AMERICAN COLLEGE OF OBSTETRICIANS AND GYNECOLOGISTS

5 NU50CK000589-03-00

1. Terms and Conditions_0589

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at: <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CK20-2003, titled *Improving Clinical and Public Health Outcomes through National Partnerships to Prevent and Control Emerging and Re-Emerging Infectious Disease Threats*, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of \$420,000 is approved for the Year 03 budget period, which is September 30, 2022 through September 29, 2023. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

Project Name	Funding Amount
American College of Obstetricians and Gynecologists COVID-19 response activities.	\$300,000
Increasing HCV screening and linkage to treatment among pregnant women through outreach to American College of Obstetrics and Gynecology members.	\$120,000

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the "CARES Act") (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); the Consolidated Appropriations Act and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 (P.L. 116-260) and/or the American Rescue Plan of 2021 [P.L. 117-2] agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual's home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: <https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

- Facilitate communication among recipients to advance the sharing of expertise on response activities.
- Coordinate planning and implementation activities with other organizational and/or federal partners as needed, based on the specific public health threat.

Administrative Requirements: By October 31, 2022, the recipient must respond to the OGS Budget Comments in accordance with the recommendations provided in GrantSolutions as a Grant Note. If the date falls on a weekend or holiday, the submission will be due the following business day. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the Awarding Agency Contact Information section on the first page before the due date.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- ☒ Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of

the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

Fax: (202)-205-0604 (Include "Mandatory Grant Disclosures" in subject line) or
Email: MandatoryGranteeDisclosures@oig.hhs.gov

Recipients must include this mandatory disclosure requirement in all subawards and contracts under this award.

Failure to make required disclosures can result in any of the remedies described in 45 CFR 75.371. Remedies for noncompliance, including suspension or debarment (See 2 CFR parts 180 and 376, and 31 U.S.C. 3321).

CDC is required to report any termination of a federal award prior to the end of the period of performance due to material failure to comply with the terms and conditions of this award in the OMB-designated integrity and performance system accessible through SAM (currently FAPIIS). (45 CFR 75.372(b)) CDC must also notify the recipient if the federal award is terminated for failure to comply with the federal statutes, regulations, or terms and conditions of the federal award. (45 CFR 75.373(b))

PAYMENT INFORMATION

The HHS Office of the Inspector General (OIG) maintains a toll-free number (1-800-HHS-TIPS [1-800-447-8477]) for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements. Information also may be submitted by e-mail to hhstips@oig.hhs.gov or by mail to Office of the Inspector General, Department of Health and Human Services, Attn: HOTLINE, 330 Independence Ave., SW, Washington DC 20201. Such reports are treated as sensitive material and submitters may decline to give their names if they choose to remain anonymous.

Payment Management System Subaccount: Funds awarded in support of approved activities have been obligated in a subaccount in the PMS, herein identified as the "P Account". Funds must be used in support of approved activities in the NOFO and the approved application.

The grant document number identified on the bottom of **Page 2** of the Notice of Award must be known in order to draw down funds.

Position Title and Name	Percent Time	Months	Amount
Principal Investigator Vice President Christopher M. Zahn, MD	1%	12	In-kind
Justification: Christopher M. Zahn, MD, is the Vice President for the Practice Activities Division at ACOG, where he provides leadership and direction of ACOG's development of clinical policies and guidelines. Dr. Zahn provides supervision and direction of ACOG's Immunization, Infectious Disease, and Public Health Preparedness; Obstetric Practice; and Gynecologic Practice departments, including development of provider and patient resources and fiscal oversight of grant-funded projects. Dr. Zahn was formerly Professor and Chair of Obstetrics and Gynecology at the Uniformed Services University of Health Sciences (USUHS). He is a graduate of USUHS and completed residency in Obstetrics and Gynecology at Wilford Hall USAF Medical Center, followed by a residency in anatomic pathology and fellowship in gynecologic pathology at Johns Hopkins Hospital. Dr. Zahn is Board-certified in both Obstetrics and Gynecology and Anatomic Pathology and served as a staff physician in the Departments of Obstetrics and Gynecology and Pathology at Walter Reed National Military Medical Center. Dr. Zahn has served in numerous roles in ACOG, including as a Section and District officer. Dr. Zahn is currently a member of the Board of Directors of the American Board of Obstetrics and Gynecology, and recently served on the ACGME Review Committee for Obstetrics and Gynecology. Dr. Zahn will serve as the project's Principal Investigator and will provide oversight and leadership of daily grant activities from an ob-gyn perspective.			
Position Title and Name	Percent Time	Months	Amount
Senior Director, Health Economics & Practice Management Lisa Satterfield, MS, MPH	7%	12	*
Justification: Lisa Satterfield, MS, MPH, is the Senior Director of Health Economics for the American College of Obstetricians and Gynecologists (ACOG). In her role, she provides the advocacy strategy for physician payment and coverage for women's health, including outreach to the US Department of Health & Human Services (DHHS), the Centers for Medicare & Medicaid Services (CMS), commercial payers and other governmental and non-governmental agencies. Lisa oversees the Health Economics and Practice Management team, which includes health policy analysis, medical billing and code development and education, representation at the American Medical Association (AMA) CPT Editorial Panel and RVS Update Committee, and staff oversight of ACOG's Committee on Health Economics and Coding. For this project, Ms. Satterfield will supervise and coordinate efforts for the update of the OB Panel CPT code through the AMA processes.			
Position Title and Name	Percent Time	Months	Amount
Coding Education Specialist Tatyana Mallory	5%	12	*
Justification: Tatyana Mallory, MBA, RHIA, is the Coding Educational Specialist for ACOG. Ms. Mallory is a			

certified medical coder and provides technical assistance for members and their staff regarding billing, coding, and practice management policies. Tatyana manages the educational activities for the Health Economics & Practice Management team, and for this project she will create resources for members and their staff to assist them with requesting and billing the OB panel CPT code.

