Appliance Technician
at Appliances of Mammoth

Join the leading appliance team in Mammoth Lakes! We're growing fast and need a dependable, skilled Appliance Technician to help us serve local homeowners, rental properties, contractors, and businesses.

What You'll Do:

- Diagnose and repair major household appliances
- Install new units and handle haul-away/disposal
- Work closely with our sales, delivery, and Still Standing Construction teams
- Communicate clearly with customers and office staff
- Maintain accurate service notes, parts tracking, and documentation
- Provide top-tier customer service in every home
- Support deliveries or onsite troubleshooting as needed
- Uphold our reputation for quality, reliability, and fast turnaround

What We're Looking For:

- Experience in appliance repair, electrical, mechanical, refrigeration
- Strong diagnostic and troubleshooting skills
- Professional, friendly, and detail-oriented
- Must have or be willing to build a full tool set
- Valid CA driver's license + clean driving record
- Reliable transportation
- Ability to lift 50–75 lbs and work in tight spaces

Benefits:

- Competitive pay (DOE)
- Paid training and opportunities to earn certifications (appliance-specific)
- Flexible scheduling options
- Employee discounts on appliances & partner services
- Consistent, year-round work
- Growth opportunities within Appliances of Mammoth + Still Standing Construction

Additional Qualifications (Preferred, Not Required):

- Bilingual in English and Spanish
- Construction or remodeling experience
- EPA Section 608 certification (a strong plus)

How to Apply:
