in we deal

We as an organization deals in the following countries with the number of visa options:

UKRAINE

GEORGIA

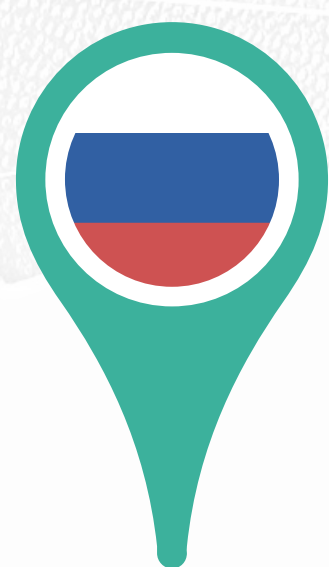

KAZAKHSTAN

KYRGYZSTAN

POLAND

RUSSIA

TURKEY

Georgia is a small nation that is wealthy in history and culture and is the home of Georgian, one of the world's additional intriguing dialects. Lined by Russia toward the north and east, Azerbaijan toward the south-east, Armenia toward the south, Turkey toward the south-west and the Black Sea toward the west, Georgia is an ex-Soviet republic that is quick turning into a significant tourist destination. This isn't simply because of the old cities, moving scenes and copious wine, yet additionally in light of the fact that Georgia is an incredibly affordable country. It's additionally a country with great schools and great international connections.

Despite the fact that Georgia is small, there's a ton to see. The capital, Tbilisi, is the seat of the nation - and it is here that any time spent in Georgia will start. Gori, the subsequent city, is home to a more quiet, more slow paced lifestyle. Close to half of Georgia's 3.7 million occupants live in these two urban communities. Despite the fact that a great deal of Georgians live in Tbilisi and Gori, there are still towns, towns and cultivating networks dabbed about the country. While Georgia is a safe country, it has two breakaway areas: Abkhazia and South Ossetia. You shouldn't venture to them. Yet, with such a great amount to find in the rest of the country, Abkahlzia and South Ossetia don't rest of the country

Kazakhstan viewed as the biggest landlocked country in terms of land area. The Republic of Kazakhstan is the ninth biggest country on the planet. The nation imparts its boundaries to China, Turkmenistan, Russia, Uzbekistan, Kyrgyzstan and Caspian Sea.

Kazakhstan is arising as a study destination for international students. The nation is most affluent and the biggest country. Kazakhstan education system is established. The nation has numerous higher education institutions offering a wide range of study programmes. Likewise, the institutions are into the global exchange programme and collaboration, subsequently drawing in global students from across the world.

In Kazakhstan, Russian and Kazakh are the authority dialects. Students studying here get a chance to become familiar with these dialects. The Republic of Kazakhstan is a reasonable living and study objective for global students. The typical cost for basic items is cheap in Kazakhstan.

KRYGYZSTAN

Kyrgyzstan-officially the Kyrgyz Republic, otherwise called Kirghizia, is a landlocked country in Central Asia. It shares its lines to Kazakhstan toward the north, Uzbekistan toward the west, Tajikistan toward the southwest, and China. The capital of Kyrgyzstan is Bishkek, which is additionally the biggest city in Kyrgyzstan.

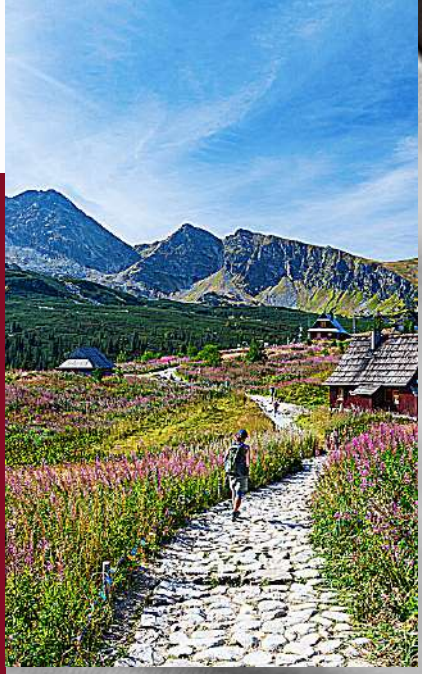

Today, Kyrgyzstan has become one of the top choices of international students who need to seek aftermedical education abroad. Many pass-outs from the medical universities of Kyrgyzstan are at present working in the main centers or medical clinics around the world. Kyrgyzstan has probably the best clinical organizations that offer MBBS degrees. These clinical colleges are perceived by many top associations like WHO, MCI, UNESCO, WDOMS and the medical council of other leading countries.

