THE SEASON IN RUSSIA

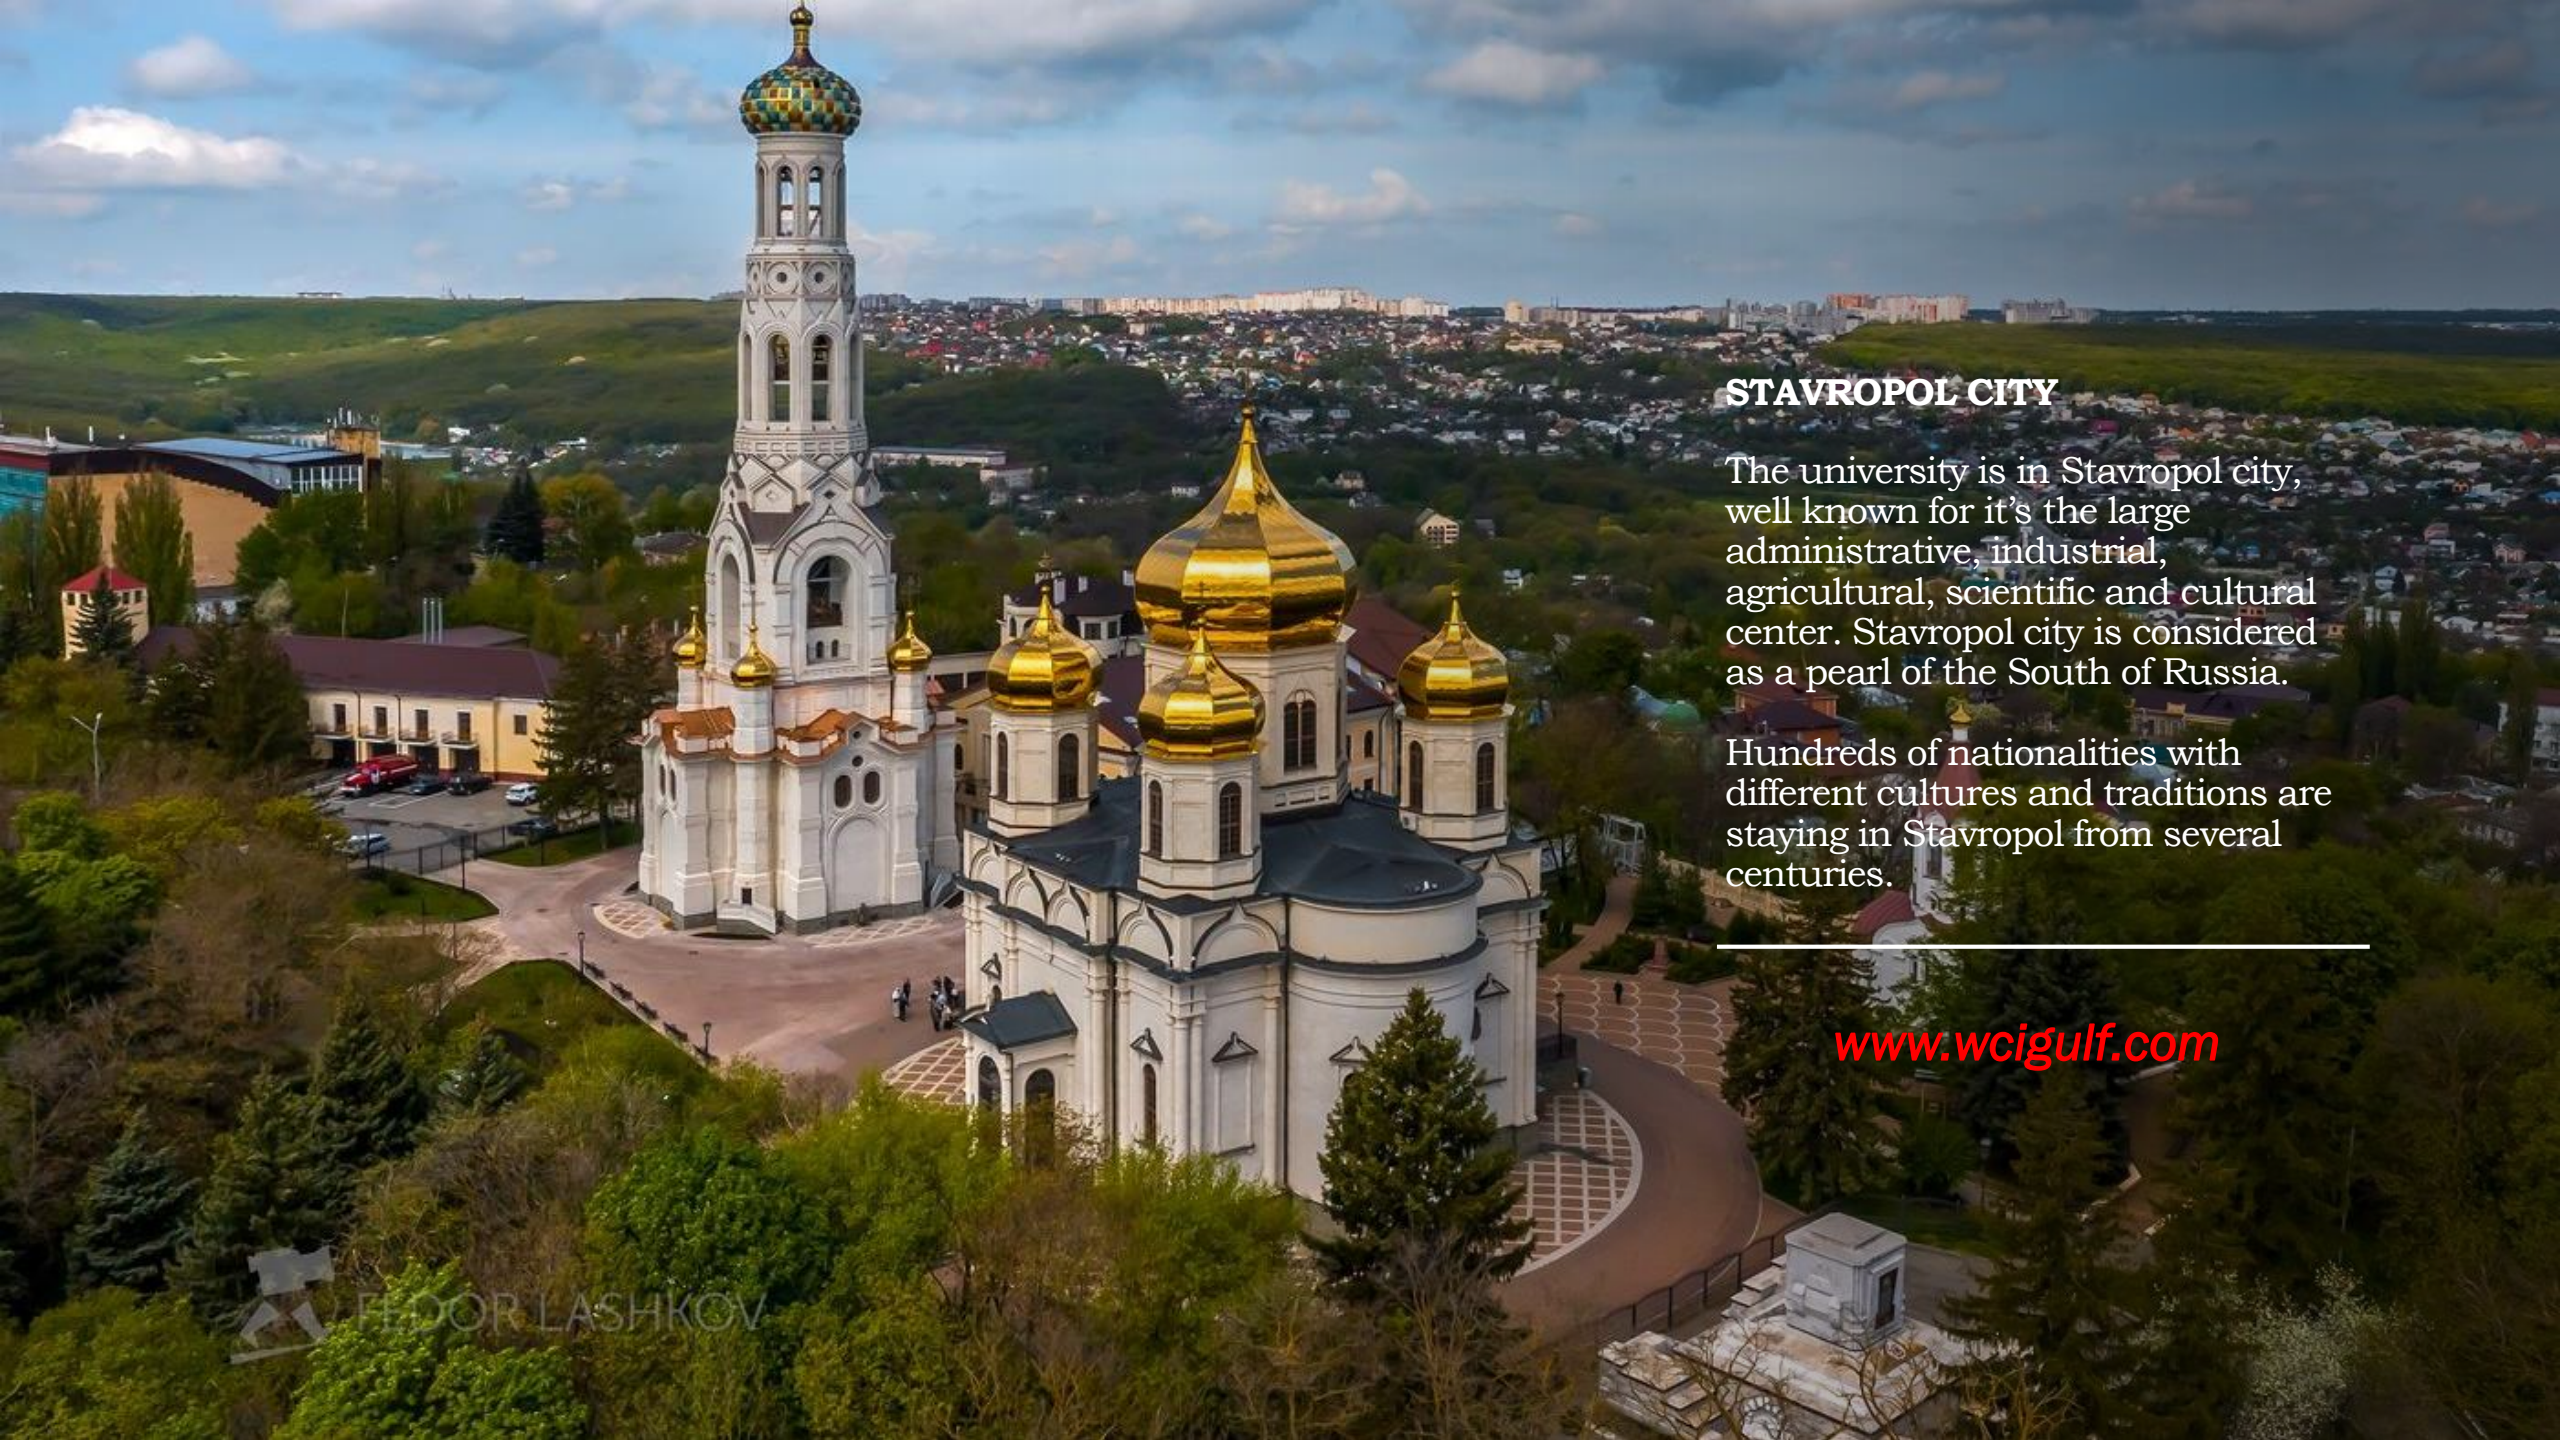

Winter, spring, summer and autumn are the seasons of the year. December, January and February are winter months. The weather is cold. Usually, it snows. The days are short, and the nights are long. You can see snow everywhere. The rivers and lakes freeze, and we can go skating and skiing.

March, April, May are spring months. It is a very nice season. The weather is fine, it is warm. There are many green trees in the streets, in the parks and the yards. Sometimes it rains, but as usual the sun shines brightly. The birds return from the hot countries and make their nests.

June, July and August are summer months. It is hot or warm. The days are long, and the nights are short. There are many green trees and nice flowers in the parks and in the squares in summer. The pupils don't go to school, they have got their summer holidays. September, October, November are autumn months. It is cool. The weather is changeable. It often rains. The days become shorter, and the nights become longer. The birds prepare to fly to the South. One can see yellow, red, brown leaves everywhere. It is time for gathering harvest.

