

# THE DRIVE4DYLAN LEGACY PLEDGE

Dylan Astacio's life was taken by someone else's reckless choice behind the wheel—a choice that can't be undone.

In his memory, we choose better.

We drive with purpose, with care, and with respect for every life around us.

This is more just a pledge—it's a promise to protect each other, to honor Dylan's legacy and to never take the privilege of driving for granted.

For the friend I never want to lose—and the one I never want to be.

I will speak up, slow down, and drive smart.

No speeding. No distractions. No reckless choices.

## MY PLEDGE:

- ☐ Never drive recklessly or under the influence
- ☐ Never speed for the thrill of it
- ☐ Never use my phone or drive distracted
- ☐ Speak up if someone else is driving dangerously

**I choose to be the difference.**

**I choose to Drive4Dylan.**
