

# Corridor Vision and Goals

## Corridor Vision Statement:

Improve Minnie Street mobility and connectivity while enhancing neighborhood livability.

The vision will be achieved by identifying individual projects for construction that will accomplish these goals:

### Improve Non-Motorized Access:

- Construct enhanced facilities for all users
- More convenient and comfortable non-motorized connections

### Mitigate Conflicts:

- Reduce left turn and driveway conflicts
- Ease turning movements in the corridor

### Improve Connectivity:

- Improve connection to the surrounding transportation network

### Neighborhood Livability:

- Maintain minor arterial function with the look and feel of a neighborhood street
- Maintain or enhance the historic character and environmental quality of the neighborhood
