The Seymour Sale Committee reserves the right to reject any horse for any reason including but not limited to: unsoundness, poor condition and improper documentation of registration or Coggins papers.

COMMISSION ON HORSES: Commission shall be 6% of the first \$8,000 and 2% of the remaining bid balance. The commission on “No Sales” shall be 3% of last bid received with a minimum of a \$250 commission fee. There will be a \$250 fee if consignor does not show up with his/her consignments without a vet slip or a valid reason for not bringing the horse. ***Same day payout is available as long as all paperwork is received prior to the sale.***

TERMS: Cash, check or credit card payment due day of sale. All Horses are to be paid for in U.S. Funds. 3% buyer premium will be waived with good check or cash day of sale. Purchases made by phone bid or by proxy need to be paid by wire transfer or a check postmarked the next business day. If you are not known to the Seymour Sale Committee or Topeka Livestock Auction, you MUST bring a current bank letter of credit, certified check or cash. Credit or Debit payments will be charged a 3% fee

CHECK IN: No horse will be allowed on the grounds without current, original Coggins papers. The paperwork must arrive with the horse. All consignors are responsible for their own feed and hay. All horses must have a new halter and lead rope or one will be provided by TLA at the seller's expense.

REGISTRATIONS: TLA requires that all transfers and registrations for registered horses be in place before the animal goes to the sale ring.

WARRANTIES: Ages, heights, markings and physical conditions are an approximate and are not guaranteed. It is the buyer's responsibility to examine the horse before bidding. All sales are final. If there is an error in the catalog, the auctioneer or pedigree reader will announce it before a horse is sold. All recommendations and statements from the auction block are recorded and this will take precedence over the printed catalog.

GUARANTEE: Each consignor of this sale will make what guarantees they care to give on their equine and will be totally responsible for what guarantees they make. These guarantees will be announced at the time the animal is placed for sale. No guarantees whatsoever, expressed or implied, are made by the auctioneers, sale committee or Topeka Livestock Auction as to title, quality or soundness of any consignment.

SELLERS RECOMMENDING HORSES: TLA requests that sellers recommend their horses like they would like to buy them- announce all unsoundness on horses.

CHECK OUT: No horse will be allowed to leave without a load out sheet indicating full payment has been received. All owners are responsible for their horses until the hammer falls and full responsibility transfers immediately to the buyer.

LIABILITY: Buyers and spectators are cautioned to take care of themselves while in or near the barns or sale ring. We urge all to keep clear of the sale ring or where the horses are being shown, and upon failure to do so, and resultant injury therefrom, the Topeka Livestock Auction, or any of the members of the committee handling the sale, or consignor, disclaims any liability.

New from Pennwoods Equine Products

"During the 2023 breeding season there were periods we could not ship because of poor semen quality. With the addition of Omega Boost to my stallion's diet in late 2023, his 2024 sperm quality & motility improved more than 100% compared to the same period and shipping has been good this breeding season!"

- T. Doyle

ESSENTIAL OMEGA BOOST

A powerful breeding & reproduction support supplement

- Rich source of Omega 3s (EPA & DHA)
- Improves sperm count & motility!
- Beneficial for breathing issues & lower airway disease
- Equine vets have used it as a potent anti-inflammatory in place of or alongside steroids, helping to reduce harmful side effects
- 5LB bag offers a 30-40 day supply, fed at 2-3 oz, per head per day

"I took a chance and bought an older brood mare with very good pedigree who was not able to carry a foal for the last 2 years. I added Omega Boost about 30 days prior to breeding her and she is now 45 days in foal. The previous owners are desperately trying to buy her back!"

- C. Stoltzfus
