

Tu Que Tanto Puedes

English translation:

You, Mighty Powerful

Tell me if you could, possibly, oh full moon,
melt the bars that hold Mumia.

You, who can move ships in the Suez Canal.

You who ripen the greenest gandules
with the tira y jala of your gravitational force.

I know that you have the greatest of memories
and record each step taken on you.

Take away the sleep, oh full moon,
from all who, in order to acquire power, only condemn.

And do not forget to give light to those hands that with gunpowder,
or bullets,
find their way to the dungeons.
