

QUILTERS AND CRAFTERS

Submitted by Michelle Gregg

Happy Holidays to all!

We're back at it!

We had a very successful season last year, and we are hoping to make this one even better.

We are a group of quilters, embroiderers, knitters, painters, cardmakers, and crocheters. The goodly portion of what we produce goes to various local charities, such as hospice, Golisano Children's Hospital, and Early Education.

We recently made 30 washable dinner bibs for residents at a local memory care center. Last season we made them Fidget Quilts, a sensory lap quilt with lots of gadgets to touch. Alzheimer patients find that exercise to be comforting. We had a great time designing fun accessories for the mini-quilts.

We are working on various projects, some of which will be displayed at our Exhibit on **March 12, 2024**. Put that date in your phone calendars! We will probably have another quilt to raffle off again this year.

We have welcomed some new members to our group thus far this season, and we hope more will come and join us. We gather every Tuesday at 11:30 in the Sandtrap for lunch, and then we go to the clubhouse at 12:30 to meet and work. All are welcome. Just stop by to see what we are up to!
