

My name is Candice Donahue, and I am seeking your vote to be elected to the Lake Fairways HOA Board. I believe my many community contributions, past experiences, and my positive determination are my strongest assets.

I have lived in Spyglass Court for the past 5 years with my husband John and our dog Rocky. Prior to our move to Florida, I served on our community HOA board in Illinois. I am currently employed as a new hire trainer, a position that requires patience and ingenuity; skills that I feel enhance my qualification to serve on your board.

Shortly after moving here, I began observing and absorbing the many things I loved about the community being tragically taken away from us by Mother Nature. It has been one of my best lifetime experiences to participate in the many improvements that have taken place. We have made great strides and have turned a positive corner. But much more still needs to be done. This is why I am passionate about being an integral part of the team that makes this happen in the future.

As many of you already know, I'm an active member of many community groups including the Women's Club, CERT, T.O.P.S. and most recently the Tennis Association and Bowling League. I also enjoy helping as a bingo caller and currently assisting with the HOA Karaoke. To keep close with my immediate neighbors, I also enjoy my role as a cul-de-sac captain.

A current board member once said, "If you come up with a solution to the problem instead of just a complaint, you can help make a change".

Thank you for your support in casting your vote for me so I can best represent you and your concerns.

Candice Donahue