Position Title and Name	Percent Time	Months	Amount
<i>Director, Obstetrics</i> Megan McReynolds	18%	12	*
Justification: As Program Director, Megan McReynolds, directs the overall operation of ACOG's obstetric clinical practice guidelines development. During her tenure at ACOG, Ms. McReynolds has led the development of numerous clinical guidance documents including "Viral Hepatitis in Pregnancy." Ms. McReynolds directs and staffs ACOG's Clinical Practice Guidelines- Obstetrics Committee, providing oversight of Committee activities, including document coordination and resource development. Ms. McReynolds is the key ACOG staff member coordinating and overseeing ACOG's hepatitis C in pregnancy guidance development and dissemination. Ms. McReynolds, as the Program Director, will coordinate all program staff, lead hepatitis C in pregnancy guidance and resources development, and ensure timely and accurate delivery of all program requirements.			
Position Title and Name	Percent Time	Months	Amount
<i>Director, Media Relations</i> Megan Christin	10%	12	*
Justification: Under Ms. Christin's guidance and leadership, ACOG's media relations team works to reach and inform members, the public, and health policymakers about emerging practice recommendations, regulatory changes, ACOG policy positions, and more. Ms. Christin will oversee and coordinate cross-functional Marketing and Communications staff efforts related to this project, including digital, website, and email communications strategy and execution; graphic design and content development; social media strategy; and member relations. Ms. Christin will also be responsible for working with outside media entities (eg, top-tier newspapers, women's health magazines, TV, radio, and online media) to respond to media inquiries about ACOG's guidance and resource. She will draw on the expertise of ACOG Officers, Committee members, and Fellows to serve as experts and media spokespeople.			
Position Title and Name	Percent Time	Months	Amount
<i>Program Specialist</i> Julia Madden	15%	12	*
Justification: As Program Specialist for ACOG's Clinical Practice Guidelines Committees in the Practice Activities Division of ACOG, Julia Madden will provide support for the clinical guidance development and dissemination portion of this project. Ms. Madden will work in collaboration with the Director of Obstetrics. Ms. Madden will provide planning and administrative support for the Clinical Practice Guideline document. Additionally, Ms. Madden will coordinate with other internal ACOG departments as needed for clinical guidance development and dissemination.			

Additional In-kind Organizational Capacity Support

ACOG will provide additional in-kind organizational support from its Communications, Publications, IT, Marketing, Research, Finance, and Legal Departments and Divisions.

CDC-RFA-CK20-2003: Guidance for Year 2 Supplemental Funding
Improving Clinical and Public Health Outcomes through National Partnerships to Prevent
and Control Emerging and Re-Emerging Infectious Disease Threats

BACKGROUND

The National Center for Emerging and Zoonotic Infectious Diseases (NCEZID) within the Centers for Disease Control and Prevention (CDC) is awarding a total of \$12,676,600 to currently funded CDC-RFA-CK20-2003 recipients. See each Project Plan for the anticipated funding level for the project. Project Plans will be available in GrantSolutions as a Grant Note as well as on the [CK20-2003 Recipient Dashboard](#) under CDC Project Proposal.

The purpose of the program is to fund organizations that reach frontline personnel to prevent and control the spread of emerging and re-emerging infectious disease threats, such as COVID-19, including clinicians other healthcare professionals, healthcare systems, and other organizations and institutions responsible for patient care and infectious disease prevention and control in the United States. Project activities include those that track to the five program strategies of the cooperative agreement. This program addresses the “Healthy People 2030” focus area of healthcare-associated infections.

These supplemental funds will be awarded for the cooperative agreement’s year 2 budget period (09/30/2021 through 9/29/2022).

This program is authorized under Public Health Service Act sections 301(a), 307 and 317, as amended [42 U.S.C. sections 241(a), 242l, and 247b]. Authority may also stem from an applicable emergency supplemental appropriation; such appropriation and any requirements and/or limitation associated with that emergency supplemental will be added to the notice of award.

PROCESS

This funding is intended to support CK20-2003 Improving Clinical and Public Health Outcomes through National Partnerships to Prevent and Control Emerging and Re-Emerging Infectious Disease Threats currently funded recipients to implement a variety of public health activities focused on infectious disease threats. Please see Project Plans for additional information on activities, strategies, goals, and objectives pertaining to each specific project. Recipients must successfully submit Supplemental Applications via GrantSolutions no later than July 15th, 2021, 11:59PM US Eastern Time.

The application package must consist of the following documents:

- 1. Application for Federal Assistance SF-424**

- One form for entire supplemental request – please complete PDF and upload rather than using the online e-form in GrantSolutions: <https://www.grants.gov/web/grants/forms/sf-424-family.html>.

