Re: Asphalt Project

Dear Resident:

Please allow this notice to advise you beginning on Monday, August 15, 2022, the main road asphalt road project will begin.

The work is estimated to take about a week and comprises of excavating the current pavement, hauling off site for disposal, tack and installing 124 tons of fDOTS-3 asphalt to replace the current asphalt. Once rolled it will be compacted with a steel drum roller to a finish depth of 1.5" to 2.5".

Please ensure that all areas of the project are free of objects and any debris that may interfere with the work that is being completed.

Please feel free to contact the office at the numbers listed below.

Thank you in advance for your cooperation.

Lake Fairways 239-731-2900

Pine Lakes 239-731-5565

The only road being done is Lakewood Shores Circle only, from the front on the clubhouse to just past Meadowbrook. The highlighted cul de sacs are NOT being done. It is highlighted because those people might have a bit of trouble getting in and out. They want as little traffic as possible.