STAVROPOL CITY

The university is in Stavropol city, well known for it's the large administrative, industrial, agricultural, scientific and cultural center. Stavropol city is considered as a pearl of the South of Russia.

Hundreds of nationalities with different cultures and traditions are staying in Stavropol from several centuries.

www.wcigulf.com

STARVROPOL STATE MEDICAL ACADEMY

Stavropol State Medical University was founded in 1938. Since that time thousands of highly skilled specialists working all over the world were prepared at the University. Their successful career growth is the pride of our University. The University is situated in the large administrative, industrial, agricultural, scientific and cultural center – the city of Stavropol which is considered a pearl of the South of Russia. Throughout several centuries the representatives of more than 100 nationalities with their original culture and traditions live there in peace and confidence. Nowadays, the University is one of the authoritative educational and scientific medical centers of our country. In 2010 all activity spheres of the University were licensed, and the State Accreditation Certificate was received.

The University has 75 chairs where 97 Doctors of Sciences, more than 300 Candidates of Sciences, 47 Honoured Physicians of the Russian Federation, 4 Honoured Scientists of the Russian Federation work.

There are 7 faculties in the University where 4 500 Russian and foreign students from 33 countries of the world are trained. In 2011 in Stavropol State Medical University new lines for preparation of specialists are opened: defectology, biology, biotechnology, physical training for persons with health deviations, economics, social work.

MESSAGE FROM RECTOR

You have chosen Stavropol State Medical University – you have made a right choice!

It is well known that the medical profession is one of the most important, popular, and respected ones. The ancient Latin proverb says, "Omnium atrium medicine Nobilis Est" – "Medicine is the noblest of all arts".

The training at Stavropol State Medical University is doubtless prestigious.