- 2. Budget Information SF-424A**

- Total funding request for supplemental project(s) – please complete PDF and upload rather than using the online e-form in GrantSolutions:
<https://www.grants.gov/web/grants/forms/sf-424-family.html>.
- 3. Budget Narrative**
 - Provide a detailed, line-item budget justification of the funding amount requested to support the activities to be carried out with those funds. Attach in the “Miscellaneous Attachments” section and title it “Budget Narrative.”
 - Prepare in the general form, format, and to the level of detail as described in the CDC Budget Guidance. The sample budget guidance is provided on CDC’s internet at:
<http://www.cdc.gov/grants/applying/application-resources.html>.
- 4. Budget Summary Spreadsheet**
 - This spreadsheet should match the information entered in the SF-424A as well as the budget line items included in the budget narrative.
- 5. Project Narrative**
 - Must be succinct, self-explanatory, address outcomes and activities to be conducted over the entire period of performance as identified in the CDC Project Proposal.
- 6. Work Plan and Progress Report Template**
 - One for each project.
 - Found on the CK20-2003 Recipient Dashboard:
<https://cdcpartners.sharepoint.com/sites/NCEZID/DHQP/COAG/SitePages/HomePage.aspx>.
- 7. Completed budget spreadsheet**
 - CDC will send a budget spreadsheet representing the total amount of supplemental funding for each program. The recipient will align the budget information in the appropriate budget categories represented from their summary budget narrative.

The application documents must be submitted in GrantSolutions, as a grant **Supplement Amendment action** as part of the applicant’s current award (CK20-2003). Instructions for accessing and completing required contents of the application package:

1. Go to: <https://home.grantsolutions.gov>.
2. Access the My Grant List screen and choose your grant under CK20-2003.
3. Click the Manage Amendments link.
4. Click the New button to begin a new amendment.
5. The Amendment Type screen appears. Choose the Supplement amendment.
6. Click the Create Amendment button at the bottom of the screen.
7. The Application Control Checklist is displayed. Use this screen to upload all pertinent information. For any required documents not listed (such as the Work Plan, Budget, and Project Narrative), you may upload those under the “Application Upload Attachments” section.
8. The following are not required for this supplement amendment:
 - Project Abstract Summary
 - SF-424B Assurances - Non-Construction
 - SF-LLL Disclosure of Lobbying Activities
9. For guided instructions, please view the video (choose Session 3 at seven minutes) at
<https://home.grantsolutions.gov/home/recipient-training-videos/>.

WORK PLAN STRATEGIES AND ACTIVITIES

Applicants must develop and submit a work plan that addresses the goals and outcomes outlined in the specific Project Plans. The work plan(s) and activities should align with the program strategies in the logic model and detailed in the project justification and summary. The work plan should reflect the strategies, outcomes, evaluation, and performance measures described in the Project Plan(s).

Recipients must provide at least one proposed long-term outcome. All recipients will be expected to remain in scope of original Notice of Funding Opportunity that will address the strategies and activities below:

Strategies:

1. DISSEMINATE AND ADOPT
2. INFORM AND ADAPT
3. TARGET AND TRAIN
4. INTEGRATE AND EXTEND
5. EVALUATE AND IMPROVE

Activities:

- Support CDC in the dissemination and adoption or implementation of guidance, clinical guidelines, and best practices for the prevention and control of emerging and re-emerging infectious diseases. Non-CDC documents should be shared with CDC for federal purposes, CDC 45 CFR 75.322.
- Inform and support CDC in the development and adaptation of guidance, tools, and best practices, including collecting and communicating individual expert opinions that can inform updates to existing guidance that consider the needs of specific patient populations, clinical specialties, and industry sectors.
- Engage frontline personnel and lead training in CDC best practices for the broader workforce supporting the prevention and control of emerging and re-emerging infectious diseases. Target guidance and tools to better reach communities or populations at increased risk for infectious diseases and reduce disease spread in targeted workplaces or settings.
- Develop integrated and cross-sub-specialty networks for information sharing, problem-solving, and sharing of promising practices, including the development of rapid or living learning networks. Extend networks to reach populations that are at increased risk for infectious diseases.
- Evaluate the impact and effectiveness of strategies for improved infection prevention and control practices. Implement continuous improvement by assessing and monitoring performance metrics related to prevention programs and program strategy.

REPORTING REQUIREMENTS (see original NOFO text for additional information

<https://www.grants.gov/web/grants/view-opportunity.html?oppld=327979>):

- Recipient Evaluation and Performance Measurement Plan, including Data Management Plan (DMP) by 6-months into award.

- Bi-annual (6-months) performance and progress monitoring reports on status of timelines, goals, objectives, outputs, outcomes, and other measurement data as defined by CDC in approved work plans.
- Status on these programs as part of their annual progress reports (APRs). CDC may provide separate APR guidance and optional templates should they be required.
- Quarterly fiscal reports through the Payment Management System (OMS) due January 30; April 30; July 30; and October 30.
- Federal Financial Reporting Forms (FFR) SF-425 due 90 days after the end of the budget period.

TERMS AND CONDITIONS

Within 30 days of receipt of the Notice of Award (NOA), the recipient may be required to submit a Technical Review Response to Weaknesses Amendment OR a Budget Revision Amendment based on the Technical Review comments and feedback.

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the “CARES Act”) (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); the Consolidated Appropriations Act and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 (P.L. 116-260) and/or the American Rescue Plan of 2021 [P.L. 117-2] agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual’s home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at:

<https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

TERMINATION

This award may be terminated in whole or in part consistent with 45 CFR 75.372.

