cities underground. They all are between 2.66 and 4.25 cubic miles in size. They have laser drilling machines that can drill a tunnel seven miles long in one day. The Black Projects sidestep the authority of Congress, which as we know is illegal. Right now, the **New World Order** is depending on these bases."

With this much evidence of inconceivable depravity, one has to ask why any human being would find this kind of evil enticing. I believe there are at least 7 possibilities.

1) They do it because they can and the money is good. The nature of any living thing is driven by who or what they are internally (**DNA & the desires of the flesh**). "As a man thinks in his heart, so is he" (Pr 23:7). For whatever reason (possibly an abusive childhood, or mental illness, or debilitating injury, or personality disorder or due to external forces), some people will give their minds free reign to fanaticize about hurting other people. They have no capacity

for empathy and, therefore, feel nothing as a result of inflicting horrific pain on others. They have, in many cases, given themselves for so long to the idea of inflicting pain that they have subsequently been given over to that desire. This is described in Romans 1:18-32 in the context of homosexuality but the condition of being given over is not limited to sexual misconduct. It can be hatred, or rage, selfishness, revenge or any number of things to which gives himself.

2) Secondly, they do it because **they are the seed of Satan** and it grieves the heart of God. **Revenge** feels good to the flesh. The painful experiences of life have led them to believe that God is not good and is, therefore, not trustworthy. “...never take your own revenge... but leave room for the wrath of God...vengeance in Mine, I will repay” (Ro 12:19).

3) Because it allows them to play out Satan’s desire to be God. That’s what got him into trouble in the first place. **Pride** is the characteristic of man that God hates most because it is pride that plunged the human race into fallenness through Satan’s lie. “*Pride and arrogance and the evil way and the perverted mouth, I hate*” (Pro 8:13).

4) Because it corrupts the image of God in man. This was the reason God destroyed the earth with the flood - to destroy what the enemy had stolen from humanity. Every man, woman and child bears the image of God, and Satan hates that because he knows there are no second chances for him. So, he enjoys depriving man of his most noble characteristic - his likeness to his Creator. What he is doing in the DUMBS is trying to **steal** the image of God in man in the same way he did before the flood, except this time, instead of forcing conception with fallen angels, he’s doing it with animals. He’s making a mockery of God’s image in kids.

5) Because it ends life as God designed it. The human body is the single most amazing work of art that God created, but it cannot sustain life when the systems of the body are programmed to behave like animals. Co-opting the body’s amazing design with that of animals **kills** the possibility of life as God intended it.

6) Because it corrupts God’s creation. Animals are an essential part of God’s creative genius. But breeding animals to be hijacked with human DNA and birthed by humans will **destroy** both the beauty of creation and the animals’ purpose in the ecosystem. (John 10:10 - “...the thief comes only to steal, kill and destroy...”)

7) Because it will bring about the chaos that’s necessary to summon the arrival of the “**prince who is to come**” (Dan 9:26). This is Satan’s end game. He knows what God told him and he knows what’s written in Scripture. (He quoted it to Jesus - out of context, of course!) So, when the one who is the literal & physical embodiment of Satan appears, he’s going to bring hell on earth out of revenge (Dan 9:26).

In summary, we have tracked the enemy’s hatred for God and the subsequent establishment of multiple secret societies by his “seed” from 1119 to 1926 originating in Europe (mainly Germany, England & the Vatican) with an eventual destination of America, the land that was founded to worship the One they hate. Then, in 1832 the Skull & Bones Society was founded at Yale University to serve as a placement agency for its members into positions of power to finally enable the complete subversion of America by England and introduce the New World Order. Skull & Bones would become the most influential secret society in the country.

But, around the same time, Nikola Tesla immigrated to the US to research some of his notions about the universe, and what he discovered would threaten to change the life of every human on earth. When Tesla demonstrated the existence of energy so freely available that life could be experienced wirelessly everywhere, his research was immediately shut down by his chief investor, J P Morgan because Morgan had created a monopoly on most of the major innovations of that era and he did not welcome competition. Curiously, the same thing happened when Tesla discovered the existence of quantum and scalar waves which could restore health by resetting the body's natural frequencies damaged by illness, age or injury. This posed a worldwide threat to the entire medical industry - doctors, nurses, technicians, hospitals, clinics, technology, medical supply manufacturers and the entire pharmaceutical industry. Even a simple acknowledgment of Tesla's discoveries would threaten the entire health industry and millions of livelihoods. So, the decision was made to secretly develop his findings and reserve their use to make life easier for themselves underground while they worked toward extinction of the human species. But God had other plans.

According to Dr Jerome Corsi, in 2012, a group of military generals was actively monitoring the actions of these renegade, self-appointed authorities and were about to interrupt their global plans when a small contingency of military personnel paid a visit to a very successful, well-known businessman. They had the goods on the perpetrators but lacked a person in a position of authority to work with them for the good of mankind to expose and eradicate this diabolical movement according to the Constitution (which the elites hate). The strategy, according to Dr Corsi, was to enlist a person who could run for president and win on his own by dropping vague references to the multitude of deceptions that had been executed against we the people while we were sleeping. The plan was not without its challenges of personality issues and opposition, but by the grace of God, it worked. And this sent the New World Order puppets into a frenzy of desperate actions to coverup their evil and destroy the planet in short order.

