

SAFETY TIPS FOR ONLINE GAMING

PROTECT PERSONAL INFO

Avoid sharing personal info including address, school name, date of birth & phone number. Try using avatar instead of real photo.

SELECT SAFE USERNAME

Try creating username that doesn't include your fullname, address, date of birth.

BEWARE OF OTHER PLAYERS

Anyone can play games online. Report abusive, bullying, suspicious or threatening behaviour.

CHAT ONLY WITH FRIENDS & FAMILY

Exchange voice and text messages only with family and friends. Never engage with anyone you don't know about.

TIGHTEN PRIVACY SETTINGS

Tighten privacy settings to block visibility of your gaming activities.

TAKE BREAKS

Insert breaks when you feel angry, anxious, tired or hungry.

SET TIMINGS FOR GAMES

Set allocated timings for games. Make sure gaming shouldn't get prioritized over your school, homework, or other physical activities.

BEWARE OF SCAMS

Be cautious about in-app purchases and scams. Always ask an adult before making any online purchase.

NEVER ENGAGE OFF GAME

Never speak or share info to anyone off gaming platform. As it could be a tactic to bypass safety filter.

IF IN DOUBT, CONSULT AN ADULT

Before downloading any game or if you are in doubt about any online activity, always consult an adult.

BE CAUTIOUS OF 4C'S

Be on the lookout for content (inappropriate material), conduct (abusive behaviour), contact, commerce (in-app spending).
