A Note From Rick: Nothing major to report on the markets this week at TLA. Prices were very similar to the last couple of weeks across the board. Prices are not what they were a couple of months ago, but have seemed to stabilize & even gain some strength back in some cases. I look for this to continue in the near future. We needed a correction, or a wake-up call, in these markets & I feel that's what we have gotten. Looks like we're going to have an adequate feed supply in the Midwest & that should put some stability to prices as well. Have a great week & we hope to see you soon at TLA!!