Position Title and Name	Percent Time	Months	Amount
Principal Investigator Vice President Christopher M. Zahn, MD	1%	12	In-kind
Justification: Christopher M. Zahn, MD, is the Vice President for the Practice Activities Division at ACOG, where he provides leadership and direction of ACOG's development of clinical policies and guidelines. Dr. Zahn provides supervision and direction of ACOG's Immunization, Infectious Disease, and Public Health Preparedness; Obstetric Practice; and Gynecologic Practice departments, including development of provider and patient resources and fiscal oversight of grant-funded projects. Dr. Zahn was formerly Professor and Chair of Obstetrics and Gynecology at the Uniformed Services University of Health Sciences (USUHS). He is a graduate of USUHS and completed residency in Obstetrics and Gynecology at Wilford Hall USAF Medical Center, followed by a residency in anatomic pathology and fellowship in gynecologic pathology at Johns Hopkins Hospital. Dr. Zahn is Board-certified in both Obstetrics and Gynecology and Anatomic Pathology and served as a staff physician in the Departments of Obstetrics and Gynecology and Pathology at Walter Reed National Military Medical Center. Dr. Zahn has served in numerous roles in ACOG, including as a Section and District officer. Dr. Zahn is currently a member of the Board of Directors of the American Board of Obstetrics and Gynecology, and recently served on the ACGME Review Committee for Obstetrics and Gynecology. Dr. Zahn will serve as the project's Principal Investigator and will provide oversight and leadership of daily grant activities from an ob-gyn perspective.

AWARD ATTACHMENTS

THE AMERICAN COLLEGE OF OBGYN

6 NU50CK000589-02-01

1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CK2=20-2003, titled *Improving Clinical and Public Health Outcomes through National Partnerships to Prevent and Control Emerging and Re-Emerging Infectious Disease Threats*, and application dated July 15, 2021, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Supplemental Component Funding: Additional funding in the amount of \$120,000 is approved for the Year 02 budget period, which is September 30, 2021 through September 29, 2022.

Project Name	Funding Amount
Increasing HCV screening and linkage to treatment among pregnant women through outreach to American College of Obstetrics and Gynecology members.	\$120,000

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the "CARES Act") (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); the Consolidated Appropriations Act and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 (P.L. 116-260) and/or the American Rescue Plan of 2021 [P.L. 117-2] agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual's home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS–

CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: <https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

Administrative Requirement: The recipient must respond to the OGS Budget Comments in accordance with the recommendations provided in GrantSolutions as a Grant Note within 30 days of the issuance date of the Notice of Award. If the date falls on a weekend or holiday, the submission will be due the following business day.

Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the Awarding Agency Contact Information section on the first page before the due date.

REPORTING REQUIREMENTS

Required Disclosures for Federal Awardee Performance and Integrity Information

System (FAPIS): Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the CDC, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Subrecipients must disclose, in a timely manner in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the CDC and to the HHS OIG at the following addresses:

CDC, Office of Grants Services

or Email: MandatoryGranteeDisclosures@oig.hhs.gov

Recipients must include this mandatory disclosure requirement in all subawards and contracts under this award.

Failure to make required disclosures can result in any of the remedies described in 45 CFR 75.371. Remedies for noncompliance, including suspension or debarment (See 2 CFR parts 180 and 376, and 31 U.S.C. 3321).

CDC is required to report any termination of a federal award prior to the end of the period of performance due to material failure to comply with the terms and conditions of this award in the OMB-designated integrity and performance system accessible through SAM (currently FAPIIS). (45 CFR 75.372(b)) CDC must also notify the recipient if the federal award is terminated for failure to comply with the federal statutes, regulations, or terms and conditions of the federal award. (45 CFR 75.373(b))

PAYMENT INFORMATION

The HHS Office of the Inspector General (OIG) maintains a toll-free number (1-800-HHS-TIPS [1- 800-447-8477]) for receiving information concerning fraud, waste, or abuse under grants and cooperative agreements. Information also may be submitted by e-mail to hhstips@oig.hhs.gov or by mail to Office of the Inspector General, Department of Health and Human Services, Attn: HOTLINE, 330 Independence Ave., SW, Washington DC 20201. Such reports are treated as sensitive material and submitters may decline to give their names if they choose to remain anonymous.

Payment Management System Subaccount: Funds awarded in support of approved activities have been obligated in a subaccount in the PMS, herein identified as the "P Account". Funds must be used in support of approved activities in the NOFO and the approved application.

The grant document number identified on the bottom of Page 2 of the Notice of Award must be known in order to draw down funds.

Stewardship: The recipient must exercise proper stewardship over Federal funds by ensuring that all costs charged to your cooperative agreement are allowable, allocable, and reasonable and that they address the highest priority needs as they relate to this program.

All the other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.

Salaries and Wages

*Note: Individual annual salaries/wages and amounts requested for individuals will be submitted separately upon request. To request this information, contact ACOG's Senior Manager, Grant and Payroll Accounting, Dwayne Martin, at dmartin@acog.org.

The original budget listed Farnese Motto as an ACOG program specialist working on this project. Farnese has since left ACOG and has been replaced by Sheila Reynoso, Program Specialist, who will serve in the same capacity and same percentage and salary as Farnese. Sheila Reynoso brings a higher level of experience than Farnese, therefore her salary is slightly higher. The salary budget is slightly increased to reflect the actual salary of Sheila Reynoso.

