THE MARTYRS' WALK is a live and in-person journey of virtual martyrdom for men that will include extreme fitness, mental, and spiritual exercises & challenges that will push you beyond your perceived abilities. Best described as an Ignatian Retreat meets Military Bootcamp, this intensely immersive experience will take you on a three-day journey of prayer, brotherhood, and healing; all in the light of traditional Christian principles and teachings. We will take a deep dive into what is holding you back from being the man God is calling you to be. You will be pushed to die to sin and die to self so that you may live for God.

WILL YOU BE READY?
