Maintenance: The course has been in bad shape but since Scottie came on board it has already shown an improvement.

We are certain that with Scottie's leadership it will continue to improve.

The course will be getting the irrigation system replaced. It may not be completed until next season, but the work has already started.

Ray Gromacki stated that in his opinion the biggest disappointment is Hole # 12. It had been closed for most of the summer. Now that it has reopened it has not shown any improvement.

Al Cristello said that the back of Hole # 17 is also in disrepair. Bill Fleckenstein reported about the leak on Hole # 7. Davey is aware of it. The roots on the left side of Hole # 4 were asked to be removed. They were removed but are starting to reappear. Also there is no drinking water on the course. Terry used to do this but she has been reassigned to early morning course grooming and is not available.

There are large dips on Holes # 5 and #9 that should be filled in. The sprinkler head between the cart path the tee box on Hole # 8 that was leaking is now a big hole. It needs to be repaired.

A discussion incurred about whether the Association will be contributing money to Jerry and Lucy's retirement party on November 14th. It was agreed by The Board, that LFGA will contribute. Nancy Sweet is going to order a large cardboard check with their names and amount printed on it.

The next Board Meeting will be November 16, 2021.

The meeting adjourned at 4:15.

Respectfully submitted,

Lynne Festa