Position Title and Name	Percent Time	Months	Amount
Principal Investigator Vice President Christopher M. Zahn, MD	10%	12	*
Justification: Christopher M. Zahn, MD, is the Vice President for the Practice Activities Division at ACOG, where he provides leadership and direction of ACOG's development of clinical policies and guidelines. Dr. Zahn provides supervision and direction of ACOG's Immunization, Infectious Disease, and Public Health Preparedness; Obstetric Practice; and Gynecologic Practice departments, including development of provider and patient resources and fiscal oversight of grant-funded projects. Dr. Zahn was formerly Professor and Chair of Obstetrics and Gynecology at the Uniformed Services University of Health Sciences (USUHS). He is a graduate of USUHS and completed residency in Obstetrics and Gynecology at Wilford Hall USAF Medical Center, followed by a residency in anatomic pathology and fellowship in gynecologic pathology at Johns Hopkins Hospital. Dr. Zahn is Board-certified in both Obstetrics and Gynecology and Anatomic Pathology and served as a staff physician in the Departments of Obstetrics and Gynecology and Pathology at Walter Reed National Military Medical Center. Dr. Zahn has served in numerous roles in ACOG, including as a Section and District officer. Dr. Zahn is currently a member of the Board of Directors of the American Board of Obstetrics and Gynecology, and recently served on the ACGME Review Committee for Obstetrics and Gynecology. Dr. Zahn will serve as the project's Principal Investigator and will provide oversight and leadership of daily grant activities from an ob-gyn perspective.			
Position Title and Name	Percent Time	Months	Amount
Senior Director Nancy O'Reilly, MHS, PMP®	5%	12	*
Justification: Nancy O'Reilly, MHS, is ACOG's Senior Director of Practice Activities. Ms. O'Reilly developed and launched ACOG's WPSI program, tasked with development and implementation of clinical recommendation for women's preventive healthcare. Ms. O'Reilly oversees all ACOG clinical management recommendations within the Practice Activities Division of ACOG. In her previous role as Senior Director of Practice Bulletins, Ms. O'Reilly oversaw development of all ACOG evidence-based clinical practice guidelines. She oversees other grant funded programs including the Women's Preventive Services Initiative, and other grant programs focused on telehealth, breast cancer, and adolescent health programs, as well as supervises department			

staff. For this Project, Ms. O'Reilly will supervise and coordinate efforts of the Practice Activities staff to support initiatives related to COVID-19 as needed.

Position Title and Name	Percent Time	Months	Amount
<i>Director, Immunization, Infectious Disease, & Public Health Preparedness</i> Sarah Carroll, MPH	34.9%	12	*
Justification: As Program Director, Sarah Carroll, MPH, directs the overall operation of ACOG's Immunization, Infectious Disease, and Public Health Preparedness Department. In this role, Ms. Carroll oversees the day-to-day activities of the department, which includes oversight of grants. During her tenure at ACOG, Ms. Carroll has overseen more than 15 grants and cooperative agreements aimed at addressing immunization and infectious diseases, as well as emergency preparedness and response efforts. Ms. Carroll directs and staffs ACOG's Immunization, Infectious Disease, and Public Health Preparedness (IIDPHP) Expert Work Group, providing oversight of Work Group activities, including document coordination and resource development. Ms. Carroll is the key ACOG staff member coordinating and overseeing ACOG's COVID-19 response. Ms. Carroll, as the Program Director, will supervise all program staff, oversee and coordinate the involvement of the ACOG IIDPHP Expert Work Group and various Expert Work Groups, and ensure timely and accurate delivery of all program requirements.			
Position Title and Name	Percent Time	Months	Amount
<i>Senior Manager of Media Relations</i> Megan Christin	5%	12	*
Justification: Under Ms. Christin's guidance and leadership, ACOG's media relations team works to reach and inform members, the public, and health policymakers about emerging practice recommendations, regulatory changes, ACOG policy positions, and more. Ms. Christin is currently a Co-Chair of ACOG's internal COVID-19 Task Force. For this project, Ms. Christin will oversee and coordinate cross-functional Marketing and Communications staff efforts related to ACOG's response, including: digital, website, and email communications strategy and execution; graphic design and content development; social media strategy; and member relations. Ms. Christin will also be responsible for working with outside media entities (eg, top-tier newspapers, women's health magazines, TV, radio, and online media) to respond to media inquiries about ACOG's response. She will draw on the expertise of ACOG Officers, Committee members, and Fellows to serve as experts and media spokespeople.			
Position Title and Name	Percent Time	Months	Amount
<i>Program Specialist</i> Sheila Reynoso	30%	8	*
Justification: As Program Specialist for ACOG's Immunization, Infectious Disease, and Public Health Preparedness (IIDPHP) Department in the Practice Activities Division of ACOG, Sheila Reynoso will provide support for this project. Ms. Reynoso will work in collaboration with the Department's Director and Senior Director. Ms. Reynoso will provide planning and administrative support to the Immunization, Infectious Disease, and Public Health Preparedness Expert Work Group. Ms. Reynoso will also attend all meetings and trainings within the department to provide administrative and technical support. Ms. Reynoso will			

1) coordinate with other internal ACOG departments as needed for activity development and implementation; 2) attend all internal, CDC project, and partner-building meetings; and 3) provide administrative, planning, and technical support for the meetings of the debrief meeting, Immunization, Infectious Disease, and Public Health Preparedness Expert Work Group and other Expert Work Groups as needed.

ORGANIZATION: The American College of Obstetricians and Gynecologist

AGREEMENT DATE: 8/30/2021

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.

Subject: Updated Year Two Activities (6 NU50CK000589-02-01)

Hi Suzanne,

As we discussed on the phone a couple of weeks ago, ACOG is planning to revise it's activities for year two of this project to focus more on the promotion of our podcast and really hone in on areas of the country with particularly low vaccination rates through earned media and outreach to community leaders.