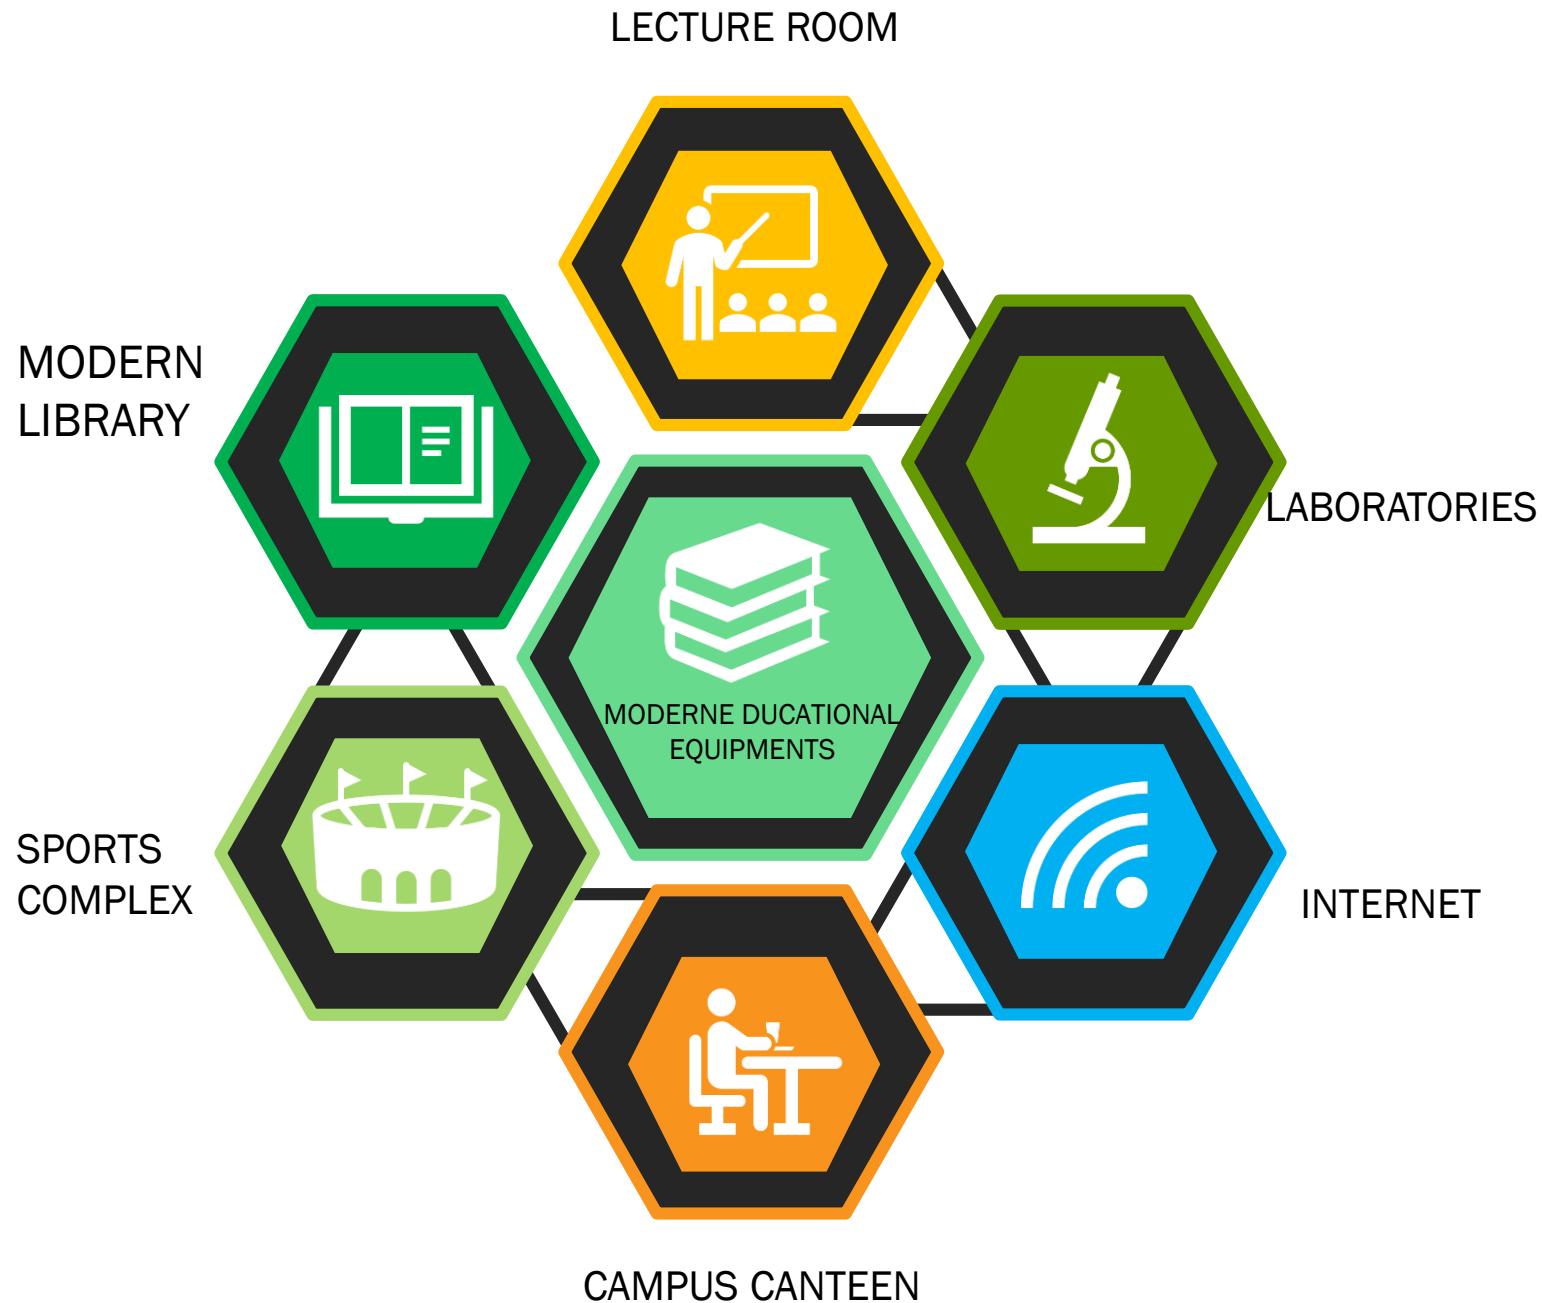

The academic clinics, own methodical and scientific schools guarantee excellent knowledge and a high level of professional medical training of the specialists.

*Rector of StSMU D. M. S.,
Professor Vladimir Ivanovich Koshel*
