

Men's Golf League News, October – 2024

Fake News Reporter - Tad Lague

Hole-In-One Report – No reported Holes-In-One this month! I find this a little hard to believe with as many good (and lucky) golfers as there are in the Lake Fairways Men's League. It's possible that holes-in-one are not being reported. If you get or witness a hole-in-one, please get a photo of the culprit and/or 4-some, names of witnesses, the hole #, the club used, ball flight and any news-worthy circumstances. Text the information to (216) 255-2173. Come on guys, let's pick up the slack. I need interesting things to report in this space.

The **Lake Fairways** and **Pine Lakes** courses continue to improve every month. The greens are filling in very nicely and can no longer be blamed for missed putts or bad rounds. The snowbirds will be pleased when they start arriving from the cooler climes. Let's do our parts and repair ball marks, rake the bunkers and fill the divots.

The Summer Shootout took place while I was traveling so, I really have no ammunition to ridicule my buddies. I can say however, that Larry O'Brien and Mike Williams did manage to embarrass themselves and were the first to sit down after the opening hole.

John Westfere, who is no stranger to the winner's circle, was able to hang around for the full 9 holes and pulled it out at the end to take home the 1st

place winner's check. Paul Falcone who was a longshot to just make it to the 2nd tee, played a stellar round of golf and was able to secure 2nd place money. Greg Mullens, while getting no handicap strokes in this format, relied on his steady tee-to-green play to secure 3rd place.

Paul Falcone, John Westfere and Greg Mullens
