# Bluebird Valley Stables

We are a full time training facility that specializes in colt starting. We believe a horse that is started right will perform better throughout his life. We started training at the tender age of 12 years old training ponies, then went to riding horses from 16 to 20 when an injury took us to Standardbreds, Now 23 years later we start anything from Racehorses to crossbred buggy horses, and the occasional riding horse.

**Let us start your next top performer! Or call with question concerning a problem your horses may have!**