The attached activities are what I plan to update in our PPMR in SharePoint, pending your final approval. These activities replace the social media tool kit and 1.5. hour training.

Please let me know if you approve and of course if you have any questions.

Thank you so much!

ORGANIZATION: The American College of Obstetricians and Gynecologist

AGREEMENT DATE: 8/30/2021

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.

1. Terms and Conditions BR_0589

ADDITIONAL TERMS AND CONDITIONS OF THIS AWARD

Revised Budget: The purpose of this amended Notice of Award is to approve the revised budget submitted by your organization dated October 29, 2021. Funds have been distributed as indicated in the approved budget of this Notice of Award.

Indirect Cost Rate Revision: Indirect costs are approved based on the negotiated indirect cost rate agreement dated August 30, 2021, which calculates indirect costs as follows, a Provisional is approved at a rate of 61.30 of the base, which includes, direct salaries and wages excluding all fringe benefits. The effective dates of this indirect cost rate are from January 1, 2021 to December 31, 2023.

HHS Non-Discrimination Legal Requirements for Recipients of Federal Financial Assistance

You must administer your project in compliance with federal civil rights laws that prohibit discrimination on the basis of race, color, national origin, disability, age and, in some circumstances, religion, conscience, and sex (including gender identity, sexual orientation, and pregnancy). This includes taking reasonable steps to provide meaningful access to persons with limited English proficiency and providing programs that are accessible to and usable by persons with disabilities. The HHS Office for Civil Rights provides guidance on complying with civil rights laws enforced by HHS. See <https://www.hhs.gov/civil-rights/for-providers/provider-obligations/index.html> and <https://www.hhs.gov/civil-rights/for-individuals/nondiscrimination/index.html>.

- You must take reasonable steps to ensure that your project provides meaningful access to persons with limited English proficiency. For guidance on meeting your legal obligation to take reasonable steps to ensure meaningful access to your programs or activities by limited English proficient individuals, see <https://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/fact-sheet-guidance/index.html> and <https://www.lep.gov/>.
- For information on your specific legal obligations for serving qualified individuals with disabilities, including providing program access, reasonable modifications, and taking appropriate steps to provide effective communication, see <http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html>.
- HHS funded health and education programs must be administered in an environment free of sexual harassment, see <https://www.hhs.gov/civil-rights/for-individuals/sex-discrimination/index.html>.
- For guidance on administering your project in compliance with applicable federal religious nondiscrimination laws and applicable federal conscience protection and associated anti-discrimination laws, see <https://www.hhs.gov/conscience/conscience-protections/index.html> and <https://www.hhs.gov/conscience/religious-freedom/index.html>.

Stewardship: The recipient must exercise proper stewardship over Federal funds by ensuring that all cost charged to their cooperative agreement are allowable, allocable and reasonable and that they address the highest priority needs as they relate to this program.

All other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.

1. A CFDA Number consists of the Federal agency two-digit prefix and CFDA three-digit extension (from Part II, Items 1(a) and 1(b)) separated by a period.

2. Enter the letter for each type of compliance requirement that applies to the audit findings (i.e., noncompliance, significant deficiency, material weakness, questioned costs, fraud, and other items reported under 2 CFR 200.516(a)) reported for each Federal program. Only enter the type(s) of compliance requirement(s) the auditor was testing which generated the audit finding.

Criteria - In accordance with §200.303(a), Internal Controls, a non-federal entity must establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

In accordance with §200.331(a) Requirements for Pass-Through Entities requires that pass-through entities must ensure that every sub-award is clearly identified to the subrecipient as a sub-award and includes certain information at the time of the subaward, and if any of the required data elements change, the pass-through entity must include the changes in subsequent subaward modifications.

In accordance with §200.331(b), §200.331(d), and §200.331(f), Requirements for Pass-Through Entities, the Organization must evaluate each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring. The Organization must also monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include; (1) reviewing financial and performance reports required by the pass-through entity; (2) following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means; and (3) issuing a management decision for audit findings pertaining to the federal award provided to the subrecipient from the pass-through entity. Additionally, pass-through entities must verify that every subrecipient is audited as required by Subpart F – Audit Requirements when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in §200.501, Audit Requirements.

Condition - During our testing of subrecipient monitoring, we noted the following conditions:

- For 1 of 10 subrecipient samples, the Organization did not verify that the subrecipient had an audit performed, nor did management review the results of such subrecipient audit as part of their ongoing monitoring procedures.

Criteria - In accordance with §200.303(a), Internal Controls, a non-federal entity must establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

Condition – During the testing of programmatic reports, programmatic personnel were unable to provide documentation that the performance report had been reviewed and approved prior to submission.

Cause - The internal controls established for review of programmatic reports did not operate as designed. However, the information within the programmatic reports was accurate based on our testing.

Effect or Potential Effect – Failure to perform oversight and approval of programmatic reports could result in the Organization providing information to the federal government that is incomplete or inaccurate which could lead to delayed funding.

Questioned Costs – There are no questioned costs related to the items described above.

Context - We tested a sample of three programmatic reports and found two exceptions. This is a condition identified per review of the Organization's internal controls over compliance using a randomly selected sample.

Repeat finding – This is a repeat finding from the previous year. This was reported as finding 2018-004 in the 2018 schedule of findings and questioned costs.

Alliance for Innovation on Maternal and Child Health UC4MC28042 September 1, 2014 – August 31, 2023

Bright Futures for Women's Health UH0MC29440 March 1, 2016 – February 28, 2021

Criteria - In accordance with §200.510(b) states in part: "The auditee must also prepare a schedule of expenditures of Federal awards (the Schedule) for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502, Basis for determining Federal awards expended". The schedule must provide total Federal awards expended for each individual Federal program.