Kyrgyzstan universities offer the most affordable medical education and a solid climate and housing facilities to students from all across the world. The college grounds are very exceptional with modern framework and innovation.

The quality of medical education presented by the colleges of Kyrgyzstan is practically identical to the European standards. MBBS or other medical courses are proficient degrees and be it your nation of origin or a foreign, the educational expenses rates for proficient degrees are really high all over the place.

Be that as it may, in a nation like Kyrgyzstan, you don't need to stress over the money. It is a very affordable country. You wouldn't need to worry over your educational expenses, living expenses, accommodation costs or anything.

POLAND

An ever increasing number of students every year are choosing to study abroad in Poland. These students are attracted to its top notch education institutions, low educational expenses, and similarly minimal expense of living. Peruse on to find the reason why you ought to think about studying abroad in Poland.

Situated at the focal point of the Northern European plain, Poland fills in as the geological and social intersection of Eastern and Western Europe. Poland has been a country of survivors since the establishment of the main Polish state over 1,000 years prior. Today, Poland is the biggest of the previous Eastern European states and the most crowded new individual from the European Union.

Most of colleges in Poland give some sort of student convenience. Nonetheless, because of the minimal expense - which can be just about as low as £80 each month for a common room - the interest for such convenience is high. If you are interested in pursuing university housing, you should contact your university as soon as you receive your acceptance letter. Numerous students in Poland decide to reside in shared condos or houses, with costs going from £100-£200 each month, depending on the location.

Russia is the biggest country on the planet, covering more than 6,000,000 miles of land. Russia covers all of northern Asia and ranges nine distinctive time regions. So why study in Russia? Studying in Russia is a well known choice for global students with a wide assortment of interests, be they writing, craftsmanship, history, or Russian language considers. Global students in Russia will get a top notch education in a socially different climate.

Russia has one of the most amazing mass-education systems on the planet, and has a long-standing custom of excellent education for all residents. Russia's education system creates a 98% literacy rate, surpassing that of most Western European nations. Russia's top universities are situated in Moscow and St. Petersburg, with Moscow State University and Saint Petersburg being the most notable. The top universities in Russia have extremely competitive entry requirements, and hold special entry exams each year.

The door among Europe and the Middle East, Turkey is a sprawling country with solid social and political impacts. It borders Greece and Bulgaria toward the west, Georgia, Armenia, Azerbaijan and Iran toward the east, and Iraq and Syria toward the south-east. Turkey likewise fills in as the door between the Mediterranean and the Black Sea.

The capital is Ankara, however its biggest and most significant city is Istanbul. Istanbul is situated in the west of the country, with the Bosphorus Strait - the splitting line among Europe and Asia - going through the focal point of the city. Other significant urban areas incorporate Bodrum, Antalya, Gaziantep and Izmir.

Turkey has since quite a while ago assumed a significant part in both Europe and the Middle East. This is as yet reflected today in Turkey's way of life, its traditions and surprisingly the Turkish language.

With history, culture, normal magnificence and compositional fortunes every step of the way, it's little miracle that Turkey is so well known with students and vacationers the same.

UKRAINE

Ukraine is the second-largest country in the European continent. It is situated in Eastern Europe with Kiev as its capital city which is also its largest city. Ukraine has become one of the top places in the popular student destinations list since it offers a quality education at an affordable rate.

