Thank You For Supporting The Power To Drive Change

Your donation will help provide mentorship and scholarships for training programs, allowing these women to acquire the necessary skills and certifications to excel in the trucking industry. By promoting the Power to Drive Change, you are not only supporting individual women but also fostering a more equitable society.

Your contribution to this initiative is a direct opportunity to support a cause that holds immense benefits for both individuals and the communities we serve.

Together we can break down systemic barriers, and promote diversity and inclusion while unlocking the potential of African American women in the trucking industry.
