8:30 am - Mass at Sacred Heart
Mass Intention: Ron & Barb Finnegan, Jeff Belcik

10:30 am - Mass at St. Joseph
Mass Intention: Gerald Bickert, Lindsey & Lisa Anatra

Dear Parishioners,

As this school year comes to an end, I wanted to take a moment to thank all of our parents, teachers, volunteers, parishioners and supporters for an amazing school year! Because of our Sacred Heart Parish and School community, we were able to offer a faith filled and action-packed year filled with many exciting events with our students.

This school year we were honored to have many children receive their first or second sacraments of Initiation to the Catholic Church. As for our sacramental lives this school year we celebrated nineteen baptisms at our parish. Nine students made their First Reconciliation and First Communion. The Sacraments are an important part of our mission as well as teaching about God. It is heartwarming to witness our younger generation building their personal relationship with God! Our students also serve God and our parish by volunteering to participate as a server, lector and singing in choir during Mass! Our Jr. High students also attended Faith, Science and Leadership Camps at Damascus.

Academics are another important component of providing a quality education at Sacred Heart School. Some of our extracurricular groups this year participated in the County and Tri-County Spelling Bee, having five Academic Challenge teams competitively competed at the county level. STEAM Club was available to all of our students in kindergarten - 8th grade, they organized and completed several service projects this academic year, our students completed and placed in many art, poster and poetry contests. Not to forget the students that are learning, progressing in their academics that are taught by our awesome teachers. We also started a new tradition of taking our 7th and 8th grade students on an interactive field trip to Washington D.C..

Let's not forget our awesome Sacred Heart School Alumni! They earned many awards and recognitions in and outside of the classroom, such as Homecoming attendees, Prom Kings, nominated for the Byron Carmean Award, FFA award recipients at the local, state and national level. Our alumni also were recipients of numerous sports awards and they broke several high school sports records.

Shout out to the students that academics doesn't come easily to them. Your hard work and perseverance don't go unnoticed. We see and are encouraging you to keep trying. Along with your parents we are offering you extra help and/or modifications with your studies. You are working hard at doing your personal best while still challenging yourself.

There is so much more at Sacred Heart that occurs inside the walls of Sacred Heart School! It is the day in and day out "little" victories that our students experience firsthand. It is so hard to pinpoint one life changing moment for our students. It is the daily activities that our students encounter day in and day out that are shaping their view of the world. As parents, parishioners and teacher-ministers it is all of our responsibilities to be vested in our future generations. If we don't show them how to follow Jesus the world will quickly show them how not to.

God bless,

Lisa Myers, Principal

Baptismal Congratulations

Congratulations to Austin and Cierra Miles on the baptism of their daughter, Oaklyn Amber on May 30th. by Fr. Jeff.

Congratulations to Cody and Kayla Stilwell on the baptism of their daughter, Harper Elizabeth, on May 30th. By Fr. Jeff.

God Bless cousins Oaklyn and Harper !

Reverend John R. Laudick, Senior Status Priest of the Diocese of Toledo, died on Wednesday, May 27, 2026.

Eternal rest grant unto him, O Lord, and let perpetual light shine upon him, and the souls of all the faithful departed, through the mercy of God, rest in peace.

Please pray for the unity and healing of our country. June 11, 2026

Statement from Bishop Daniel E. Thomas on artificial intelligence

The release of Pope Leo XIV's first encyclical, "*Magnifica Humanitas*: on Safeguarding the Human Person in the Time of Artificial Intelligence", offers the Church and the world an important moment of reflection during a time of rapid technological change. While the Holy Father addresses the growing influence of artificial intelligence, this encyclical is, above all, a profound affirmation of the dignity of the human person. Pope Leo reminds us that every person possesses an intrinsic dignity that can never be replaced, measured, or diminished by technological advancement. In a culture increasingly shaped by efficiency, algorithms, and digital interaction, the Holy Father calls us to ensure that technology always remains at the service of the human person, never the other way around.

Standing firmly within the tradition of Catholic Social Teaching, *Magnifica Humanitas* echoes the Church's long-standing mission to accompany humanity through periods of great social transformation with wisdom, compassion, and hope. Pope Leo writes that his desire is to help people "rediscover their duty" to live these principles within family life, work, and society. As shared in my March 2025 *Leading the Flock* column, these technologies should be approached as tools that can support authentic human flourishing, while never replacing those capacities and relationships that are distinctly human in nature.

The Holy Father encourages the Church not to withdraw from conversations regarding technological advances, but instead to engage the modern world through the eyes of Jesus, the Incarnate Word, with attentive listening, respectful dialogue, and faithful witness to the truth of the Gospel. Pope Leo invites us all to discernment during this "change of era" where crucial questions impose themselves on our conscience: "Where are we going? Toward what goal do we wish to orient ourselves? What direction should we choose as a people and as a human community?"

As we continue navigating the opportunities and challenges presented by artificial intelligence, we remain committed to safeguarding the God-given dignity of every human person and ensuring that our use of technology always reflects the truth that each person is created in the image and likeness of God. The dignity of the person must be the criterion of all progress.
