

The Cert team had their monthly meeting on Monday Oct 2nd.

Dianna Feracci led her last meeting. She is stepping down to allow her to concentrate her efforts on other commitments. We thank her for all her efforts and help with our team.

We discussed the Home and OK window display placards from the fire department. This is the card to be placed in a window visible from the street if you decide not to leave during an evacuation.

The Cert team Sponsored a dance on Saturday October 10th, featuring Bethanne as the performer. This was well attended and a success. Cert wants to thank all who helped in this fund raiser.

The Christmas toy boxes are scheduled to be put in lobby on November 1st. These are boxes to be filled with toys for children of North Fort Myers. This is done in partnership with the North Fort Myers Fire Department. Last year we had to ask for more boxes a few times, we would like to have to do this again this year. The ages for the children to receive toys are infant to 17 years of age. The fire department has asked us to remember the littler ages and also the older teens. We are hoping to have the Fire Department pick up the toys in a small parade of the Fire engine and trucks here.
