

Lake Fairways
Ladies 18 Hole Golf League
By Kellie Bilton

"Golf is a game of patience, perseverance, and the occasional miracle."

As I write this article I am glued to BBC in Spain watching the progress of Hurricane Milton and the tornado's it's spawning. I am taken back two years ago with Hurricane Ian as I watched helplessly from afar to what "our family" in Florida was going through.

Fortunately we dodged the hurricanes direct impact but a powerful tornado ripped through our communities. Members in our league sustained substantial damage and devastation.

There is damage on Lake Fairways and Pine Lakes. Trees down and debris from the storm. The golf course hopes to open back up quickly but LEGA was cancelled for October.

Dan has listened to the membership and has added a 5 month and 9 month option to the upcoming season. He removed the 3 month and added 4 month for the same price. The 5 month is the same price as last years 4 month option. No further changes to be made. New carts have arrived with no change to cart rental price.

Dan has also asked everyone to spend their credit book money down to \$50 or less by May 1, 2025. See the proshop and they will help you with this.

As we recover and heal from the tornado. Ladies League is setting up to be another exciting year. Snowbirds arriving back. Group tee times being booked for the season. Time to gather with friends and "Florida family" in the place some of us call "Mayberry".
