

10319 Sea Pines Dr.
Bowie MD, 20721

To whom this may concern.

First Exodus Construction has established an ongoing professional construction relationship for the past 20 years. I thoroughly enjoy working along side First Exodus Construction. We have done and accomplished several major projects from commercial, retail, facility management, and residential projects.

Each project Exodus Construction took a very proactive approach. They provide me with all the documentations required prior to issuance of the notice to proceed. By this, they were able to accelerate their construction schedule considerably.

First Exodus Construction is highly recommended, and now in the present and future projects, we're looking forward to accomplishing and growing our businesses.

Best Regards,

Vaughn McDowell

President
