ABOUT CENTURY

RELENTLESS INNOVATION.

At Century innovation has been a foundational goal in our pursuit to be the leading manufacturer of North America's highest quality kitchen cabinet accessories. This focus on innovation has led us to develop pull-outs to fit the industry's fastest-growing segment, frameless cabinets. The addition of these frameless sizes for pull-out spice organizers, pull-out canister organizers, and cookie tray pull-outs ensures Century's entire product line is now ready to meet this growing demand. See pages 56-57 for more detailed product information.

AMERICAN MADE. EXCEPTIONAL CRAFTSMANSHIP.

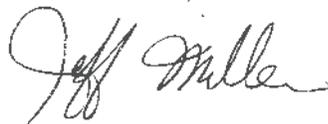

Our goal to be the best kitchen components supplier in the industry is how we commit to doing business with our partners. Many suppliers promote what they do in their companies, but few are clear about the "how" and "why." At Century, our "how" is a commitment to producing every product by hand by our highly skilled Amish craftsmen and not to rely on foreign companies that mass produce. Our "why" is to honor our Amish heritage that is steeped in the time-honored tradition of excellence and meticulous detail through hard work and commitment to our craft.

OUR COMMITMENT.

To earn and maintain your trust by designing, crafting, and finishing the most beautiful and functional cabinet accessories available.

At Century we do it the American way. Right here. At Home.

Jeff Miller, Owner

CENTURY EMPLOYEES

OUR KEY INGREDIENT.

The secret to Century's ability to consistently bring high-quality cabinet accessories to the market is found in our employees. Each and every one is dedicated to designing, crafting, and finishing our products with your satisfaction in mind.

Everything we sell is made right here in Holmes County, Ohio, in the heart of the world's largest Amish community so you can have confidence you are receiving the best products in the industry.

Mix and match drawer organizers to create a truly custom drawer layout.
Four popular variants are shown below.

DRAWER ORGANIZERS

Century makes a variety of drawer organization products that complete any kitchen:

- Silverware Tray Inserts.
- Utensil Tray Inserts.
- The Wave Knife Blocks.
- Classic Knife Blocks.
- Double Tier Silverware Drawers.

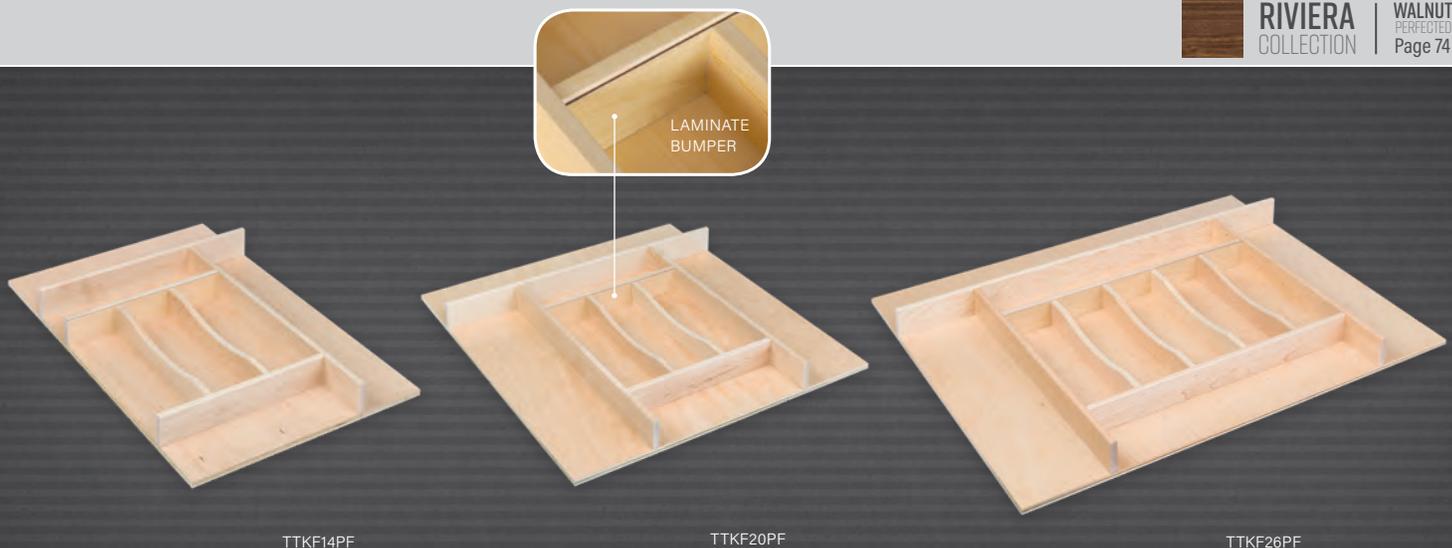

Shown with two KB6PF

SILVERWARE TRAY INSERTS

DRAWER ORGANIZERS

Why invest your money in a kitchen only to have the knife and fork points gouge out the wood in your silverware drawer? The laminate bumper on our trays eliminates the gouging and shavings that happen with conventional trays.