They began spraying the skies with aluminum, barium, strontium, mRNA and a host of other chemicals and lethal diseases to corrupt the human gene pool & hasten the extermination of humanity. They added a plethora of deadly ingredients to the public water supply. and employed Tesla's discovery of frequencies that could manipulate the weather and cause earthquakes. They had already successfully developed Tesla's discoveries of quantum and scalar waves and created MedBeds to support their own health and prolong their lives while they plotted the extinction of the rest of humanity. Then they concocted a plan to release a communicable, frequency-based pandemic around the planet under the guise of protecting people from it with a vaccine. However, the disease was the vaccine, itself. The rest was fear porn to get people to take the shot. But over 130 years after Tesla had discovered quantum & scalar waves, as the military generals began the removal process of these soulless people from underground, they came upon an abandoned Med Bed in a US DUMB from 1967. Would this prove to be the solution for the millions of people who were permanently damaged by the Covid hoax? Today, March 16, 2026, the imminent availability of MedBeds is being publicly declared on multiple internet platforms along with the existence of over 600 hidden US patents that will change life forever. But does this mean that the war between good & evil is over? Hardly.

## Original MedBed Discovered in a DUMB from 1967

Since Tesla's discovery of the quantum world, technology has enabled the specialization of MedBeds into three basic types: diagnostic, regenerative and rejuvenative. The diagnostic bed will scan the body and identify any areas where there is unhealthy tissue or dysfunction of any kind. The regenerative bed claims to be able to reset the frequency of the affected area and restore natural health to the tissues. The rejuvenative bed is still a mystery with its claims of having the capacity to regrow organs, etc.

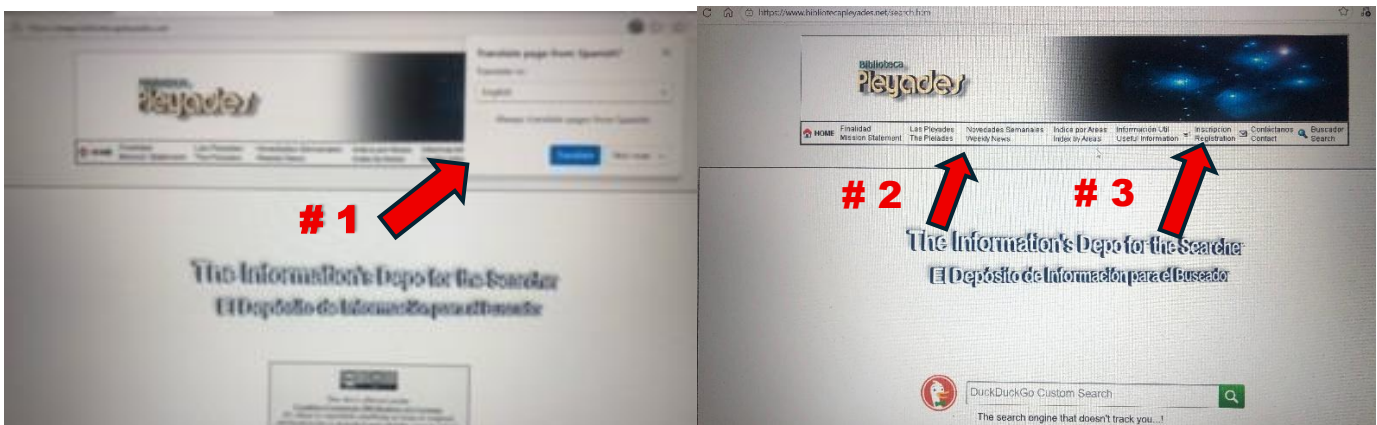

Obviously, this would be a whole new world of healthcare, but it wouldn't fix the problem of evil in the world because physical illness, injuries and aging are not, in themselves, the cause of man's problem. They are symptoms of the problem. The source of man's problems is both external and internal. The enemy of man's soul will continue to oppose good until he is vanquished because that was his choice. And the fallen nature of the human heart can only be corrected by the Creator through the Savior of mankind. So, even if the evil people who have perpetrated all this iniquity could be removed and even if the whole world could be given a clean bill of physical health, man would still have the fallen nature we acquired from Satan in the Garden with a bent toward trying to be our own god. So, while we cheer on the military to rid the earth of these malevolent people, the world, the flesh and the devil will continue until the time comes when God says, "Enough." Only God can save us from ourselves. Our job until then is to fulfill our calling to be accurate reflections of Him in this fallen world.

As we approach the final stages of this operation, the enemy will employ a scorched earth policy to try and make it impossible for us to survive. At this point, there is still time to prepare but it can't last long. One million military personnel have already been deployed throughout the country to maintain order in the event of martial law. In the first 24 hours of a martial law scenario, fuel will run low, gas stations will see long lines and skyrocketing prices

before gas disappears completely, deliveries of critical hospital supplies will cease, mail will not be delivered, and food shortages will begin to be obvious in the grocery store. In 2 -3 days, bottled water, baby formula, powdered milk and canned meat will disappear along with lines at the ATM because banks will be unable to process transactions. Garbage pickup will halt and there will be no deliveries of any kind anywhere due to the fuel shortage. It only takes 3 days to go from calm to chaos and when people are hungry they will do anything for food. So, prepare before it's too late to provide for your family and protect yourself.

Lastly, there is a wonderful internet resource that will be of benefit to you if you are the researching type. Bibliotecapleyades.net is very extensive about US and world events both public and private. When you open the website, first click on the blue “translate” button, unless you can read Spanish. Secondly, click the “Index by Areas” button, and finally click the blue magnifying glass on the right side of the ribbon to bring up the search bar for whatever you’re interested in. Happy hunting!

As overwhelming as this information is, it's important to remember that the One who created the world and all that is in it is still in control. Try as he might to be the top dog, Satan will never be God over believers because the Holy Spirit indwells the believer and he has no fellowship with darkness (2 Cor 6:14). Satan is a defeated foe. The record shows that he was declared guilty and sentenced in Genesis 3:15. He just hasn't begun serving time yet - but he will. So, guard yourself against the temptation to let all this drag you into depression. The only people who have good reason to be depressed currently are the children of darkness who are on Satan's team. God bless you all!
