CAPABILITY STATEMENT

About Us

Federal Cyber Defense Solutions (FCD) helps government agencies and commercial organizations achieve FedRAMP, RMF, StateRAMP, CMMC, and AI security objectives. Founded in 2015, our leadership includes architects of one of the earliest FedRAMP-authorized SaaS offerings for the Federal Government. We combine executive cybersecurity leadership, engineering expertise, and compliance operations to accelerate secure cloud and AI adoption while reducing compliance cost and risk.

Mission

Federal Cyber Defense Solutions is committed to helping organizations securely adopt cloud and AI technologies through modern compliance automation, proactive cyber defense, and continuous security operations. Our mission is to reduce the complexity, cost, and timeline of achieving regulatory compliance while strengthening enterprise resilience against evolving cyber threats.
