**A Note from Rick:** More of the same from markets this week at TLA. All in all, very little change compared to last week's markets. That is not the case in the Grain markets. We had some much needed rain last week and it seemed to be very widespread. That, along with the USDA June crop report, created some real fireworks. Corn prices fell sharply lower, while beans shot considerably higher. This time of year is known for having some ups and downs in the grain markets due to weather and the planted acres reports that come out. We are preparing for the TLA Classic Draft Horse Show coming up July 13-15. We are excited to host 18 premiere Six Horse Hitches from across the country and Canada. We are also looking forward to having several local drivers behind the lines! We feel very blessed to be a part of the Draft Horse Community and the opportunity to have so many talented hitches, drivers and horses visit Topeka is a must see! Thank you to all of the local businesses that have donated to make this a top notch show that is able to give out more than \$40,000 in prize money. Don't miss it!