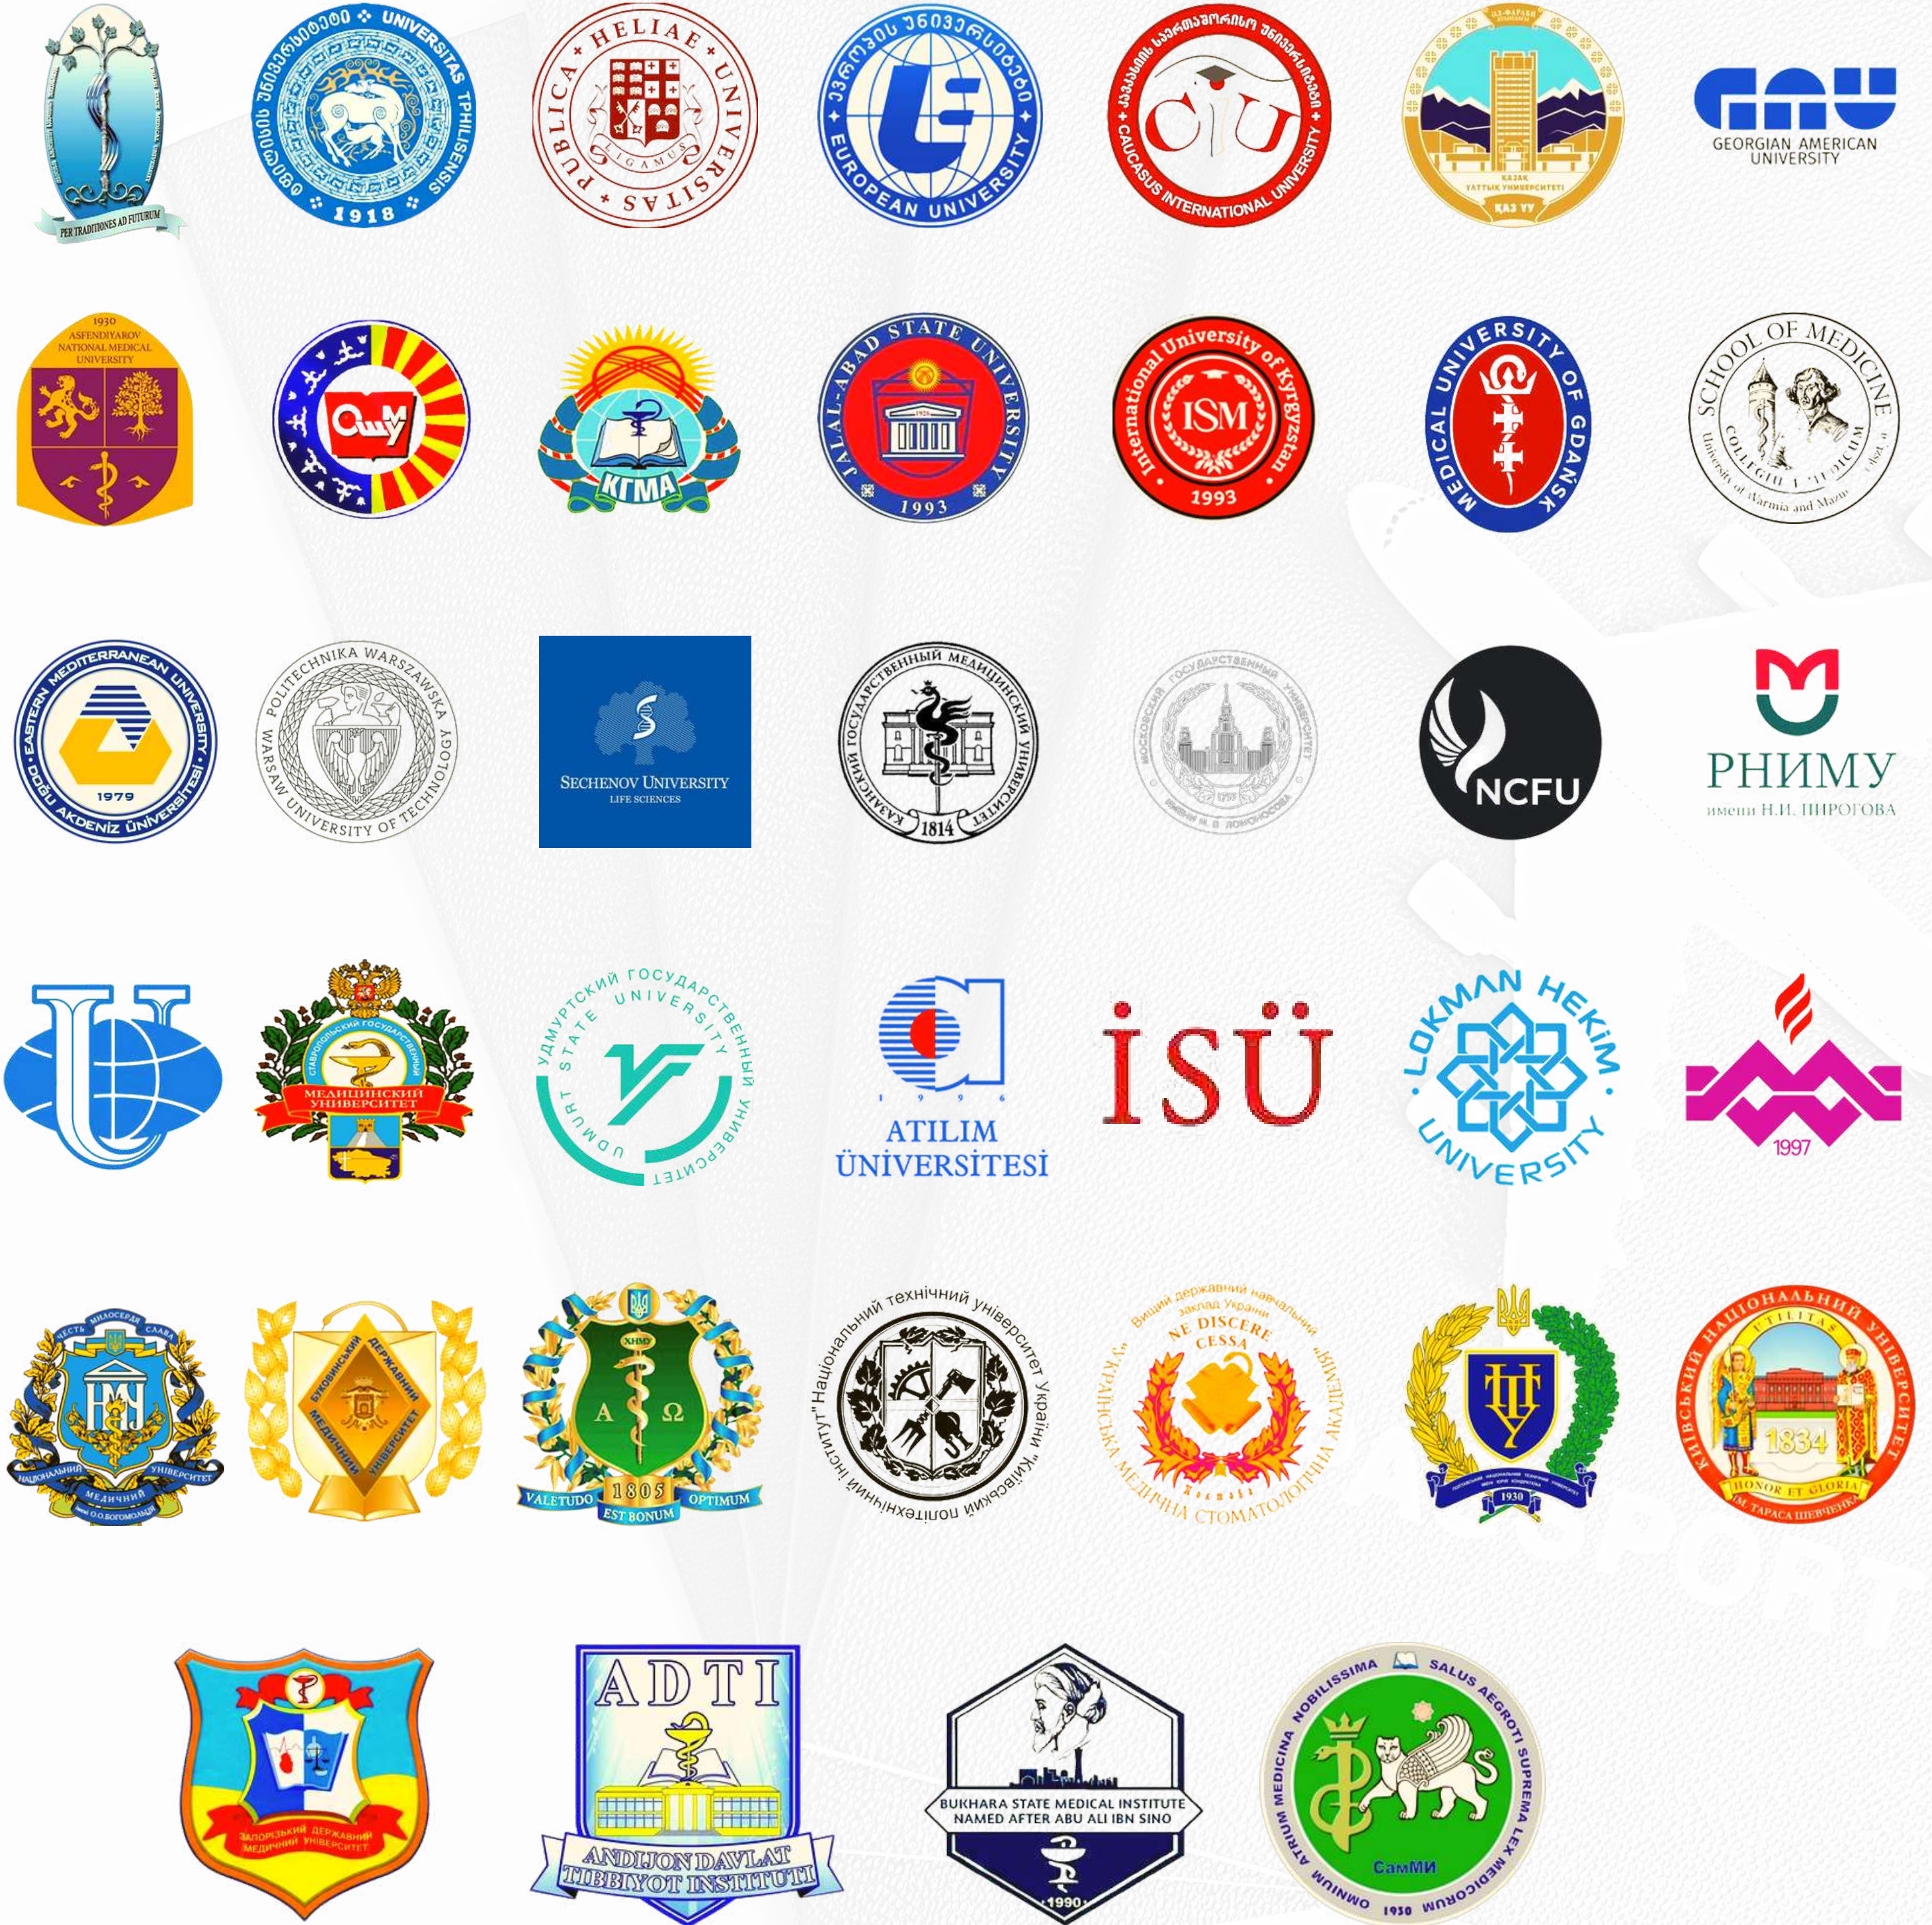

Ukraine has the largest international student population in Europe with almost 75,605 students studying in Ukrainian universities coming from different parts of the world. This can be owing to both the quality of the education the country provides, the relatively cheap fee structures available, or a combination of both.

Other advantages of studying in Ukraine are:

- The degrees offered at affordable rates are recognized all over the world.
- Provides immense scope for personality development through cultural exposure.
- The courses are all taught in English.
- Provides ample job opportunities with higher standards of living.
- Faculty who are trained to manage international classes and who focuses on the practical side of the course than theory.
