

I have been a part of the Lake Fairways Community since 2002. My husband's (Bob) parents bought first, then more of his aunts and uncles and then their friends and family. My father bought here in 2010. I have deep family roots in Lake Fairways.

I am seeking a position on the HOA Board because I care deeply about our community and want to help ensure that it remains a safe, welcoming, and well-maintained place for all of us to call home. With seven years of leadership experience as PTA President at Fair Path Elementary School and my professional background as a Crisis Interventionist and Security Guard at Hamden High School, I bring strong communication skills, fairness, and steady decision-making to every responsibility I take on.

I believe that an effective HOA should be transparent, responsive, and committed to representing the needs of all residents, not just a select few. I am running because I want to strengthen communication, encourage involvement, and support thoughtful decisions that protect our property values and enhance our neighborhood's overall quality of life. I am someone who listens carefully, respects differing opinions, and seeks solutions that create harmony rather than conflict. Our neighborhood is more than just where we live, it's our shared community. I want to ensure that every resident feels heard, respected, and confident in the direction our HOA is moving. I would be honored to bring my experience, dedication, and genuine care for this community to the board and serve with integrity, professionalism, and heart.

Thank you for this opportunity.

Cathy Crowe