- No more sawdust. Natural maple laminate bumper keeps knife and fork points from gouging out the wood.
- Beautifully prefinished with natural finish.
- Easy access. Each compartment is 3" or wider making it easy to find and reach what you need.
- Refined design. The divider pieces are stepped down from one section to the next bringing a refined, classy appearance.
- Combine with Century knife blocks to create the ultimate in drawer organization. (See pages 14-17)

UTENSIL TRAY INSERTS

DRAWER ORGANIZERS

Wide compartments. Easy Access. That is what you want in kitchen organization and the Century Utensil Trays deliver both. Each compartment is no less than 3.5" wide giving you plenty of room and easy access.

- Easy access. With each compartment 3-1/2" or wider it's easy to find what you're searching for.
- Beautifully prefinished with natural finish.
- Refined design. The divider pieces are stepped down from one section to the next, bringing a refined, classy appearance.
- Combine with Century knife blocks to create the ultimate in drawer organization. (See pages 14-17)

X-Series Bracket System™ for Roll-out Shelves

The X-Series Bracket System is the most advanced roll-out shelf bracketing system available today. Tool-free adjustability allows you to quickly and easily adjust your shelves up or down to maximize your space for short or tall items. After all; you're investing in the space inside the cabinets as well.

- Base Cabinet Systems
- Pantry Cabinet Systems
- American made
- Tool-free adjustability

X-SERIES BRACKET SYSTEM FOR BASE CABINETS

X-BRACKET SYSTEM

The tool-free adjustability of the X-Series Bracket System™ for Base Cabinets allows you to easily position each roll-out shelf to accommodate items of varying heights.

- The patented (#9364090) metal brackets screw to undermount and sidemount slides and with a simple slide/swing motion lock firmly into the wood pilasters.
- Prefinished solid maple pilasters.
- Available in pilaster widths of 1.25" and 2.5"
- Pilasters can be ripped down to maximum roll-out size.

THE SOLUTION

A SINGLE SLIDE/SWING MOTION IS ALL THAT'S NEEDED TO ADJUST.

THE PROBLEMS

NO ADJUSTABILITY

Most rollout shelf systems today offer no adjustability, resulting in you losing valuable space that you paid for.

DIFFICULT ADJUSTABILITY

Some systems can be adjusted, but are not tool-free. This requires a labor intensive process to move shelves up or down.

X-SERIES BRACKET SYSTEM FOR PANTRY CABINETS

X-BRACKET SYSTEM

The tool-free adjustability of the X-Series Bracket System™ for Pantry Cabinets allows you to easily position each roll-out shelf to accommodate items of varying heights.

- The patented (#9364090) metal brackets screw to undermount and sidemount slides and with a simple slide/swing motion lock firmly into the wood pilaster.
- Prefinished solid maple pilasters.
- Available in pilaster widths of 1.25" and 2.5"
- Pilasters can be ripped down to maximum roll-out size.

THE SOLUTION

A SINGLE SLIDE/SWING MOTION IS ALL THAT'S NEEDED TO ADJUST.

THE PROBLEMS

NO ADJUSTABILITY

Most rollout shelf systems today offer no adjustability, resulting in you losing valuable space that you paid for.

DIFFICULT ADJUSTABILITY

Some systems can be adjusted, but are not tool-free. This requires a labor intensive process to move shelves up or down.

WASTE SYSTEMS

All our wood waste systems have these quality features:

- Tight and solid dovetail construction. No tear-out gaps.
- Available in solid Maple or Baltic Birch plywood.
- Available in bottom mount or top mount.
- Beautiful high sheen varnish.
- Bottom mount units have Blum® soft close slides.
- Bottom mount units available with 34 or 50 quart wastebaskets.
- American made.

WASTE SYSTEM DETAILS

Standard features:

1. Floor mount brackets come pre-assembled and attached to slides, ready for installation.
2. Door Mount Brackets slide out to provide an additional 3" reach for custom width openings.
3. Dovetailed construction.
4. Cut-out in wood top for bins perfectly matches bin profile.

SIGNATURE SERIES BOTTOM MOUNT

WASTE
SYSTEMS