Condition – During our review of the procurement population, we noted one subrecipient was classified as a vendor. These expenditures were excluded from the subrecipient population and not properly included within the subrecipient expenditure column of the Schedule originally provided by the client.

During our review of grant agreements, we noted one Federal award that was improperly excluded from the original Schedule. This resulted in one program on the original Schedule provided for the audit to be understated in Federal awards expended.

Cause - The Organization experienced staffing constraints during the year-end closing and financial reporting time period, which put a strain on management's ability to prepare an accurate Schedule. Insufficient understanding of the basis for determining Federal awards expended resulted in an inaccurate Schedule.

Effect or Potential Effect - The original Schedule provided excluded expenditures for one subrecipient within the subrecipient expenditure column. The original Schedule provided was inaccurate. Adjustments were recorded and approved by the Organization's management for presentation in this report.

Questioned Costs – There are no questioned costs related to this finding.

Context – The incomplete subrecipient population was identified through procurement testing. Per review of the Organization's grant agreements, we identified one grant that was improperly excluded

from the Schedule.

AGREEMENT DATE: 10/16/2020

ORGANIZATION: The American College of Obstetricians and
Gynecologist

AGREEMENT DATE: 10/16/2020

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.

1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.htm>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CK20-2003, entitled *Improving Clinical and Public Health Outcomes through National Partnerships to Prevent and Control Emerging and Re-Emerging Infectious Disease Threats*, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of \$300,000 is approved for the Year 01 budget period, which is February 1, 2021 through September 29, 2021. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the "CARES Act") (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); and/or the Consolidated Appropriations Act, 2021, Division M – Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260) agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual's home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: <https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf>.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition,

recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

Revised Budget: This Notice of Award also approves the revised budget request submitted by your organization. Funds have been distributed as indicated in the approved budget of this Notice of Award.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Indirect Costs: Indirect costs are approved based on the negotiated indirect cost rate agreement.

REPORTING REQUIREMENTS

Required Disclosures for Federal Awardee Performance and Integrity Information System (FAPIS): Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the CDC, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Subrecipients must disclose, in a timely manner in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the CDC and to the HHS OIG at the following addresses:

Criteria - In accordance with §200.303(a), Internal Controls, a non-federal entity must establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

In accordance with §200.331(a) Requirements for Pass-Through Entities requires that pass-through entities must ensure that every sub-award is clearly identified to the subrecipient as a sub-award and includes certain information at the time of the subaward, and if any of the required data elements change, the pass-through entity must include the changes in subsequent subaward modifications.

In accordance with §200.331(b), §200.331(d), and §200.331(f), Requirements for Pass-Through Entities, the Organization must evaluate each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring. The Organization must also monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with federal statutes, regulations, and the terms and conditions of the subaward; and that subaward performance goals are achieved. Pass-through entity monitoring of the subrecipient must include; (1) reviewing financial and performance reports required by the pass-through entity; (2) following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the federal award provided to the subrecipient from the pass-through entity detected through audits, on-site reviews, and other means; and (3) issuing a management decision for audit findings pertaining to the federal award provided to the subrecipient from the pass-through entity. Additionally, pass-through entities must verify that every subrecipient is audited as required by Subpart F – Audit Requirements when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in §200.501, Audit Requirements.

Condition - During our testing of subrecipient monitoring, we noted the following conditions:

- For 1 of 10 subrecipient samples, the Organization did not verify that the subrecipient had an audit performed, nor did management review the results of such subrecipient audit as part of their on-going monitoring procedures.

Criteria - In accordance with §200.303(a), Internal Controls, a non-federal entity must establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

Condition – During the testing of programmatic reports, programmatic personnel were unable to provide documentation that the performance report had been reviewed and approved prior to submission.

Cause - The internal controls established for review of programmatic reports did not operate as designed. However, the information within the programmatic reports was accurate based on our testing.

Effect or Potential Effect – Failure to perform oversight and approval of programmatic reports could result in the Organization providing information to the federal government that is incomplete or inaccurate which could lead to delayed funding.

Questioned Costs – There are no questioned costs related to the items described above.

Context - We tested a sample of three programmatic reports and found two exceptions. This is a condition identified per review of the Organization's internal controls over compliance using a randomly selected sample.

Repeat finding – This is a repeat finding from the previous year. This was reported as finding 2018-004 in the 2018 schedule of findings and questioned costs.

Alliance for Innovation on Maternal and Child Health UC4MC28042 September 1, 2014 – August 31, 2023

Bright Futures for Women's Health UH0MC29440 March 1, 2016 – February 28, 2021

Criteria - In accordance with §200.510(b) states in part: "The auditee must also prepare a schedule of expenditures of Federal awards (the Schedule) for the period covered by the auditee's financial statements which must include the total Federal awards expended as determined in accordance with §200.502, Basis for determining Federal awards expended". The schedule must provide total Federal awards expended for each individual Federal program.

Condition – During our review of the procurement population, we noted one subrecipient was classified as a vendor. These expenditures were excluded from the subrecipient population and not properly included within the subrecipient expenditure column of the Schedule originally provided by the client.

During our review of grant agreements, we noted one Federal award that was improperly excluded from the original Schedule. This resulted in one program on the original Schedule provided for the audit to be understated in Federal awards expended.

