A Note From Rick: Markets were steady in most cases this week, except for the butcher cows. Cows were quite a bit cheaper this week after holding steady for a couple of weeks. We didn't have much of a test on fat cattle, but what we had was weaker as well. The calf market was steady & continues to hang in there. Dairy cattle were steady as well with very little test of the feeder market. Hopefully, the beef market will catch itself & stabilize. I was hoping it did over the last couple of weeks, but obviously that was not the case as it was quite a bit lower this week. Have a great week & be safe during the harvest season! See you soon at TLA!!
