About Us

For over 30 years, SMC Health Care has been a trusted name in the U.S. healthcare industry, known for its commitment to innovation, research, and accessible medical services. The organization has been instrumental in bridging the gap between affordability and quality, consistently adapting to market needs and pioneering impactful healthcare solutions.

With a robust network of seasoned medical professionals, SMC Health Care has delivered customized insurance plans that meet a wide range of patient requirements. Now, the company is poised to extend its legacy to India with a bold new focus: transforming the landscape of mental and emotional wellness.

This expansion brings together a distinguished team of psychologists, psychiatrists, mentors, and counselors from both India and the U.S. — united by a shared vision to make mental health care more affordable, accessible, and free from stigma. By harnessing the power of technology and personalized care, SMC Health Care is on a mission to make mental well-being a cornerstone of everyday life.

The Stake Holders

DEAN MORGAN

Dean Morgan is a veteran leader in healthcare and insurance, with over 40 years of industry experience. Starting his career in 1984, he founded Dean Morgan Insurance and later joined America's Commercial Insurance, driving innovation in commercial policies. A key architect of Obamacare in 2011, Dean serves on the U.S. Budget Committee, shaping national healthcare and fiscal policy. A Rabbi and Ph.D. holder, he brings a rare blend of ethical leadership and deep expertise. Dean's visionary direct pay healthcare programs have transformed access and affordability, inspiring global initiatives focused on wellness, unity, and equitable care.

The Stake Holders

JAY S. BRENNER

With over 40 years at the forefront of healthcare, technology, and precision medicine, Jay S. Brenner has led major health system transformations and pioneered the integration of genomics and predictive analytics into patient care.

As founder of Aptus Life, he drives innovation in personalized medicine—combining genomics, nutrition, and mental wellness to deliver proactive, tailored healthcare solutions. His work empowers individuals to manage chronic conditions through precision-based prevention.

Jay's visionary leadership continues to shape the future of global healthcare, breaking barriers and making advanced, personalized care accessible to all.

Our Mission

HealthCare SMC India : A Holistic Approach to Well-Being

With over 30 years of experience in health and wellness, SMC is driven by a mission to enhance quality of life through comprehensive care. We recognize that true well-being includes mental, emotional, and spiritual balance—not just physical health.

Our approach helps individuals overcome stress, anxiety, and depression, guiding them toward inner peace and lasting positivity. Through personalized care and proven holistic methods, we're building a healthier, more fulfilled society—one person at a time.

THE PROGRAM

The Rising Need for Mental Health Support

In today's high-pressure world, stress, anxiety, depression, and emotional imbalance are affecting individuals across all age groups. Despite growing awareness, stigma still prevents many from seeking timely help, leading to deeper personal and professional struggles. Psychologists and psychiatrists are vital in this landscape, offering customized therapy and medical care that restore emotional balance and build confidence. With rising demand, this field also offers strong professional and financial growth for mental health experts.

A Call to Transform Lives And Create an Impact

By joining our mission to reduce stress and promote mental wellness, healthcare professionals can make a meaningful difference in people's lives. Through empathy and expertise, they help individuals overcome emotional challenges, unlock personal growth, and contribute to stronger, more resilient communities. Together, we can redefine well-being as a standard, not a privilege. By joining us, you will make a profound impact on countless lives but also gain **unmatched rewards**.