Cause - The Organization experienced staffing constraints during the year-end closing and financial reporting time period, which put a strain on management's ability to prepare an accurate Schedule. Insufficient understanding of the basis for determining Federal awards expended resulted in an inaccurate Schedule.

Effect or Potential Effect - The original Schedule provided excluded expenditures for one subrecipient within the subrecipient expenditure column. The original Schedule provided was inaccurate. Adjustments were recorded and approved by the Organization's management for presentation in this report.

Questioned Costs – There are no questioned costs related to this finding.

Context – The incomplete subrecipient population was identified through procurement testing. Per review of the Organization's grant agreements, we identified one grant that was improperly excluded

from the Schedule.

Good Day!!!

Progress has FINALLY arrived!! I am working on your updated Notice of Award, your new award number is NU50CK000589. Please reference this number in the subject header for all correspondence. In an effort to combine actions, I am also approving your revised budget, however, I am in need of the individual salaries of the personnel. Once received, I will be able to further process your award. Thank you SO MUCH for your patience!! I look forward to working with you in the future.

Hi Freda,

Sarah, from our program team will email the responses to the technical review to Trisia and her other CDC points of contact for this award. When the new award is available in Grants Solutions, she will upload a copy of the responses to the technical review.

Thank you so much for providing a way to get that back to the agency timely.

Sincerely,

Denise

Sorry to hear that this is still a headache. I appreciate your efforts so much.

Is there an alternative way that our program team can submit their responses to the technical review today?

Should they contact someone else from CDC for how to submit?

Again, sincere a thank you,

Denise

☹ Hi Denise,

Yes, I saw that. And unfortunately, this method was advised by the GrantSolutions helpdesk. Once I saw the final result I was livid, and searched for answers internally from other GMS that have had this experience. I will need to deobligate once again, enter a new application for your organization and reob under the new information. This action will trigger a new award number as well. I truly apologize for this inconvenience. I wish the system was better equipped to handle situations such as this.

Trisia, please keep this communication as supporting document for the reobligation that will need to occur for ACOG. They will no longer exist under CK000577. The reobligation will occur under their new application number and once the application is ready to generate, they will receive a new grant number and document number at that time. The fun continues!!

Hi Denise,

Yes, I was told that once I approve the amendment, the updates below will be reflected on the NOA (I don't know about the CAGE, I have no authority over that information) . I stress "once I approve"

001425

because at the moment, I see that the information is updated in PMS and SAM but not in GMM. However, the DUNS is linked to the EIN, so once the award is generated with the correct EIN, it should populate with the correct DUNS. Crossing my fingers, eyes and toes.

Hi Denise,

Right now I am working with the GrantSolutions helpdesk to understand the process of changing the DUNS number in their system. The EIN has been updated in PMS, the DUNS number is established in SAM, GrantSolutions is the only system now in which I am trying to reconcile the information. I was instructed to perform one action, but that action only allowed me to change the EIN. Wherein, I need to change both the DUNS and EIN. They are looking into the situation. I apologize for the delay.

I will check with the helpdesk today if they do not contact me with an update.

Sincerely,

Freda Johnson

Hi Freda,

I hope you had a good long weekend.

Any word on when we might expect the new NOA for award CK20-2003?

Hi Denise!!

I'm circling back to this issue. I will need to perform a deob/reob so please bear with me. This will be a two day process since I am correcting the DUNS number. In the meantime, do not draw down any funds until you have received the second Notice of Award in this two-step process.

Sincerely,

Hi Freda,

Thank you for your timely advice on this issue.

We agree with your view on moving the award forward and updating the DUNS after.

Please move ahead with the award creation and let me know what the helpdesk says, and we will take care of it.

Thank you,

Denise

Hi Denise,

I actually sent an e-mail back to the helpdesk asking that very same question. What would be the process if I need to change the DUNS after award? They have not responded yet but I'm assuming it would be a lot less hectic than sending the application back. Also, I have not received the green light internally to move forward with processing awards under CK20-2003. That status update was requested this morning as well. My instinct is to process the application as is, and address the DUNS afterward, especially with the understanding that pushing the application back could possibly further delay funding.

Sincerely,

Thank you, Freda,

What would the process be to change the DUNS if we go ahead and get the award printed?

I'm assuming that you need to hear from us pretty quickly in order not to delay the award, is that correct? Do you need to hear from us today?

Thanks,

Hi Denise,

Please see attached the latest information concerning the DUNS number change. It appears that we would have to back the application out of the system and re-upload it with the correct DUNS number in addition to updating the SF-424 showing the new DUNS number. How would the organization like to proceed?

Hi Denise!!!

001431

Just a quick update on the award, everything was set from my end to process the award today but due to circumstances out of my control, I will not be able to complete it today. Therefore, the award will be released sometime next week. Furthermore, since I am unable to process it today, the DUNS number should be updated in the system prior to award. Let me know if you have any further questions or concerns.

Hi Freda,

Thank you for the call and follow up information today for CDC award CK20-2003.

As we discussed on the call, please update the DUNS to (b)(4)

The EIN of (b)(4) and everything else is correct.

Also, here is the updated NICRA.

Please let me know if you need anything else.

Good Day Team!!

This action is in response to the EIN and DUNS issue that occurred with ACOG. In response, I was instructed by the GrantSolutions helpdesk to create a new application which will trigger a new grant number and ultimately, a reobligation of funds under the new award. The deobligation of funds is currently sitting at In Progress. I think this will be finalized today. Once complete, then the reobligation can occur. Let me know if you have any questions or concerns with this process.
