RENEWALS

This is a gentle reminder that several of our ministers have not yet sent in their License renewal and some Church Charters. The late fee is being waved until June 10th. After June 10th the late fee is \$10 and your application will have to go before the Executive Board for approval.

On the 3rd page of the Echoes you can find Rev. Amy Patrick's information if you need to contact her. There is an updated application for both these renewals on the FGCI WEBSITE, WWW.FGCI.US.

Please fill it out and send into to the General Office as soon as possible.

T.O.P.E.S. TABERNACLE OF PRAISE EMERGENCY SERVICES

In late December of 2006 and early 2007 Tabernacle of Praise church in Bedford Indiana took on a vital ministry to our city, county and region for Emergency Services. We serve as TOPES (Tabernacle Of Praise Emergency Services). We minister to the victims, and families of victims due to fires, floods, tornadoes, drownings, search & recovery teams as well as airplane and car crashes. For over 13 years we have engaged in special federal emergency training through F.E.M.A., the Department of Homeland Security, N.I.M. S. (National Incident Management Systems) and I.C.S. (Incident Command Systems).

We are on call 24 hours a day, 7 days a week. During emergency situations as mentioned above. Our Sherriff's Department will activate us to emergency scenes. This is where we minister to the traumatic emergency situations of the victims and their families as well as the on-scene emergency personnel such as law enforcement, fire fighters, and emergency medical teams. Some times our duties are as simple as handing out cool Gatorade and water to the emergency personnel. On other calls, we need to distribute energy bars to rebuild the strength of exhausted emergency workers. Many times during long extended emergency scenes that last for many hours or even days, we have to be ready to provide complete meals during all hours day or night.

During the cold winter month's in addition to cool drinks, we provide hot coffee, hot chocolate, instant soups along with thermal blankets and hand warmers. During the hot summer months we provide massive cool hydrations, ice packs, and use our ambulance with cool misting emergency fans as a rehab unit to ward off potential heat stroke victims. We have been able to resuscitate several emergency workers during fires with our specialized training and fully stocked ambulance.
