Taleeb Noormohamed

Member of Parliament / Député
Vancouver Granville

The inaugural International Political Science Olympiad is an incredible opportunity for young people from all over the world with a passion for politics to come together and share their wealth of knowledge and skills. Political science is unfortunately often overlooked in the world of summits and forums, and this will bridge that gap. When young people are able to come together to collaborate, the possibilities to successfully enact meaningful change are endless. It is through unity, understanding, and connectedness that real solutions emerge. The International Political Science Olympiad is a chance for youth to begin these important collaborations and I am proud to share my support.

Sincerely,

Taleeb Noormohamed, MP
Vancouver Granville
