

SELF-ADHESIVE LABELS ARE WARRENTIED FOR 1 YEAR FROM TIME OF DELIVERY.

If at any time during this period you experience difficulty with the application of your label, feel free to contact our Customer Service Department. We will gladly assist in resolving the concern.

Storage Conditions - Self Adhesive/Ungummed Labels

- 1) Store at 20-22° C (68-72 °F) at 50-55% relative humidity (RH)
- 2) Store in flexible plastic packaging and seal to protect from dust and damp
- 3) Store away from direct sunlight and heat sources
- 4) Use a “first in, first out” (FIFO) stock rotation system
- 5) Store rolls of printed labels horizontally, not vertically
- 6) Protect the bottom roll on a stack from damage underneath
- 7) Do not hang rolls on pegs, or stack them so the core can become distorted
- 8) Reseal partly used rolls or stacks in flexible plastic packaging
- 9) Un-gummed labels should be allowed to stand for 24-48 hours in the bottling hall/packageing plant to reach environmental equilibrium (conditioning) before application
