A Note From Rick: Markets were steady for the most part this week at TLA. We had a slight increase in prices in the baby calf market & a slight decrease in the butcher cow market. Springers & fresh heifers continue to be strong as well. The calf market continues to be stronger & stronger every week. This can't just keep going. Numbers are short & that's normal for this time of year as we are into summer breeding. It will be interesting to see what happens moving forward when numbers go back up & there are a few more calves on the market. I'm sure there are a lot of us looking for a little warmer & drier weather to get more farming done. We've turned the calendar to May & it seems to me like there hasn't been a lot of planting done. Have a great week! See you soon at TLA!!
