A Note from Rick: Another good week for markets at TLA. There wasn't anything that really stood out this week to report on. It seems that all the markets on Tuesday continue to creep up slowly week after week and I feel like a broken record talking about them being "steady to stronger". All in all, that is definitely a good thing because the alternative would not do very many of us any good. It's been a while since we've had markets like this for an extended period of time and as I've mentioned recently, I think it's going to continue. We are gearing up here at TLA for the Spring Draft Horse Sale week March 13-17. I just can't say enough about our staff. The teamwork and positive approach that is put forth makes things go so smooth and seem so easy. There's a lot that goes into Draft week and the crew here takes a lot of pride in making it the best we can. It's pretty cool when we all look forward to it and have fun getting there. We've got a great lineup for the week. I'd say it's a little bigger than normal for the Spring Sale. The horse market seems to be very good and we are expecting to have a great sale!! You surely don't want to miss this week. Hope to see you all here at TLA!
