## MASTER PLANS FOR THE PRESEASON

- ★ Davey Tree will be focused on the major details for our turf, greens, and the bunkers. This includes aeration of the greens – overseeding the tee-boxes – reworking and in some cases complete repairs of the bunkers.
- ★ In-House Maintenance team are going to be stripping and resetting the Tee box monuments. This will include new plants, mulch, and washing and painting the monuments and markers from start to finish. They are also be repairing the fence lines and work on the cart paths as needed.
- ★ Joshua Tree has been contracted to do major vegetation removal and clean up. This is a large endeavor, and we appreciate your patience as we will need to close certain holes for maintenance through out the next 90-days.
- ★ Staffing will be increased to support our upcoming season. We plan on having our fantastic Rangers both provide starts and manager the flow of the golfers throughout the day. Our goal is to have staff available from 7am to 5pm to better support the safety and service on both courses. This will include inside the Pro-Shop.
- ★ With new leadership comes new vision. As you know we have welcomed Dave Leonard as our Golf Director. With his years' experience and passion for teamwork I am confident we are in for a treat this coming season at both Pine Lakes and Lake Fairways.
- ★ Continue to check this board as we will update accordingly with ongoing projects and timelines.

*"I know this is a great mountain to climb, however with patience and support we will conquer all" -Jason Myers*
