**A Note from Rick:** Markets continue to be steady and strong on Tuesday at TLA. The hay market remains very active and prices are steady. The market on springers and fresh cows is steady as well. Calf prices were a little higher this week and seem to be very steady. We had our February feeder sale last week and we had several nice groups of Holstein heifers of various sizes to offer. Prices were steady to stronger. We're getting to the time of year when people are starting to think Spring and I look for the feeder cattle market along with Holstein replacement heifers to be in strong demand with the limited supply that's out there. Fat cattle, both Holstein and colored, were a little stronger this week, along with butcher cows. These markets have been very strong for a while now and aren't showing any signs of backing down. Have a great week and we hope to see you soon at TLA!!
